

WOTE YES! MARCH 10 for Chemeketa COMMUNITY COLLEGE

4 out of 5 Committee

The Chemeketa Community College 4 out of 5 Committee urges all residents of the four-county Mid-Willamette Area Education District to support your community college on March 10. The Chemeketa 4 out of 5 is a group of individuals representing the post-high school educational needs of the community. Approximately 80% of our high school graduates do not complete a four-year post high school educational program. This 80% of our people can benefit directly from your support.
