John Aviragnette the tailor, has removed to the building formerly occupied by F. D. Smith, the tonsorial artist, and has a neat tailoring establishment at his new quarters. Aviragnette has a fine line of cloths for suitings and trousers, and has marked his prices away down low. He can make your garments cheaper than you can get them by ordering from foreign tailoring establishments, and guarantees a good fit. Aviragnette's is a home industry and should be patronized by home people. Go and see his samples. Shop next to Stewart's livery.

The County Commissioners counted and burned 380 scalps last Saturday. Certificates were issued for the payment of these scalps at the rate of \$2 each. When forwarded to the Secretary of State that officer will issue a warrant for each amount on the state treasury. Among these scalps was one of a panther killed by A. J. Green on the West Side. There were 51 wild cat scalps and the balance were scalps of coyotes.

JOHN DE GARMO.

Death, the grim destroyer, has claimed another old citizen of Lake county in the person of John De Garmo, and in this case it was doubtless a welcome visitor. The aged pioneer breathed his last early Monday morning, January 14th. Deceased had been on the down grade physically and financially for a long time, and it was only when he became a physical wreck, unable to care for himself, that he would allow his friends to assist him, or become a dependent of public charity. With the manly pride, supported by a splendid mind, he never forgot the heyday of his pecuniary well-doing, for John De Garmo was at one time the possessor of a goodly fortune, and was a friend to those in distress. But his fortune slipped from his grasp, and when the last call came he was a bankrupt. However, the obsequies last Tuesday did not reflect that fact, for deceased was given a burial befitting an old and respected citizen who had seen better days.

John De Garmo was born in New York state and was aged about 86 years. He was an early arrival on the Pacific Coast, and away back in the early sixties held the office of Assessor of Sacramento county. Previously he held many positions of trust, one of them being head of the commissary department of the people who built the Isthmus railroad. He was a man of splendid natural intellect and good education, and consequently was a good citizen. He was one of the first settlers of Warner Valley, this county. He braved the dangers of that locality a quarter of a century ago, fighting Indians to save his home and stock. In 1878 the Indians burned his home and barns and drove away his stock. He rebuilt and in 1879 he sold his place to Thomas Anderson, and that place now owned by Mrs. H. C. Rambo is one of the finest ranches in Warner.

Later he made an unlucky investment in the Salt Marsh which proved his financial undoing. At the time of his death he owned a small ranch, of little value, in Warner Valley, besides a few head of horses, and that is all that is left of a one-time goodly fortune. Since last May the unfortunate man's mind has gradually given way and he has been helpless. His nearest relative in this country, if we are correctly informed, is a niece, Mrs. Ada M. Turner of 2239 Dwightway, Berkeley, Cal.

The remains of the aged citizen, who was well known for his honesty and integrity, were taken to the last resting place in I. O. O. F. cemetery last Tuesday afternoon at 2 o'clock, and was attended by several old friends who will always retain a kindly regard for the memory of John De Garmo.

More Storm Notes.

The Cedarville Record of January 9th has the following incidents of the late storm:

The snow has played havoc with the transmissions of the mails. Lakeview has been one of the sufferers, no mail from the west having arrived there for about one week. Last Sunday morning the stage from Bieber to Redding was found below Fall City with the driver in an unconscious condition, due to exposure. No mail has been received at Bieber on the Redding route since Thursday last. At Bartles the snow is ten feet deep, and 9 feet at Sission. Surprise Valley has only missed one mail this winter, and that was caused by the train wreck last week. The snow at Cedarville is about 6 or 8 inches in depth.

To Present a Drama.

Some of the ladies of Lakeview are making an effort to get up an entertainment to be given about the 10th of Feb., the proceeds of which will be used in improving the cemetery grounds. The entertainment will probably be a drama to be presented by local talent. The object is a worthy one, and should meet with the approval of all our citizens. Mesdames W. A. Sherlock, Della Cobb and V. L. Snelling are the leading spirits in the movement. A further announcement will be given next week. Arrangements are now being made to put on a clever play—one that has never been witnessed by Lake county people.

Something New.

Just published by the Southern Pacific Co. is a pamphlet upon the resources of Western Oregon, which includes an excellent map of the state, and contains information on climate, lands, education, etc., existing industries and their capabilities.

Attention is also directed to such new fields for energy or capital as promise fair return.

This publication fills a need long experienced by Oregonians, in replying to inquiries of eastern friends.
