Lake County Examiner

VOL. XXII.

LAKEVIEW, LAKE COUNTY, OREGON, THURSDAY, MAR. 14, 1901.

NO. 10.

Plats Here

One Hundred Nineteen Township Plats of Land in Lakeview District Arrive From Washington, D. C.

There have been 119 township plats transmitted from the Department of the Interior at Washington to the Lakeview land office. Parties desiring to enter land in any of said townships can have their entries placed on record. The Register and Receiver are instructed by Commissioner Hermann to allow entries for lands in the townships for which plats are sent. The remaining township plats for this land district, numbering 600, will be transmitted to the Lakeview office as rapidly as the work of lithographing can be done in Washington.

The following numbered plats have been received:

T. 36 S., R. 7 E.	TIME PLAT WAS FILED.

Newspapers in the Lakeview Land District are respectfully requested to publish the above for the information of their readers.

New Roadmasters.

A new law enacted at the recent session of the Legislature and which is already in full force and effect provides for the collection of road taxes. The law requires County Courts to levy a road tax of not more than 10 mills on the dollar based on the previous year's assessment. The fund thus created is to be expended under the direction of a County Roadmaster, who has supervision of the road supervisors. Upon the petition of twelve freeholders of any road district, approved by the Roadmaster for the improvement of any road, the County Court shall consider the petition, and, if approved, shall call for sealed bids for the performance of the work and furnishing of the material needed, and let the contract to the best bidder, provided, however, that the Court may reject any and all bids. The Court is also authorized to purchase rock crushers out of the road fund. The tax provided for in this act is in lieu of taxes heretofore made collectable under other acts.

Another new law which goes into effect at once requires the collection of a road poll tax of \$3 from every male inhabitant between the ages of 21 and 50 years. The County Court may require the payment of the tax in cash and suit may be instituted in a Justice's Court to collect it, and the wages of any delinquent levied upon to satisfy any judgment recovered.

Returned From San Francisco.

Mr. C. M. Taylor of New Pine Creek arrived in Alturas from San Francisco Friday morning. Mr. Taylor went below for his health last fall, and we are glad to announce returned greatly improved. Mr. Taylor spent a portion of the winter in Humboldt county, and gave us valuable information relative to the creamery industry there. He says there are 46 creameries in Humboldt, which exported last year \$1,900,250 worth of dairy products. This is exclusive of the amount consumed in the county, which is very large. He also stated that land in Humboldt rented for more per year than land in Modoc was worth. And yet that land is not as productive as the average land in this county. Mr. Taylor says that Modoc is all right and good enough for him.—Alturas Plaindealer.

The Dog Poisoner.

Ed. Examiner:—Once more the dog poisoner has made his rounds. Last week he visited my place and succeeded in killing my valuable ranch dog—an animal that always remained at home, bothered nobody, and attended to his own business, a good deal more so than the fiend who so cowardly cast him the poisoned meat. He who would kill a poor, but valuable dumb beast like that, has not a spark of manhood in him; he is a rascal of the first water and I would give a good round sum to face him for about two minutes. J. W. MIKEL. Lakeview, Or., Mar. 11, 1901.

A Grand Opening.

Messrs. Ayres & Schlagel, proprietors of the Lakeview Brewery, gave the public a grand opening entertainment last Tuesday evening in celebration of the reopening of the new brewery. There was a great crowd present and steam beer flowed as free as water, though the absence of any one intoxicated was plainly perceptible. A fine lunch was spread, and all present enjoyed the hospitality of Ayres & Schlagel. All who have tasted their steam beer declare it to be as fine a brew as can be found in the state.

One Passed

Miss Emma Dobkins of Paisley Passes Successful Examination and is Awarded 8th Grade Diploma.

The Eighth Grade School Examination for Lake county which began on February 28th in Lakeview, before County Superintendent Willis, terminated last week, and resulted in the granting of a diploma of graduation from that department to Miss Emma Dobkins of the Paisley school. This is the third Eighth Grade diploma ever granted.

