Up and Down The Avenue

By Don Moffatt

On page 6 of this issue there is a letter written by Scott McCurdy of Eugene. He at one time attended school here, and is the son of Mr. and Mrs. Ralph McCurdy, a former U. S. National Forest ranger, when the office was located in Mill City. Scott is taking me to task for being a "radical." He may be right to a certain degree, but I do not think that I am so radical that I can't see the other person's point of view. He said I should not have called those who disrupted things at Disneyland "bums," or "hippies." He said they were "Yippies." I suppose there is a difference, but, ever since I was a youngster the term "bum" was used to describe a person who was unemployed when jobs were available, a floater, a loafer in many instances, or one who was not contributing his share, or anything in general, to the economy or well-being of the country. There is a difference in my belief between calling a policeman a "pig" than calling a hippie or yippee a bum. The policeman stands for law and order of the society, and deserves the respect of every good citizen in our country, no matter what stand the public may take. The hippie or yippee most usually is not too concerned with laws of the land. I appreciate the fact, Scott, that you take time to be concerned about what is written and spoken in our country today. Unless young people like yourself do take this attitude of concern, then our country will be in real trouble.

Possibly some of us spend too much time wondering where our world is heading. Just to break the monotony, here is a little joke I found in the Granville, N. D. Herald, the newspaper where I served my apprenticeship years ago.

"Did you hear about the fella standing along the highway with a weary thumb asking for a ride? Seems a man in a big Cadillac stops and sez, 'hop in.' The guy sez, 'just a minute,' and reaches into the weeds behind him and pulls out a bicycle. The man sez, 'don't put that thing in here—I don't want my new car full of rust and dirt.' 'But, tell you what I'll do. There's a rope in my trunk and you can tie that to the bicycle and my trailer hitch and I'll pull you down the road.' 'And sav, here's a whistle that my kid left, so if I pull you too fast, or you have any trouble, just blow, and I'll stop.' So, they start down the road. Pretty soon a Volkswagen passes him in a cloud of dust. This irritates the Cad driver, and he forgets about the guy on the bike. He charges after the Volkswagen, and about the time they're both doing about 90 miles an hour, a sitting patrol car clocks them. The patrolman radios ahead to his buddy up the road and sez, 'there's a Volkswagen coming your way doing about 90 miles an hour. There's a Cadillac coming up behind doing about 95. But, here's something you'll never believe. There's a guy on a bicycle right behind him and he's blowing a whistle trying to pass!'"

This one comes from The Oregon Voter: "A recent survey of 5,000 college students at 39 campuses turned up the information that 20 percent of those surveyed were thinking of leaving the U. S. The taxpayers could get a real bargain by offering to buy one-way tickets to Russia, North Korea, Cuba, or Red China for these anti-Americans. As for us, we wish them a hearty bon voyage!"

Football Men Begin Getting In Condition

Santiam High School Wolverine Football squad is getting ready for the fall season. Coach Gerald Gibson said the first week of practice will center attention on the athletes. He said "we are going to try to raise a two-platoon system. The deciding factor, of course, will be if we can come up with 11 boys who can play offense and 11 who can play defense." Saturday at 6 p. m. a scrimmage will be held to determine if the two platoon system can be used in the first game with Stayton here September 11. Santiam has 12 returning lettermen this year. They are Tom Rush, Rick Posekany, Herb Carpenter, Mike Elliott, Dan Derby, Jim Story, Allen Severs, Gary Richards, all seniors; John Ruby, Paul Freeman, Gordon Plotts and Jim Lyness, Juniors; J. V. players are Clint Herron and Pete Hawley, Seniors; Rodney Luke, Craig Stevens and Loren Hagen, Juniors, and Darrell Plotts, Ron Podrabsky, Lerov Shepherd, Dick Gruver and Gary Hennes, Sophomores. Those out for their first year of football are David Pitam, a Senior; Kurt Carpenter, and Gary Taylor, Sophomores, and Matt DeMain, Gary Moberg, Russ Budlong, Craig Blackburn, Floyd Peterman, Rob Bennett and Jerry Grant, Freshmen.

Space Age Clock Displayed at Bank

A clock made of Titanium, the exotic metal used in the space flights to the moon, is on display at the conference room of U. S. National bank in Mill City. Norman Moore, of Albany used molten titanium to fashion the decorative time piece. The clock is being displayed by Mrs. Bill Banks. His uncle, Thurman Banks (and his son, Murray, are associated with Mr. Moore in the shop. Bank Manager John Fohl said the conference room is open during banking hours, and residents are invited to step inside to see the clock.

Pat Moore Gets

Marine Promotion
ALAMEDA, CALIF. — August 18—Marine Lance Cpl. Patrick W. Moore, son of Mr. and Mrs. D. W. Moore Jr., of 1104 S. W. Spring Street, and husband of the former Miss Ruth E. Stafford of 327 Alder, all of Mill City, was promoted to his present rank while serving at Marine Barracks, Naval Air Station, Alameda.

