Holden - Prichard Rites Held at Tillamook Church

LYONS—Azalea pink was the accent color used in the wedding of Phyllis Jean Holden and Robert Tracy Prichard at the Methodist Church in Tillamook on Saturday, June 8. The Rev. Sydney Gaither performed the double ring ceremony. Parents of the couple are Mr. and Mrs. Joy Holden of Tillamook, and Mr. and Mrs. William Prichard of Stayton.

The bride, given in marriage by her father wore an empire gown of silk organza over taffeta with a portrait neckline and long sleeves. Appliques of Chantilly lace jeweled with tiny seed pearls covered the bodice and accented the skirt, sleeves and full chapel train. Her shoulder length veil of rolled French Illusion fell from the headpiece of beaded applique lace. She carried a bouquet of white chrysanthemums and baby breath with pink rosebuds caught in lovers knots on long ribbon streamers. Her only jewelry was a strand of pearls, a gift from the groom.

Mrs. Ray Bowersox was matron of honor. Bridesmaids were Mrs. Michael Landolt and Miss Julia Whipps. They wore floor length empire gowns of pink chiffon over crepe with short puffed sleeves of pleated chiffon. Their headpieces were of tiered matching net with petals of retrimmed crystalettes. They carried arrangements of carnations and rosebuds with long streamers.

Gail Prichard of Eugene was best man for his brother. Groomsmen were Gary Higgins and John Basl of Stayton, Gary Prichard of Eugene and Dr. William Prichard of Bosie, Idaho.

The church was decorated with baskets of pink and white gladioli intermixed with chrysanthemums. Pink bows were used on the candleabra and to mark the pews of the bridal aisle.

Assisting with the reception were Mrs. Mark Sather, Mrs. Dan Sabatine, Mrs. Jerrie Ferguson, Mrs. Eugene Phillips, Miss Vickie Wallmark, Miss Barbara Smith and Miss Susan Wallace.

After a honeymoon to Victoria, B.C. the young couple is at home in Tillamook. The bride is a bookkeeper for Tillamook County Creamery Association. Mr. Prichard will begin his second year as a teacher of Biology at Tillamook High school this fall.

Work Smarter . . . Not Harder

DON'T LEAVE YOUR WHITE WOOL SWEATERS on the seat of the car, exposed to bright summer sun. Sunlight can cause yellowing and the discoloration is permanent, advises Elaine Carlson, Oregon State University Extension clothing specialist. Manmade fibers such as acrylic and nylon do not yellow.

Pastel wools may also discolor or streak. Keep all these items in an opaque garment bag. If you wash them, dry in the shade.

NEW HOMEOWNERS, are you puzzled by all the kinds of starch you see on the supermarket shelf?

Starch comes in many forms—lumps, "instant," liquid and in an aerosol can. There's considerable difference in price. But, the most expensive takes the least time. So, you have to decide what's best for you.

Call your County Extension Agent for a free copy of a

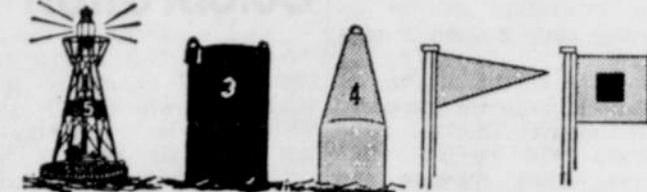

bulletin, "Be a Better Buyer of Starches." This will give you an idea of the relative prices of different types of starch. To locate the telephone number, look under your county name, agriculture and home economics extension.

HARD WATER OR RUST DISCOLORATION on toilet bowls can usually be removed with special toilet bowl cleaners. Some are powdered, others liquid. Use a toilet bowl brush to swish the cleaner around.

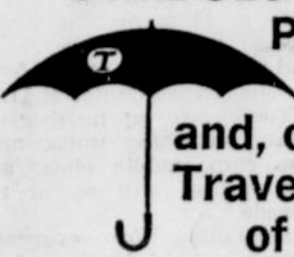

For stubborn stains, leave the cleaner in the bowl five minutes or longer before you brush it away.

Do not pour liquid chlorine bleach in the bowl if you have rust stains. This only makes matters worse.

PERMANENT PRESS GARMENTS cost more, but they may help you work smarter not harder, says Elaine Carlson, Oregon State University Extension clothing specialist. Be wary of low priced articles. Examine a garment carefully. Don't buy it if seams are puckered or if unwanted creases and wrinkles have been pressed into it. These faults don't wash out in the laundry. Look for garments with labels or tags that give laundering instructions. Buy quality and be sure to get the best garment for your money.
