LOCAL NEWS.

Lovely weather.

Bobby didn't get here.

And still they come—the mosquitoes.

Col. J. N. T. Miller was in town during the week.

Eggs as scarce as hens teeth in Lakeview just now.

The mocking bird still warbles his little warble in the lane.

Lakeview is to have a show, after all. It isn't Bobby's show, though.

Freight teams still continue to roll through Lakeview, bound for Paisley.

Good suits of clothes at C. U. Snider's from $8.00 to $25.00. Call and see them.

Call and see those puff boxes and puffs at the Cash Drug Store—they are daisies.

Uncle Joe Robnette, E. Lopen and R. R. Tandy were in town last Monday.

The "boys" returned from the races at Paisley in good spirits, and all say they had a first-rate time.

Uncle Joe Robnette has purchased and brought to his place on Pine creek a thorough bred Maltese jack.

The gentle house-fly now casts his inquisitive and inquiring eye towards the bald-headed gentleman.

"Uncle" Billy Cloud, was in town during the week. He is doctoring for that same old snake bite.

Willace Barnum passed through town during the week with a load of freight for Mr. J. P. Cochran, of Paisley.

If you want a really good cigar, just try a "crown noble." J. Frankl & Co., received the first invoice this week.

Mr. and Mrs. J. A. Glidden, of Modoc county, California, made the EXAMINER office a pleasant visit last Thursday.

Anybody who says that it isn't summer time in, around and about Lakeview, is a base prevaricator and truth-twister.

Ladies, look out for C. U. Snider's new arrival of ladies and misses trimmed and untrimmed hats, of the latest styles.

Read V. L. Snelling's ad. under head of "new this week," and if you need anything in his line, give him your order.

Messrs. J. Frankl & Co. received the first freight of the season last Monday. It was brought in by Mr. Louis Rhodes.

Bobby McGinley is still coming—and so is Christmas, with the chances strongly in favor of Christmas coming in ahead of Bobby.

Henry Newell says he has to hold his breath while crossing Quartz valley, on account of the clouds of mosquitoes that fill the air.

Rev. H. M. Henderson will hold divine services at the court house in Lakeview on Sunday the 29th of June at 11 o'clock A. M.

Our genial friend, Mr. John Simmons, is still on deck at the Lakeview House, and always dishes up to his guests all the delicacies of the season.

Hon. J. H. Evans is engaged in hauling lumber from the Summit sawmill with which he is putting his bay barn in order for the now crop of hay.

Mr. Richard Mason of New Pine creek, made Lakeview a visit Thursday. Dick reports everything lovely in and around that thriving little village.

Grizzlies are still killing cattle on the Sprague river range, hardly a day passing but what a cow or steer is found that has been freshly slaughtered by them.

Be sure and read Mr. A. Snider's new ad. this week. It will be seen that he has a new stock of goods, and has marked them down to the lowest possible prices.

The Goose lake rodeos will meet at the Cap. Barnes place on June 26 and commence work on the 27th, and they give notice to all parties interested to be on hand.

The familiar countenance of Alex Buckhart is again to be seen on the streets of Lakeview. Alex is now manipulating the hammer and pegs for Uncle Amos Cogswell.

Soon the wild and wooly cowboy, mounted on the hurricane deck of the frisky broncho, will make the slick-ears think this is one of the times that they didn't read about.

Just arrived at the Cash Drug Store, a full stock of patent medicines, diamond dyes, Lubin's perfumeries, ladies hair powders, infant powders, and druggist's sundries. In fact, the finest stock of the kind ever brought to Lakeview.

Bud Thompson, brother of Geo. Thompson the democratic candidate for joint senator, is spending a few days in Lakeview. He expresses himself well pleased with the appearance of this country and we hope he may conclude to remain with us.

Rev. L. E. Henderson, of Willow Ranch, made us a visit last Monday. He reports crop prospects splendid in his neighborhood. Mr. Henderson is agent for the EXAMINER in Modoc county, California.

Col. J. N. T. Miller will drive his horses from Warner valley, where they are at present, into the Stein mountain country. Mr. Miller has one of the finest bands of horses to be found anywhere in southeastern Oregon.

J. W. Howard is making a vast improvement in the looks of his store building by covering the former somewhat-doubtful color with a coat of paint. If you want to find Joe when you come to Lakeview, look for a store with a brown front—that's where he holds forth.

