Hunter's Tune-Up SPECIAL

Don't head out on a hunting trip without having your car checked and tuned up. It will pay you to do this now. We use the Marquette Dyna-Vision Scope to diagnose your motor. This assures you of a good job.

HERE'S WHAT WE DO:

- Check cylinder compression
- Check or replace spark plugs
- Replace Ignition points—condenser
- Check and set timing
- Check distributor cap and wiring
- Check resistance ignition wiring
- Clean Fuel filter
- Adjust automatic choke and carburetor
- Check-clean and fill battery
- Check starter capacity—check charging system

DETROIT IDANHA

Detroit High school football team play OSSD there Friday, October 3rd at 3:00 p.m.

Red Asher of Detroit was admitted to The Good Samaritan hospital, Portland Sunday, September 28.

Mr. and Mrs. John Henzel of Portland, purchased a 10 by 50 foot trailer house to replace their camp trailer. Their plans are to spend weekends here in Detroit in the winter as well as the summer. The Henzels purchased the O'Brian property over a year ago.

A Mill City man G. B. Golden, employee of Idanha U. S. Plywood mill, sustained a broken pelvis in an accident at the mill about 10:30 A. M. Wednesday September 24. It is reported he was crushed between a block of wood and a piece of machinery. Details of the accident were not available. He is reported in satisfactory condition at Santiam Memorial hospital, Stayton.

Gordon Layton 46, a Sweet Home logger employed by Ray's Cutting Inc., was injured about 8:00 A.M. Wednesday September 24 when struck by a slab from a falling tree, while working in the Marion Forks area. Layton was taken to Santiam Memorial hospital, Stayton, where attendants said his condition was good following treatment of rib injuries late Wednesday.

Chukar and Hungarian Partridge Season Opens

Oregon scattergunners are reminded that the general season for chukar and Hungarian partridge will open one-half hour before sunrise Saturday, October 4. A long gunning season lies ahead for the taking of these upland game birds, with Huns and chukars on the shooting agenda through December 31.

Bag limit is 8 birds daily in the aggregate, 16 in possession. Hunters are reminded that the feathered head must remain attached to all upland game birds while in the field or in transit.

Biologists expect a good chukar season this fall but only fair at best for Hungarians. Although winter mortality took some adult birds, production this spring and summer is reported excellent.

Best gunning is expected in the Deschutes and John Day canyons; the breaks of the Powder, Burnt, and Innaha; the Snake River canyons; and drainages of the Malheur and Owyhee. The east slopes of the Steens are expected good, but elsewhere through Harney and Lake counties hunting will be spotty.

STRENGTH FOR THESE DAYS
from The Bible
So shall my word be... it shall not return to me empty. (Isa. 55:11).
God is our guide to prosperity and success, and with Him new channels of good open up for us. As we turn to God, and identify ourselves with His work, it becomes more than just a prayer. It becomes the working principle by which we live. Prayer re-centers our attention on God, and in God every prayer of our heart finds perfect fulfillment.

HOLDING IT HIGH

NEWSPAPERS HELP PEOPLE PROSPER—
This year National Newspaper Week falls the week of October 5 to 11, and we feel proud to take our bows along with the rest of the Nation's newspapers.
The function of a newspaper in informing and entertaining people is well known. But not many think of newspapers as a business, a manufacturing business that is one of the finest examples of free enterprise at work.
A newspaper must make a profit to survive. It depends upon advertisers who use newspapers in order that their own businesses can make a profit. Commercial printing, too, makes up part of the revenue producing part of most weekly newspapers, and kindly remember that the next time some big city firm comes along soliciting your work. They do nothing to help pay the costs of our city and school operation.
The entire newspaper industry is based on the free enterprise system and the American public has benefited tremendously. Thousands of newspapers exist in the United States and their independence almost guarantees freedom of the press.
We're small, but we have a large pride in being a part of the newspaper business.
