Farewell Concert To-morrow Night.

Remember the grand farewell concert to be given in honor of Prof. A. A. Graham at the opera house to-morrow (Friday) evening. The brass band, orchestra and Mandolin club will take part, and the program promises to be an interesting and lively one. Prof. Graham intends leaving Lakeview next week and our people should turn out and give him a good benefit. There will be a free dance after the concert to which all are cordially invited. Admission to concert 50 and 25 cents.

Novel Irrigating Scheme.

H. C. Levens is the leading spirit in a novel plan to irrigate the sagebrush lands of Harney county. The proposition is (and the contract has been let) to sink a well in the center of each section of land located so that the water from one well can be put on each quarter section. The water will be pumped into large reservoirs with a traction engine.

By this means the one engine will furnish power to raise the water on these several sections that have been filed on by the promoters of this enterprise. In order that no time or energy shall be lost it is also proposed to attach a 12-foot sickle bar to the engine, by means of which the virgin sagebrush forest will be cut down as the iron horse moves from place to place.

Notice to the Public.

I hereby give due notice that J. M. Parrish has been installed as my foreman in place of J. N. Givan and is the only one authorized to transact business or contract debts on my account in Lake or Modoc counties.

GEORGE W. MAPES.

School District No. 9.

The following pupils of district No. 9, (Crooked Creek) were perfect in attendance and excellent in deportment and scholarship for the month ending Sept. 7, 1900: Clarence Rhinehart, Lena Loveless, Iva Benetiel.

ALMA G. JOHNSON, Teacher.

The Redding Free Press says that the Chicago, Burlington and Quincy Railroad Company, lessee of the Oregon Short Line, have run a survey line across Harney, Lake and Klamath counties from Idaho to connect with the Oregon Midland, and that the Midland will continue west to Eureka. This is the first intimation of such survey that has come to the knowledge of Lake county people.

It is rumored on good authority that the Armour Packing Company has recently contracted with the United States Government for six million pounds of live beef to come from the Pacific Coast for use in China. That will represent 12,000 head of cattle averaging 500 pounds each. Cattlemen on the Pacific Coast will have to hustle to supply the demand.

The Siskiyou mills are sawing out 75,000 ties for the Oregon Midland railroad.

A salt mine has been discovered six miles from Cedarville.
