LAKEVIEW, LAKE COUNTY, OREGON, THURSDAY, NOV. 8, 1900.

NO. 44.

McKINLEY AND ROOSEVELT

IMPROVED LAKEVIEW WATER AND HEAVY PRESSURE SYSTEM
LAKEVIEW WATER COMPANY

Contemplate Some Gigantic Improvements in Its Plant--Will Pipe the Water From Spring to Lakeview Next Year.

S. V. Rehart will soon leave for California and will spend the winter between San Francisco and Los Angeles. He will return next spring when he and his associates in the Lakeview Water Company will begin improvements in the plant on an extensive scale. Mr. Rehart's idea, and we understand he is backed up in it by his associates, is to carry water to Lakeview from their spring in the mountains in pipe tiling, glazed inside and out. The pipes will be 7 and 5 inches and the intention is to either carry the water to a big reservoir on the summit of the high hill on the south side of Ballard canyon, or to build the reservoir high up in the canyon to get a heavy pressure for power as well as for domestic uses.

While ground is yet damp in the early spring a force of men will be put at work digging ditches and building trams to carry the pipe. Already a contract has been entered into by the company with S. Childers, the contractor, for 18,000 feet of tiling for pipe to be ready by next spring. The company will furnish the cement and the pipe will be put on the line of the company's ditch at 13 cents per foot. By piping direct from the spring all the water will be saved and it is estimated that a sufficient stream of water will flow through the company's system to accommodate the entire town at any season of the year, besides always having a storage sufficient for fire purposes.

In the spring all the old wooden pipes belonging to the water company, now laid about town, will be taken up and replaced with tiling. Mr. Rehart says it is going to take considerable money to make this big improvement, but his company determined to undertake it and give Lakeview a much better water system than it has ever before had.

With the Lakeview Water Company's system and the system now under way by the town, surely Lakeview should never again go dry for want of water.

LATEST NEWS.

Special to The Examiner.
RENO, Nov. 7, 5 p. m.—Sixty precincts out of 163 in Nevada, including 12 precincts in Washoe gives McKinley 2819, Bryan 4028, Forthington (for Congress) 2991, Newlands 3806.
SAN FRANCISCO, Nov. 7, 5 p. m.—McKinley's plurality in state 12,000. All Congressmen elected and returns nearly complete.

There is not the shadow of doubt now of the re-election of William McKinley to the Presidency of the United States. The American people have again emphasized at the ballot box their unequivocal faith in the Republican administration, sound money and protection to American industries. They have also said that the President's policy in the Philippines is just and right. They have said that the Flag shall not be pulled down, and that the Nation's honor and integrity shall be subserved. While every man who voted last Tuesday, of whatever political faith, is to be respected for upholding his honest convictions and voting according to the dictates of his conscience, it is significant that the great majority of the American people believe the Republican principles are right and just. We are to have four years more of prosperity and business revival in place of four years of doubt, uncertainty, and possible panic and ruin. The battle was fought and won on sound and clean-cut issues.

LATEST ELECTION DISPATCHES.

NATION.
Following is the summary of the dispatches received last Tuesday night up to midnight, in the order they were ticked off:
Greater New York gives Bryan a plurality of 56,000. The vote was, Bryan 222,000 McKinley 166,000.

ESTIMATE OF LAKE COUNTY'S GREAT STOCK OUTPUT
HAS BEEN PLACED AT **\$625,000**

GREAT SHOWING OF INDUSTRY
Cattle \$450,000; Sheep \$150,000; Horses and Mules \$25,000--A Wonderful Display for One Stock County in Oregon.

Lake county stockmen have sold \$70,000 worth of cattle this fall, most of them going to the San Francisco market.—Ashland Tidings.

The above from our Ashland contemporary is misleading. The \$70,000 worth of cattle mentioned is only a drop in the bucket of what Lake county has done in the cattle business this fall. This is only the amount received by the farmers and stockmen of Goose Lake Valley, independent of all the other stock sections of the county. A safe estimate of the sales of cattle in Lake county this season is \$450,000, and probably the sheep sales, which are not so great as they were in 1899, will amount to \$150,000. The horse and mule sales can safely be estimated at \$25,000 in Lake county for the year 1900. This makes a grand total of stock sales for the present year in Lake county, Oregon, at a conservative estimate, of SIX HUNDRED AND TWENTY-FIVE THOUSAND DOLLARS! The Examiner hopes that its esteemed Ashland contemporary will make a note of this, as frequently sales of stock in this county have amounted to more than \$70,000 in a single week.

People who are not aware of the extensiveness of the stock industry in Southeastern Oregon can scarcely realize the enormity of this single industry, and the amount of money that changes hands in Lake county during the selling season. Our woolgrowers have probably turned off \$80,000 worth of mutton since the lambing season commenced.

publican electors, and they claim re-election of Governor Rogers.

CHICAGO, ILL., Nov. 7, 5 p. m.—Illinois gives McKinley a majority of 100,000.

NEW YORK, Nov. 7, 5 p. m.—New York state gives McKinley a majority of 146,000. Greater New York gives Democrats 27,000 majority.

INDIANAPOLIS, Nov. 7.—Indiana is safe for McKinley by a big majority. Perfect land-slide for McKinley.

300 ELECTORAL VOTES

INDIANAPOLIS, Nov. 7.—Indications are that Republicans will have 300 votes in the Electoral College.

CHARLESTON, Nov. 7.—West Virginia is Republican by 1,500.

Returns from 213 out of 356 districts show Republicans have elected 178 Congressmen, Democrats 140, other parties 2.

ALTURAS, Nov. 7.—Modoc county gives Bryan 140 majority.
