GUARANTEE

All Universal dinnerware and kitchenware, including refrigerator pieces, are guaranteed against checking or glaze cracking (commonly known as crazing), or any damage to the glaze or decorative treatment resulting from exposure to heat or cold. This does not include ware exposed to an open flame or to any direct source of heat. Universal Oven-Proof Dinnerware and Kitchenware may safely be transferred directly from a cold refrigerator to a heated oven. Universal Oven-Proof Dinnerware and Kitchenware is regularly tested for one hour under 150 pounds live steam pressure, then immersed in 50-degree water — a test more severe than three years of hard kitchen use. **MADE IN U.S.A.**
