Born—In Lakeview, Oregon, Dec. 24, 1900, to the wife of Ashley Follett, a son. This item escaped our attention until now, but Ashley says the boy is all right just the same, if his birth wasn't announced on time.

The inventory and appraisalment in the estate of George Freeman, the dead pioneer of Ft. Bidwell, has been filed and shows the estate to be worth a little less than \$40,000, in land, cattle, cash, notes and accounts.

George W. Sublette, father of S. R. Sublette of Lakeview, died Jan. 12, 1901, at De Soto, Missouri. Deceased was born in Richmond, Va., Jan. 13, 1826. He was an extensive traveler, and was the father of six children. He was a consistent christian for over 50 years, and he met death bravely.

Rosewell Parrish, who was here last year representing the Justice, Bateman Co., wool buyers of Philadelphia, is now doing a brokerage business for himself in Boston, Mass. W. A. Sherlock received a letter from Mr. Parrish last week in which he states that he would like to be back in Lakeview again.

Frank Cannon, the rustling stockman of Chewaucan, was a visitor in Lakeview this week and made The Examiner a call. The Sacramento Record Union of Jan. 26th contains the announcement of the marriage in that city of William C. Melchert and Clara Wickliffe, says the Plaindealer. As the copy of the paper containing the item was marked and sent by a Modocler at Sacramento the inference is drawn that the fair bride was the divorced wife of Mr. C. B. Wickliffe of Alturas. A Reno trip was not thought necessary in this case.

Mrs. S. W. Pepperdine, the fashionable milliner of Alturas, who has been seriously ill for some time, is reported by the New Era to be much improved.

The Plaindealer says that a large number of horses are being broken for cavalry purposes at Likely. Uity McCabe will deliver about 70 head at Termo this week.

W. K. Barry, the Duke of Plush, was in Lakeview this week on court business. Judging from the humor in which "His Tuleness" appeared, we opine that somebody will soon be "yanked up" before the Supreme Court of Plush for "advising young calves to leave their mothers."

Messrs John Wood and Herk Rogers came up from Alturas last Monday. The young men are canvassing this section for a stock brand book to be published by the New Era people, and are reliable, otherwise they would not be sent out by Sloss & Lighty. This stock brand book is a proposition that should interest all our stockmen.

An all night dance is on the program in Lakeview for the 17th of March, to be given by Gunther Brothers, as a benefit for the Lakeview cemetery. It is understood that the ladies of Lakeview will furnish an elegant supper for the occasion, and the proceeds, after expenses are paid, will all go into the cemetery fund. This is a laudable undertaking which should be kept in mind by our people.

Arrival From the North.

County Assessor John Blair arrived from the north last Saturday. He says the biggest snowstorm he ever saw in Silver Lake, for a short time, visited that locality about January 1st. About 14 inches fell in Silver Lake valley and about three feet on the level on the west side of Summer Lake; in places it was five feet in the drift. During the storm County Commissioner Jim Martin attempted to get out to attend the session of the County Court in Lakeview, but was compelled to give it up. Mr. Blair says that stock in the northern section are all doing well now, although horses have been afflicted with pinkeye. The Assessor is preparing to assume the duties of his office in March and will begin assessing at Silver Lake, working southward. He will remain here for a few weeks.

W. O. W. Ball and Supper.

At a meeting of Lakeview Camp 526, W. O. W., last Wednesday night, it was decided to give an elegant supper in connection with the all night dance on the evening of Feb. 22d. The good lady friends of the order will arrange the supper and it is their purpose to make it one of the finest that has ever been given in Lakeview. No one who attends will be disappointed in this regard. Gunther Hall will be, on that occasion, the scene of great enjoyment, and the Masonic banquet room a place of festivity and good living. An effort is to be made to arrange a circle of Women of Woodcraft between now and the 22d of February, and if the purpose is accomplished it will make the grand ball doubly interesting.

Stock Brand Book.

Messrs Wood & Rogers of Alturas are now in Lake county in the interest of Sloss & Lighty, publishers of the New Era, who are getting up a stock brand book in the interests of the stockmen of Modoc and Lake counties. These young men are strictly reliable and any business transacted with them will be guaranteed by Sloss & Lighty. This brand book will prove a great convenience to our stockmen and should be liberally patronized. Messrs Wood and Rogers will go as far north as Paisley on their canvassing tour.

Remember it is to be a masquerade, Feb. 22d, and all are invited.

Recently a petition was gotten up to change the name of this town to Orcal. Judging from the number of signers one is led to believe that the citizens regard the present name good enough.

A few days ago while John Vincent was untying the bob-knot in the tail of his horse the animal kicked him on the arm and one bone in the member was fractured, but Vincent is improving rapidly.

A. M. Smith, returning home from Lakeview last week, was walking behind his wagon to keep warm when Mr. Vernon attempted to pass him. Smith's team became frightened, and before he could catch them the animals were out of reach and going at a 2:40 gait. After running about a mile the team landed in the fence at R. K. Funk's place where they were caught by one of the boys. No damage was done. The runaway horses are usually docile, but that morning they had taken on an overdose of that fine rolled barley Mr. Smith keeps in his mill, and wanted to get back to it.

Miss Mabel Follett is among the ailing this week. F. UZZLE and L. N. DEX. New Pine Creek, Jan. 28, 1901.
