While here last Monday W. B. Barnes of Summer Lake bought 45 head of fat stock cattle from John O. George. In the bunch were thirty yearling heifers for which he paid \$20 per head and fifteen cows at \$30 per head. Mr. Barnes wants fifty more if he can buy them.

C. C. Lofftus came over from Crane Lake last Sunday and left Monday for Cottonwood, Cal., where Lofftus Bros. have a band of horses and mules on pasture. Good animals are wanted for logging and farm work down there, and Mr. Lofftus expects to get a good price.

Reeder & Morrison, the New Pine Creek blacksmiths and horseshoers never turn away any kind of work. They are both expert mechanics and can make or repair anything from a clock to a threshing machine. They make a specialty of fine horseshoeing and by their mode of shoeing can cure bad feet.

Louis Gerber, the Klamath stock-buyer, returned last Sunday from the north. He bought 800 mutton from John A. Withers, and 175 stock and beef cattle in small bunches from S. B. Chandler and C. A. Rehart at Crooked Creek and M. Lauritzen and others near Paisley. He left for Klamath Monday.

Mrs. H. C. Rothe started for her old home at Hydesville, Humboldt county, Cal. last Monday morning, and expects to remain three months visiting her parents. It is understood that her sister Miss Carrie Hansen will return to Lakeview with Mrs. Rothe. She goes via San Francisco, and steamer up the coast.

Messrs. A. N. Bennett and A. D. Frakes, prominent stockmen and representative citizens of the Warner Lake section, were business visitors in Lakeview yesterday. They report higher water in that section this winter than ever before known.

J. M. Watson, the Summer Lake wool-grower, returned to Lakeview Tuesday night, after a visit of five months in San Francisco and Los Angeles. Mr. Watson looks much improved in health and had an enjoyable trip. He gained 15 pounds in weight in the orange belt of Los Angeles.

Attorney L. F. Conn returned last Friday from Salem, where he was in attendance at the closing hours of the Legislature. He says there was great demonstration of enthusiasm in the State House when John H. Mitchell was elected Senator. Mr. Conn also visited Portland.

Two of our young men about town became involved in a difficulty one day last week in which "mits" and a pistol figured conspicuously. Before the row ended two shots were fired, but there was no real harm done. Each of the participants still bears the marks of the encounter.

Joe Stichel came in from Warner last Sunday with a four-horse team after a load of supplies for D. R. Jones, Jr. He reports the roads as "holy terrers" between here and Warner. He also says that Mr. Jones, for whom he is working, is building a commodious new house on his ranch.

Last Sunday was a delightful day and nearly all the townspeople were out enjoying the balmy spring weather, climbing the hills and patrolling the canyons. The new water works and electric light plant were the great attractions, and many inspected the new machinery, now in fair working order.

Postmaster Wilcox has been making both interior and exterior improvements at the Postoffice during the past week. He now has the postoffice proper neatly inclosed. Handley & Clendenen completed the work in first-class style. On the outside, the stone sidewalk is being constructed and will be finished this week.

Gus Schroeder, the well known young stockman of Silver Lake, met with a serious accident a few days ago, in which he had a narrow escape from death. While handling hay the wagon, load and all, turned over on him, and when rescued he was thought to be dangerously injured. He is now improving, however.

Jas. Vinson of Langell Valley, and aged about 55 years, was on Sunday afternoon found dead in an old cabin on his brother David's place about 7 miles from Bonanza, says the Klamath Republican. He evidently had been dead several days. He leaves an aged mother and two brothers, David and Henry, to mourn his loss.

There was no contest for director or clerk at the school election last Monday, and little if any interest was taken in the matter, only about a half dozen people attending the meeting. B. Two Days' Fun at Paisley

A grand ball at Paisley on the evening of March 23d, to be followed on the 24th by a match game of base ball between the Silver Lake and Paisley teams, and the comedy-drama "Uncle Josh" by the Sorosis Dramatic Club of Lakeview, in the evening, surely ought to be entertainment sufficient for all who go to Paisley on those dates. Don't miss the fun.

Lake County Suits Barnes.

Wm. B. Barnes and wife and S. O. Pease were down from Summer Lake this week. Mr. Barnes recently returned from a trip through the country as far as Portland, in search of a better location, and came back well satisfied with Lake county. He passed through the Des Chutes country, where Eastern capitalists are to build a city, with a park and many great enterprises, but he sees no bright future for that locality. The company, however, is paying \$75 per day for labor. The soil is a lava formation. A small sawmill is in operation there.

Lightning Struck a House.

On Saturday, Feb. 23d, many portions of Lake county were visited by a great thunder and lightning storm, and the flashes extended to Chewaucan. At the 70 Ranch lightning struck the ranch house stovepipe, the bolt running down the pipe, twisting it into all conceivable shapes. It continued on to the floor, then along a board to the sidewalk, where it went through the floor and killed two shepherd puppies that sought safety from the elements beneath the porch. The house was fired by the lightning, but the flame was soon extinguished by Harry Roberts. When W. F. Heryford entered the house, soon after the lightning struck, he found the housekeeper, Mrs. Stephens, almost in a state of collapse from fright, so much overcome in fact that she was unable to speak. She was standing in the room when the bolt struck the stovepipe, and her little child was only a few feet from the stove.
