

**QUADRASONIC  
8-TRACK  
4-CHANNEL  
CAR STEREO TAPE PLAYER**

MODEL C-990

You are in for a totally fantastic listening experience with the all-new C990 Audiovox Quad car tape system. It is total involvement in sound — music recorded in four different discrete channels, amplified by four separate amplifiers and played through four speakers.

**CASSETTE 8 ADAPTER**

The CA-1 is foolproof. Requires no installation, and costs nothing to operate. No battery is needed, as the CA-1 draws its power supply directly from the tape player. Change cassettes easily, without fumbling around while you drive. Cassettes can be changed without removing the CA-1 from the tape player. Pops up automatically.