Bowling Leagues Now Being Formed at N. Santiam Lanes

The fall and winter bowling leagues are now being planned and the management of North Santiam Lanes feels that the 1970-71 bowling season will have more in store for the bowler than ever in any past season. Three new leagues are being added to complete a well-rounded schedule to meet the bowling need of everyone. A new Monday morning league made up basically of new and low average bowlers is forming. It will consist of four ladies on a team and there are still openings for individual and team reservations. A ladies' trio will bowl on Tuesday mornings. This will be all new bowlers and will begin with a six-week instruction and class schedule before the league is formed. For the first time in several years, North Santiam Lanes is planning a league for night-

At Big State Fair

The Duane Dancers, San Francisco's leading dance line, are featured in the Grandstand Stage Revue at the Oregon State Fair nightly from August 29 through September 6. Oregon's Big One—the State Fair—has a ten-run from August 29 through September 7 in Salem.

Lots of Excitement in City of Lyons

By Eva Bressler
LYONS—The little old town of Lyons isn't what it used to be. Just can't leave your doors unlocked. The Thursday night kidnaping and robbery of Bernie Lulay was quite a scene of destruction. He was beaten, robbed and his mobile home damaged as was his car. Shrubbery at various homes nearby was destroyed. Ward Slover of the Sheriff's Mounted Posse was able to hold the fugitive until Richard Grossnicklaus arrived on the scene. A week ago one of the Lyons Firemen was engaged in a fist fight when accosted by an irate resident. Why? Just excitement. However, he didn't come back for more. Another scene was a man beating his wife, who appeared in the nude, trying to escape injuries. The City Library was broken into a second time. The family involved was asked to vacate, so now maybe we will have a little peace and quiet.

Christian Church Camp Out at Elk Lake

A group of adults and young people left Tuesday evening from the Christian church for a three-day campout at Elk Lake, under the direction of the minister, Rev. Charles Fultz. This campout is taking the place of the usual Vacation Bible school.

Out-of-State Foresters See Local Method

A group of 17 Olympic National Forest personnel comprised of District Rangers, Timber Management Assistants, Engineering Staff and Timber Staff were on the Detroit Ranger District, August 19 and 20, to observe and study Skyline logging operations and methods of yarding un-utilized logs. LaVerne H. Behrens, Timber Staff Officer and E. Gale Larson, Timber Management Assistant of the Detroit Ranger District conducted the tour of several logging operations in the area. They viewed Cal-Mar's Skyline logging on the Eagle Rock and Fisher Point Intermediate timber sales. A trip was made to the Bugaboo area where Pyramid Logging Company is yarding un-utilized material, and to Bruno Mtn., which was logged in 1962-63 where the first known operation of this kind was done. Yarding in un-utilized logs is done for a two-fold purpose: (1) to prepare the ground for regeneration and (2) to reduce fire hazard in the area. Such logs are hauled into a landing to be stacked until weather permits for burning which cuts air pollution. Jim Wettergreen was among the Olympic National Forest men. He is on the Transportation Planning Team having transferred from the Detroit Ranger District, in where he was a Presale Forester.

Jobs Wreck Trailer House on Vacation

LYONS—Mr. and Mrs. Robert Jobe are home safe and sound after another accident. Mr. Jobe said "Jobs did it again, wrecked another trailer house." They were enroute home from a fishing trip near Astoria on Interstate 5 when a tire blew out on their car, causing the trailer to jack-knife and eventually it slipped off the chassis, completely demolishing it. He said it cost them \$50 to have it hauled away. Two years ago Mr. Jobe, on another fishing trip, was asleep in the trailer when it caught fire, which caused a total loss. He escaped without burns but was hospitalized with a heart attack. The Jobes say fate has been good to them and are counting their good fortunes and are going to try it the third time. They have purchased another trailer.

Teaching Staff of Local Schools Begin September 1. Schools To Open Here Monday, September 8th

Wesley Jahn, new school superintendent at Santiam today said that all teachers will report September 1 for in-service at 9 a. m. at Santiam High in Room 3. The working day will be from 9 a. m. to 3 p. m. for all preschool in-service day. On September 3 the elementary teachers, Kindergarten through Grade 6 will report to Albany Union High, and Grades 7 through 12 will report to Lebanon Union High. Following is a list of the teachers for the 1970-71 school year. New teachers in high school are James Lewis, a 1970 graduate from OCE, who will teach English and Speech. Andy Leisinger, a 1970 graduate of Oregon State will be utilized as a teacher's aide in both the elementary and secondary levels in the Industrial Arts and Drafting departments.

New faculty members at the Gates Primary and the Mill City Elementary schools this year are Mrs. Don (Carol) Cree, 7th and 8th grade English; Miss Jeanette Opoka, 5th grade; Miss Mary Schmelling, 1st grade; Miss Opoka and Miss Schmelling are 1970 graduates from Marylhurst College and Eastern Oregon College, respectively. Mrs. Cree is the former Carol Ragsdale and taught last year at Selco.

Other staff changes involve Doris Williams going to Gates to teach 3rd grade and add strength to their music program, and Marion Dorothy will be teaching a fourth grade class at Mill City Elementary this year.

