**FBLA Activities Explained**

For months, residents have been hearing about FBLA. As a result, you might have been asking yourself, "What is FBLA?" Well, FBLA stands for Future Business Leaders of America, which is a national organization designed to promote better business skills, understanding, and sense of leadership.

This year the Santiam Chapter of FBLA is already busy planning their activities for the ensuing year. Some of these activities include: a membership drive which will climax in an initiation later in the year, the "label campaign" to aid members in attending the state convention, a "lick birth defects" sucker sale will be started this month for the March of Dimes with a goal of \$50, the car wash on Oct. 18, a candy sale to augment convention costs, the Western Regional Convention in November, and the District Skills Contest in March, where members compete for prizes.

As one can see, most of these activities concern money, this is because it costs approximately \$50 for each member to attend the state convention in Portland.

FBLA wants to become an integral part of this community and hopes it will aid them in their activities.