If you want to see one of the neatest drug stores in southern Oregon, just call at Dr. Wright's Cash Drug Store, now that he has his new goods displayed. The Dr. evidently knows what the people want in his line and can furnish anything from a box of pills up to the nobbiest toilet articles to be found anywhere.

Since the departure of the editor for Fort Jones, the printers have experienced quite a serious time knocking down and dragging out measly clams who think they can bulldoze the fellow that takes pills and hunts badgers but never even gets a smell.—*Linkville Star.*

Perhaps you didn't take a big enough dose of pills, boys.

Mr. J. H. Clark and family passed through town Monday last on their way to Spokane Co., Washington territory. Mr. Clark has made many friends during his residence in this country, who hate to lose so good a citizen, and all join in wishing him success in his new home. His son, W. C. Clark, Klamath county's assessor, also accompanies him.

A shooting scrape occurred at Wagontire a few days since, in which Foster came near shooting Brown. The fact that unfriendly feelings have for sometime existed between Foster and Brown growing out of land troubles, leaves the opinion with many that the shooting was intentional, notwithstanding Foster declares that it was accidental.

The familiar countenance of our old time friend, Mr. Samuel Lofton, is once more to be seen in Lake county, he having returned to make his home among us. Mr. L. has been residing in California for some time past, but he says there is no place like Goose lake valley, after all, so, after staying away as long as he could stand it, he has returned to his first love.

Louie Rhodes arrived at Lakeview last Monday with a load of goods for J. Frankl & Co. He reports having had a rough time getting through the mud in Fandango valley. Teams with freight for A. Snider, C. U. Snider and Dr. Wright, are scattered along the road from the head of Fandango valley to Willow Ranch and will not be able to reach Lakeview before this evening or to-morrow.

Mr. John Vincent, of New Pine Creek, was seized with a stroke of palsy last Sunday. Mr. Vincent had been out walking, and began to feel the stroke approaching. He made his way back toward the village, his strength holding out until he gained the street in front of Mr. J. R. Hamersly's residence, where he fell to the ground, unable to proceed further. He was carried into Mr. Hamersly's house, where he now lies, in a very critical condition. Mr. Vincent has lived in Goose lake valley many years, and is well known by all our citizens, who are deeply grieved at his sad misfortune.

Poisoning squirrels is one of the things a boy can do as well as a man, and lots of boys in this valley are engaged in killing the pestiferous animals. One boy was told recently to gather up all the dead squirrels he could find and bury them. He did so, assisted by a little sister. After the job had been accomplished, the little girl came into the house and told her mother George had buried the squirrels, and had preached a funeral sermon over them. On being asked what he said, she remarked she could not remember all he said, but the close of the sermon contained something about "little devils!"

Notice to Teachers.

Notice is hereby given that I will hold a teacher's public examination in Lakeview on Saturday, June 28, 1884.

Fire in Alturas.

From an extra issued by the *Northern Picket*, we learn that our sister city of Alturas had a blaze last Wednesday night, the Estes building burning to the ground. The origin of the fire is unknown, but is supposed to be incendiary. The *Picket* gives the loss at something near $14,000.

Lake County's Financial Standing.

Lake county has but $420.58 of outstanding warrants with more than sufficient means in the treasury to pay all of them whenever presented; besides there are several hundred dollars taxes not yet collected. This is a good showing for Lake county and one which should encourage those seeking homes to give this part of the state some attention. We expect to be able to publish a tabular statement of the county resources and expenditures for the last year, on the first of July, giving an official statement of financial condition of the county.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price twenty-five cents per box. For sale at the Cash Drug Store.

For Silver Lake.

The West Bros. of West valley started their teams from here on Monday for Silver lake. The wagons were loaded with household effects. The Silver-lakers are to be congratulated upon the accession to their population of the West boys, and their many friends in this county sincerely regret their departure.—*Northern Picket.*

Off for Webfoot.

Uncle Billy Tandy passed through Lakeview on his way to Eugene City last Wednesday, taking with him his two nieces, Miss Juda Harlow and Miss Edith Snelling. Miss Harlow is returning home. Miss Snelling will return to Goose lake after a few weeks visit with friends in the valley. We join their many friends in wishing them a pleasant trip and speedy return.

The N. & O.

Operations on the N. & O. have ceased for a short time, in consequence of having to send the little engine, Santa Cruz, to the Carson shops for repairs. As soon as the engine is put in good shape, everything on the road will be put in motion again. There are good reasons to believe that the contending companies will come to an agreement at once, so that the road can be extended north before the summer is over.—*Reno Democrat.*

Paisley Races.