Other high school teachers besides the new one listed are: Burton Boroughs, principal;

Helen L. Cox, Library; Gerald K. Gibson, Boys' Physical Ed.; Fred W. Gruver, Math-Physics; Spencer J. Hillesland, Band-Chorus; Ben J. Jones, Counseling; Sherrie S. Leisinger, Home Ec; Richard S. Moore, Social Studies; Judith K. Parent, Business Ed.; O. G. (Bid) Sanders, Social Studies and Languages; Doris M. Sheythe, English-Counseling; Bert Wells, Science; Marion E. White, Girls' Physical Ed; Donald L. Williams, Industrial Arts; and

Gerald W. Detering

Rep. Detering Dies of Heart Attack Sun.

By Don Moffatt
Linn County lost one of its top citizens Sunday when State Representative Gerald W. Detering died of a heart attack while he was directing harvest work in their orchards near Harrisburg. Mr. Detering, who was 65, was seeking his fifth term as state representative. He was first elected in 1962. Gerald, as he was known by his many friends of both political parties in this area, was a legislator who the people here trusted and respected. He instigated a "bring the legislators to the people" program here several years ago. He, with Representative Bill Gwinn and State Senator Glen Huston made several trips to Mill City and used The Enterprise office to meet and talk with constituents. People enjoyed his manner of meeting and listening to their individual problems. He did his job in the legislature to the best of his ability.

He was a Republican and had served as chairman of the Agriculture Committee and was a member of the House State and Federal Affairs Committee and the House Highways committee.

He also had a record of public service in his home community and had spent some 30 years on local and county school boards, the Oregon Council on Crime and Delinquency and several governor's committees.

Mr. Detering was a devoted family man, and loved to work in his orchards. He will be greatly missed by his family and the many friends he has made throughout the state during his service in the Legislature.

Funeral services were held at 1:30 p. m. Wednesday and interment was in Restlawn Memorial Park, Junction City. He is survived by his widow Marie; sons Roger, Harrisburg, and Stanley, Reno; daughters Geraldine Githens, Harrisburg, and Dorothy Detering, Beaverton; sister, Mrs. Henrietta Caldwell in British Columbia; brother, James, of Junction City, and Ralph and Fred of Harrisburg, and 10 grandchildren.

Robert T. Williams, Math-Science.

In the elementary schools, besides the new teachers, are Vernon L. Peterman, principal; Alice M. Smith, Library; Albert R. Glover, 8th grade, vice principal; Mary H. Wright, 8th grade; Roger A. Mink, 7th grade; Herbert C. Bastuscheck, 6th grade; Beulah F. Bowes, 6th Grade-Art; Leo A. Poole, 6th Grade-IMC; Wallace Hovey, 5th Grade; Jeanette Opka 5th Grade, and Sigrun E. Grimstad, 4th grade.

Returning teachers at Gates are Olive Barnhardt, 1st grade and vice principal; Wilma A. Stenbeck Gwen F. Schaer and Thelma Phelps.

Registration of first through eighth grade students new to this district is scheduled for August 31 at the Mill City Elementary school between 8 a. m. and 4 p. m. This will not involve students attending last year or the preschoolers who registered in May.

Santiam High school will open its doors on September 8. Registration and the renewal of old acquaintances will be the first thing on the schedule. Students will pick up their registration materials and proceed to their task of scheduling and payment of fees. Fees will be the same except for an increase in the annual to \$5.00.

Parents can assume that fees will be from \$25 to \$35 for each student.

An abbreviated schedule will be run after an all-school assembly.

Classes will start with full periods Wednesday, starting at 8:20 a. m.

New and transfer students to the area can register before school opens if they should want to explore the schedule early. Parents desiring answers to questions can call the high school office between the hours of 8:30 a. m. and 4:30 p. m.

A data processing class will be taught at a minimum level by the business education department. The school district has also purchased a used computer jointly with Stayton High for a minimal fee to be used one semester by each school in the math and business education department.

The bus time and route schedule will remain the same as last year to begin with. If any problems are evident, some changes are necessary because of the new "standby" law, parents will be notified in advance of the change. Wesley Jahn, the new school superintendent, has had nine years of teaching experience and four years of administrative experience. He had recently moved to the area from Union, where he was Superintendent of the 7th District plus high school principal.

School Districts Get Basic School Support Funds

In accordance with provisions governing the distribution of the Basic School Support Fund, the Oregon Board of Education, School Finance and Statistical Services, has forwarded warrants covering the August 15 payment to the Linn-Benton Intermediate Education District office for distribution to the districts. This is for the 1970-71 Apportionment year.

Administrative District 129J, Mill City, received \$23,114.75 and District 29J, Mari-Linn received \$9,381.22.

This payment represents approximately 25% of the estimated Foundation Program and Transportation Apportionment, less growth as determined through the use of preliminary data submitted by the districts.

Axel Anderson Has Heart Attack Tuesday

Axel Anderson suffered a heart attack at his home here Monday evening. The Mill City First Aid car was called and he was then taken to a Salem hospital by the Lyons ambulance.
