## Pollution Control Measure Supported by Oregon Industry

Oregon industry is on record favoring pollution control bonds to help enhance the state's environment.

Associated Oregon Industries, the state's largest employer organization, is actively supporting passage of Measure No. 4 on the May 26 Primary Election ballot, according to Phillip N. Bladine, AOI president.

The measure which has been referred to the people by the last Legislature, achieved unanimous sanction by AOI's board of directors.

"Measure No. 4," said Bladine, "gives the general public an inexpensive method with which to combat their share of the overall pollution problem. Specifically," he went on, "it lends the state's good credit to less fortunate local governments—and, thru

a complicated formula of state and federal grants, provides for self-liquidating anti-pollution facility construction at a minimal cost to property taxpayers."

Bladine said the AOI board studied all six measures scheduled for the Primary ballot and the pollution control measure was the only one to receive endorsement at this time.

In a two-day session January 30-31 at The Village Green in Cottage Grove, AOI leaders also heard progress reports on the governor's Management 70s Task Force on Governmental Reorganization and the Higher Education Management Review and Analysis.

Funded by the Legislature and being conducted by War-

ren King & Associates of Chicago, the higher education survey is similar to the AOI-inspired Business Task Force on Education conducted a year ago. That study was financed by private industry and disclosed possibilities for up to \$22.6 million in savings in Oregon's public grade and high schools annually.

State Department of Education currently is completing a feasibility study of Task Force recommendations and many already are being implemented throughout the state.

Preliminary reports indicate similar economies are likely in higher education, Bladine said.

AOI is governed by 66 officers and board members. Among those representing the Marion County area are J. R. Banks, Allstate Insurance; Richard H. Barger, Blue Lake Packers; Robert H. Hamilton, Eyerly Aircraft, and Larry Moore, Commercial Book Store, all of Salem.

### Lyons Church Women To Collect Clothing For Vietnam Children

LYONS—The Lyons Womens Society of Christian Service was hostess for the District offices Tuesday with a one o'clock luncheon held in the dining hall of the United Methodist church, followed by a short business meeting opened by devotions by Mrs. Florene Darling, Mrs. E. L. Roye was appointed chairman of a clothing drive especially for children, to be sent to Vietnam in care of Richard Mooney.

Plans were discussed on making tamales, and was tabled to another meeting. District officers present were Mrs. Willard Drechsler president, Treasurer, Mrs. Al Velkey, Christian Social Relations, Mrs. Roger Hagerted and Missionary Education, Mrs. Harry Riches. Local members present were Mrs. E. L. Roye, Mrs. Alex Bodeker, Mrs. Ethel Huffman, Mrs. Lenard Cruson, Mrs. Estelle Spiva, Mrs. Glen Julian, Mrs. Clyde Bressler, Mrs. Marion Clark, Mrs. Florene Darling, Mrs. Hugh Johnston and Mrs. Van Pritchard.

### Census Workers Being Hired

Ronald Blundell, district manager of the 1970 Census of Population and Housing, has put out an urgent appeal to residents of the area for help in taking the census.

Census takers are needed: people who can work three to five weeks in April and May visiting homes and interviewing some number of the household. The District Manager says that every effort will be made to assign census takers to their own neighborhoods or those nearby.

Pay will be on a piece rate basis, designed to average \$2 an hour, but as the District Manager pointed out, earnings will vary depending largely on the diligence of the individual census takers. Some will earn well above average, while others who work less effectively will earn less.

Census takers must be U. S. citizens, 18 or older, and must pass a written test demonstrating their ability to understand and follow printed instructions, and do simple arithmetic. It is desirable but not required that applicants have available a home telephone and a car.

The Census Bureau is an equal opportunity employer.

If you would like to help take the "big count" of the Nation, interested persons contact: U. S. Census Office 0705, 443 Union St. N. E., Salem, Or. 97301. Phone 585-7316.

Follow up information will be sent to you for personal contact with a Census Representative.

## Shouldn't you have the best kind of heating system in your castle?

The best is electric, you know. It's comfortable, even heat. It's flameless, clean and soot-free. It won't dirty up walls, drapes or furniture.

Electric heat is an economy. It doesn't cost a king's ransom to install and operate. And when everything in your home, including your heat, is electric, you have only one monthly bill to pay for all the comforts and conveniences that go to make up modern living. (We even have an Equal Payment Plan to help you budget your electric service over the entire year!)

When you add it all up, there is no better way to protect your home investment than with a modern electric heating system. So call your local PP&L office right away. Ask one of our Chill Chaser heating specialists for the straight story on converting your castle to electric heat. There's no obligation, of course.
