### World Day of Prayer Friday, March 7 at Presbyterian Church

The annual observance of the World Day of Prayer is scheduled for this coming Friday afternoon, March 7, at 1:30 in the Mill City Presbyterian Church with Mrs. James Swan in charge of arrangements. The affair is sponsored by the women of the Canyon Community Churches, and the theme this year is "Growing Together in Christ." All men and women who wish to be a part of the world-wide fellowship are cordially invited to attend.

There will be a time for fellowship and refreshments in Fellowship Hall following the service which is open to everyone. Baby-sitting will be provided in the church school nursery-room.

Christians around the world join in prayer on this World Day of Prayer. Beginning in the Islands of the Pacific, a stream of prayer flows around the world on this day until it reaches the outer-most Islands of Alaska. It has been said, "There are no longer any remote places. There are no longer any distant people. We are now confronting the moon, the planets, the stars!"

### Virginia Carter Marries Dan Griffith At Stayton Church Saturday, March 1

LYONS — Miss Virginia (Ginger) Carter and Dan Ray Griffith exchanged their wedding vows at a ceremony Saturday, March 1 at the Church of Christ in Stayton. Rev. Byron Pickering officiated at the 4 o'clock double-ring ceremony. Miss Carter is the daughter of Mr. and Mrs. Willard W. Carter of Lyons and Mr. Griffith is the son of Mr. and Mrs. Bill R. Griffith of Stayton.

The bride, given in marriage by her father wore a floor-length gown of white silk organza with chantilly lace and seed pearls. Back fullness extended into a built-in train, long sleeves and fitted bodice. Her elbow-length veil was held in place with a crown of crystals bordered with seed pearls. Matron of honor was Mrs. Dan Humphreys of Portland. She wore a floor-length gown of burgundy velvet and carried a bouquet of pink carnations with burgundy roses and pink streamers. Bridesmaids were Luida Jacksaw of West

Stayton, cousin of the bride from Federalburg, Md. They wore floor length gowns with burgundy top and pink crepe dresses with burgundy streamers and pink velvet and net head pieces.

A reception followed in the church dining hall. Cutting and serving the three-tiered wedding cake were Mrs. Ellis Alberts of Portland, aunt of the bride and Mrs. Leo Davidson of West Stayton, aunt of the groom. Mrs. Ernest Grosso of Lyons presided at the coffee urn and Mrs. Opal Stanley of Stayton served the punch. Mrs. Leota Collier was in charge of the guest book. Taking care of the gifts were the Allen twins, Cyndi and Wyndi of Portland, Debbie Fittings of Stayton and Lisa Davidson of West Stayton. After a short wedding trip, the young couple will be at home in Salem.

Out-of-town guests attending the wedding were the bride's grandmother, Mrs. Clara Miller from Piggot, Ark., and Mr. and Mrs. L. O. Johnson of Gaston.

### Work Smarter . . . Not Harder

By Bernice Strawn  
Extension Home Management Specialist Oregon State  
SOME DURABLE PRESS SLACKS tend to become "frsted" on the creases and seams after several washings. This is due to abrasion during washing and wearing.

To help prevent this, turn garments wrong side out before washing.

CLEANING BRICK IS A HARD JOB any way you look at it. To remove the built-up black grime that accumulates on the outside of the fireplace, try one of these methods.

Scrub with a strong trisodium phosphate solution and rinse thoroughly. You can buy this at almost any drug or grocery store. Be sure to put newspaper on the floor to protect it while you clean.

For stubborn smoke stains, use steel wool and scouring powder. Rinsing is important. If this doesn't do the job, get a 10 per cent solution of muriatic acid at the drug store. Wear rubber gloves while you scrub acid on with a brush. Rinse well with clear water. Still another way is to use commercial paint cleaner. The instructions on the label should be followed.

THESE FOOD SHOPPING TIPS THAT MAKE CENTS come from Mrs. Velma Seat, Oregon State University extension food marketing specialist.

Shop your newspaper's supermarket ad for all its worth and look for specials. On your shopping list, jot down "alternates" in case one food is a better buy than another. Take time to read labels, compare brands, grades and sizes. For example, canned whole fruits make attractive salads while cut varieties in baked desserts taste just as good and cost less. Cheese prices vary. Aged natural cheeses are the highest in price; the process varieties, particularly in large packages, are least expensive per pound.

Eggs are a budget booster. A serving of two eggs can cost as little as 10 cents and make a good main dish. Day-old baked goods are usually marked way down, but are as fresh as if you'd bought them yesterday and stored them at home.

COST OF APPLIANCE SERVICE has become a favorite subject over many a cup of coffee or back fence. Automatic washers are most frequent culprits.

But from the other angle, repairmen say that from 30 to 50 percent of all calls they make to service major appliances are unnecessary. You still have to pay for the call, even though the repairman simply points out that the hoses are kinked so that the water can't drain.

If you'd like to cut down on service costs, ask your county Extension office for a free fact sheet on "How to Avoid Unnecessary Service Calls for Laundry Appliances."

CLOTHES WEAR OUT FASTER than they did a few years ago—or so some people say. If you feel that way, check up on your laundry methods.

If your washer has a control for adjusting the amount of water you use in the tub, maybe you are trying to wash with too little water in proportion to the quantity of

clothes. There's more friction and wear and tear on clothes when the water level is low.

Another thing—a scanty amount of water puts extra strain on the motor to turn the agitator. You're likely to burn out the motor.

Another reason for excess wear on clothes is incorrect use of bleach. If liquid chlorine bleach is poured directly on clothes without diluting it, the fabric is weakened. Eventually holes appear.

YOUNG MOTHERS—baby's plastic bibs, panties and aprons can be laundered in the washer. Use warm wash and rinse in cool water. Dust them with powder before storing.

Napped or fleecy articles such as blankets and sleepers should be turned inside out before washing to reduce pilling. Use warm water, slow agitation and spin speeds. A fabric softener in the last rinse helps keep them soft and fluffy. Use the low heat setting of the dryer.

For a free fact sheet, "Modern Diaper Care," call your County Extension office.

NEW HOME OWNERS—don't scour that porcelain enamel bathtub or lavatory if you want it to keep its glass-like finish. Coarse abrasives and bleach can take off the smooth finish in less than a year. The rough surface that remains is just that much harder to clean.

What then do you do? On a slick new tub, detergent will usually do the job. Or the spray type bathroom cleaners are also safe. If you can find a very fine powdered cleaner that does not scratch, this is also satisfactory—but not always available.

Once the glossy finish has been removed, there's no way you can restore it. To get it clean you'll have to resort to scouring powder.

Help prevent the bathtub ring by using a water conditioner in the bath water. Less cleaning will be needed.
