

**Trail Maintenance  
For Primitive Area  
To Start July 1**

DETROIT—Trail maintenance in the primitive area is expected to begin about July 1st. Completion of the new section of the Sky Line Trail through the area is expected by late summer. Only the middle section of the trail between Minto Pass and Santiam Pass and a short section

just North of the Santiam Pass remains to be done.

Also scheduled for this summer, the Detroit District plans to complete under contract a short section of road and a parking area for 35 to 40 cars where the trail resumes at Santiam Pass.

Light snow conditions in the Mt. Jefferson Primitive Area indicate the popular Eight Lake Basin and Jefferson Park areas may be accessible a week or ten days earlier this year.
