Ashland Tidings:—Manager R. M. Garrett, of the Ashland-Klamath Falls stage line, came in Tuesday from Parkers station where he had been working to clear the obstructed line of travel. He says the road was broken so that it was open to the passage of sleighs, but the very day communication was restored, the temperature moderated and there was a heavy rainfall. On top of this came a freeze and it became absolutely impossible to get a horse over the hummocks of ice. Mr. Garrett says that for a long distance the track could be traced by the blood from the horses' feet.

That W. O. W. ball on the 22d is going to be a gay affair. All the ladies in town are having new frocks made for this particular social event. And the supper—well, that will be something delightful, and will be served in the Masonic banquet room.

A powerful engine cannot be run with a weak boiler, and we can't keep up the strain of an active life with a weak stomach; neither can we stop the human machine to make repairs. If the stomach cannot digest enough food to keep the body strong, such a preparation as Kodol Dyspepsia Cure should be used. It digests what you eat and it simply can't help but do you good.
