LETTERS TO THE EDITOR

DEAR SIR:
Each year the Canyon Leader's Association of Camp Fire Girls conducts a drive to raise funds for a campership program which enables many deserving local girls to attend a session at Camp Kilowan during the summer. The response to this drive is always very gratifying, and the willing support of our local businessmen and service clubs is greatly appreciated.

It has recently come to our attention that some recipients of the camperships were offended because they felt that by being chosen to receive the campership, they were being designated as "in need of financial assistance to send their girl to camp". We would like to stress the fact that many things besides financial need are taken into consideration by the committee in the choice of recipients, and that some camperships are given as awards to girls who have shown enthusiasm and a deep desire to participate in and contribute to the Camp Fire Program. We certainly do not wish to embarrass any family and hope that the camperships are received in the same spirit that they were given—as a means of providing girls with the opportunity of experiencing a rewarding and unforgettable stay at camp.

Sincerely yours,
Canyon Leader's Association,
Marilynne Drynan.
