THE POWERS AGREED.

The alignment of the powers on the British-German agreement is now complete. Aside from Italy and Austria, whose adherence to the agreement was expected owing to their political relations with Germany, Japan is the only one of the powers which has given unconditional assent to the agreement. As the matter now stands, five of the powers are united in all the terms of the agreement, viz: Great Britain, Germany, Italy, Austria and Japan; three of the powers, United States, France and Russia accept the claims relating to the open door and the territorial integrity of China, but withhold assent on the third clause, relating to further procedure in case any power seizes territory.

Neither the State Department nor the Russian Embassy has received information of Russia's answer although the Associated Press in its London dispatch, announced that the reply had been received at the British Foreign Office, October 30, and had unreservedly accepted the first two clauses. In regard to the third clause, Russia referred two contracting parties to the Russian circular of April 25, saying that she would modify her attitude according to circumstances.

The effect of the exchange has been in bringing five of the powers to an agreement to respect the "open door," and the integrity of China, and to consult among themselves as to a future course in case any of the other powers sought to take Chinese territory. These "other powers," as the negotiations have now been shaped, are the United States, France and Russia. As to the United States there is no possibility of an initiative in taking territory, so that the terms of the third clause would appeal to France and Russia and would bring about concurrent action of the five powers in case either of these sought to extend their domain in China.

Comprehensive instructions bearing upon the indemnity the United States government will demand of China have gone to Minister Conger, and while the full text of the instructions is not known, it is assured that the demands this government will submit will be moderate. They will comprise restitution for injuries suffered by Americans and the damage to their property, and reimbursement of expenses incurred in sending the expedition to China. It cannot be learned that this government has determined upon the exact amount to be demanded, but whatever it is, it will probably be accepted in Chinese bonds, which are to be taken up by China in installments. It is likely that Germany will file a claim of several millions for the death of Baron Von Kettler, the German Minister.

The removal of the Empress Dowager of China will be one condition of peace. The powers will probably insist that hereafter she shall have nothing to do with the government of the Chinese Empire. Another condition will be that a foreign minister must be substituted for old Tsung Li Yamun. Customs duties in China will probably be doubled, as when they were fixed originally silver and gold were at parity. The collections will be in charge of the powers, and the Dowager will be required to remain away from Peking, which will be the extent of her punishment.

GOD-GIVEN RIGHT.

Now that the election is over, the battle fought and won, let us settle down to business again and enjoy four years more of McKinley prosperity. While The Examiner made a fight for the principles it considered right and just it accorded every citizen and newspaper the same right. The course of this paper was doubtless antagonistic to the views of many of its readers; it tried to be fair and just to all parties; while at the same time it made a vigorous fight for the Republican cause and Republican principles. The Examiner had a right to do this, as every Democratic-Populist newspaper had an equal right and used that privilege with all the vim that was at command. Every man and every newspaper has a right to his and its opinion, and is allowed the freedom of expressing the same. We hope that no man of sound sense will feel aggrieved and hurt because The Examiner supported McKinley and Roosevelt in this campaign. If we all thought alike there would be no contest. And let it be understood that The Examiner has no apology to make to any man for the course, it has pursued—the inalienable right to express an honest opinion which is God-given and upheld by the laws and the Constitution.

The possibility as well as the probability of all the vacant ground in Lakeview, laid bare by the big conflagration, being improved next year by the construction of handsome brick buildings will cause a feeling of home pride to enter the hearts of every citizen who believes in Lakeview's future. Already the stranger coming among us looks about him in astonishment at the evidence of thrift on every side. Lakeview rebuilt will be the most substantial and best appearing town in the interior of this state. Two splendid business streets built up almost entirely of brick is something few towns in the interior can boast of. And a brick hotel 90 x 80 and three stories high, is an edifice that few towns of Lakeview's size on the Pacific Coast can point to as an evidence of prosperity and local enterprise.

There was a large falling off in the vote in nearly every precinct in Lake county last Tuesday. A large number of sheepmen and others, who were registered in the two precincts of Lakeview, were not here to vote. It is estimated that the majority for McKinley and Roosevelt in Lake county will reach 200, and, with a full vote, would probably be 240. In numerous precincts heard from there was a decrease in the Republican votes as compared with the State election in June, owing to the absence of voters from the polls.

The commission of inquiry into the outrages on missionaries at Pao Ting Fu has sentenced to death Tien Yang, the provincial judge; Wang Hung On, Military Commandant; General Kin and two other officials. German and French troops will garrison Pao Ting Fu for the winter. The most venerated temple in the city was destroyed October 27th.

The Tammany Chieftain is still sitting on that cake of ice to cool his feverish brain, while he looks toward the White House at Washington, and murmurs, "it might have been."

Japs in Canada, who would hold the balance of power in elections, claim a constitutional right to vote and will ask the courts to uphold them.

Mr. Croker did not have much "pull" outside of Greater New York. The tiger's growl was harmless.

The Portland Telegram says that Oregon apples will be worth \$1 per box inside of three weeks.

The people turned from Bryan last Tuesday "like ghosts from an enchanter fleeing."

The Examiner does not say, "I told you so," to taunt anybody.

The country is safe for four years more.

PAISLEY PICK-UPS

Improvements continue. George Wingfield is making Paisley a visit.

"Prof." Gupton was in town a short time last week.

Stanley McLaughlin, of New Pine Creek, passed through town last week on a business trip to Summer Lake.

Mrs. Hammond has had her photographic gallery moved on her residence lot, and is now ready to preserve the good looks of those who call on her.

Fred Fisher and bride passed through our streets Sunday morning on their way to their Summer Lake home. The best wishes of all the Paisley people go with them.

Harry Aldridge stopped in Paisley Sunday night on his way south to meet his wife, who has been visiting at the home of her father, Rev. Smith of New Pine Creek.

The W. O. W. hall is progressing nicely and will soon be ready for occupancy. The lower story will be used for merchandising. Dr. Witham will move his stock of drugs and medicines into the new building as soon as it is ready for use, and Mrs. Withers will open with a stock of goods in the same building.

A rumor of wedding bells is in the air, and if rings and such like are true indications there may be some foundation for the rumor. Various are the guesses as to who is advertising through the columns of one of the Lakeview papers for a better-half. Book-keepers, clerks, shoemakers, barkeepers and almost every marriageable man in the town has been named as the candidate. Probably time will tell.

We have enjoyed summer weather the entire week just passed. ONSERVEN. Paisley, Ore., Nov. 5, 1900.

Bryan and Bryanism are dead forever more.

Because the vote of Drew's Valley precinct was 16 to 1 is no indication that Mr. Bryan has visited that Republican stronghold.

It looks like Lake county would roll up a Republican majority of over 200, judging from the way the returns are coming in.

What's the matter with North and South Lakeview? "They are all right!" And what's the matter with Lake county? "She's all right!" In 1896 this county gave Mr. Bryan 32 plurality.

Hon. Thomas H. Tongue, congressman from this district, spoke to a large and appreciative audience at Klamath Falls last week in support of Republican doctrines. The Ashland Record says he is the ablest Republican speaker in the district.