The race at Paisley on the 14th between Rimrock Belle and Telegraph at five hundred dollars a side, was quite hotly contested, though the race was won by Rimrock Belle in good style. Owing to the rain the track was not in first-class condition for running. Rimrock Belle is owned by Peter Withers of Paisley, and Telegraph is a Prineville mare. Another race was run at Paisley on the 17th between Rimrock Belle and Mattie K. for two hundred dollars a side. Mattie K. was victorious, winning by about four feet. Mattie K. is owned by N. A. King, of Chewaucan.

The Northern Picket.

We are pleased to acknowledge the receipt of the initial number of the *Northern Picket*, which reached us last Sunday morning. The *Picket* is a four page, seven column paper, published at Alturas, Modoc county, California, by Messrs. Coffin & McClellan. In politics, it is democratic. Is well filled with general and local news. Its make up and typographical appearance displays the mechanical skill, in which Mr. Coffin is unsurpassed on the Pacific coast. We bespeak for it what it richly deserves—the hearty support of all sections, and hail it as one of the most valuable of our exchanges.

Bancroft's History of the Pacific Coast.

Mr. J. E. Smith, authorized agent for Hurbet Howe Bancroft's historical works is now canvassing Lake county for subscribers to this valuable work and we hope with results satisfactory to himself and to the author of this great work. The expressions of esteem from the most learned and eminent men of America warrant us in recommending it. The easy terms of subscription places it within the reach of everyone. No family library is complete without it. The New York *Sun*, says: "One of the most colossal literary undertakings projected in our own or any age, is the 'History of the Pacific States of North America,' to which for a quarter of a century Mr. Hubert Howe Bancroft of San Francisco, has applied all the resources of an ample fortune and a well stored, vigorous and high aiming mind."

LAKE CITY ITEMS.

It still rains.

There are a few strangers in town.

The gardens all look nice. Plenty of weeds.

Our town is very dull but there are no vacant houses here.

The marriage boom has died away, but it will start up again this fall.

Mr. Joel Wilson of Alturas, is in town. He will remain until after the Fourth of July.

Mr. Jake Wimer will be in this week from Reno, with a load of freight for Mr. A. M. Hamlin.

We have a very interesting Sunday School here. Mrs. Florence Woods is superintendent.

Mrs. Ella Thomas commenced the summer school here a week ago. She gives satisfaction to all.

Mr. C. A. Pease, our school teacher, started for the city last week where he will spend a few weeks.

There will be plenty of fruit through out Surprise valley this season, if we should be so fortunate as not to have any frost.

Miss Lottie Thorpe had a cantata in Mr. H. M. Hamlen's hall last Friday evening. Had a little dance afterwards. The time was passed away very pleasantly.

We will have a grand time here on the 19th and 20th if it does not keep on raining. McGinley's show will be here during the races and he will also play for the dance on the evening of the 20th.

SALLIE X.

Lake City, June 15, 1884.

Damage by Hail.

Some of the fruit trees in Surprise valley suffered injury from a heavy hail storm last week. The young fruit was broken from the trees by the force of the storm. How serious the damage has been the *Picket* has been unable to learn.—*Northern Picket.*

For Sale.

For sale: My entire stock of about thirty thousand trees and plants, for sale cheap. I will sell my entire lot of nursery stock at a very low figure to any man that wishes to engage in the nursery business. I have a good selection of summer, fall and winter apple trees, also pear, plum and cherry trees, shade trees, and a general assortment of small-fruit shrubs, all for sale, as I want to close out my nursery.

WM. DODSON.

SUMMER LAKE NOTES.

The rain has finally ceased but we have had lots of it and the ground is well saturated.

Everything growing luxuriantly. Fine prospects for crops. Farmers in high hopes.

Jas. Bonham has the boss alfalfa patch in this section.

Sheep-shearing has been progressing rather slow on account of so much wet weather.

Wm. Hill and Lafayette Moore arrived last week from the Dalles with their respective loads of freight for J. W. Belknap.

Mr. Rowland of Paisley, has returned from Silver lake.

Quite a number of Summer-lakers attended the race last Saturday. I am told everything went off pleasantly.

The young men of Silver lake have a novel way of obtaining a girl's consent to go buggy riding with them. They offer to bet with the young lady that she won't go with them and if she takes the bet it is considered equivolent to giving here consent. The boys call it a premium on buggy riding.