MISSIONARY IN SOUTH AFRICA

Photo by Garber, New York.

BISHOP JOSEPH C. HARTZELL.

Bishop Hartzell of the Methodist Episcopal church in Africa is indefatigable in his missionary work in the dark continent. He is now arranging for the establishment of a college in the wilds of Zambesi, and he has secured for the president of the college the Rev. George H. Reiboldt of Indiana, who will sail the latter part of this month to take up the enterprise. The college is to be for the education of the English speaking residents there. Bishop Hartzell has secured from the British government an appropriation of \$15,000 and a grant of 13,000 acres of land.

ed in Lake county. The former successful applicants were Miss Della Sult of Summer Lake and Clark Johnson of the Chewaucan district, in May, 1900. There were twenty-six applicants at the examination just closed, but a great majority of the class undertook only a part of the work at this time, expecting to complete the remaining branches at the next examination. The papers show that some very good school work has been done, and as the pupils appreciate the advantages of such examination, more thorough work may be expected from them in the future. These examinations are in accordance with the new law in the state of Oregon, the first examination for Eighth Grade having been made under its provisions in May, 1900. Under this law a pupil of the Eighth Grade passing successfully an examination is awarded a diploma and is entitled to enter any Ninth Grade, or first step in the high school, any place in the state.

These examinations also serve as a test of the thoroughness of the work done by the various teachers. It is a very satisfactory law, and offers advan-

ages to pupils not heretofore allowed. A glance at the various papers show most excellent average work of Union district, Henry Musselman teacher. The Examiner predicts that this is only the beginning of better times in our public school work.

A Jolly Time

Rebekahs Entertain Friends and Play "Helbender," and Other Things.

The Rebekahs are a social set if anything, and what they don't discover in the way of enjoyment for their social entertainments is past finding out. They never overlook anything that will afford enjoyment and amusement and an evening spent with them is followed by many pleasant memories for months afterward.

After the regular meeting last Friday night the Lakeview Rebekahs entertained Odd Fellows and their families, and a new friends outside the order. A

Fault Finding

Christ Came Eating and Drinking and Men Said "Behold, a Wine Bibber and a Glutton"—Minister Hits the Nail.

Rev. Dye, a Willows, Cal., preacher, does not mince matters; when he wants to say anything the good man "speaks right out in meetin'." Probably the editor of The Examiner may be kicked out of the church for saying that the following remarks by Rev. Dye are applicable and fitting to the people of Lakeview, but the results are not to be brought into consideration. The Willows Journal says that the preacher called attention to the harm of fault-finding in churches and communities in this way:

John the Baptist came neither eating nor drinking and men said, "He hath a devil;" Christ came eating and drinking and men said "Behold a wine-bibber and a glutton." Christ likened men to spoiled children who got mad and wouldn't play. "I have piped unto you and you would not dance; I have mourned and you would not weep." John came preaching reform and conscience in a rough and positive manner. Christ came in a genial, pleasant, mild manner and men would not have either.

It is not in the systems of religion where the fault lies; it is in the men themselves. Systems of theology are not perfect but they are good enough to help imperfect men. Churches are not perfect in either their forms or discipline, but they are good enough for the development of imperfect men.

Churches are only scaffolding for the building of manhood and womanhood through faith, hope and love.

Fault-finding shows inherent symptoms of corruption and decay. Anybody can find fault. Criticism is indulged in too readily by the average man. Our community, churches and schools are greatly retarded in growth by chronic fault-finding. We are all too loth to indulge in miscellaneous flings. It would be greatly to the interest of all to cease fault-finding and speak words of kindness and cheer. First the members of the church must set the example and the others will follow.

"Chewaucan" and "Seventy."

Mention was made in a recent issue of The Examiner regarding a purchase of two registered colts by Harry Roberts during his trip to San Francisco. One was a stallion and the other a gelding and Mr. Roberts brought the animals to the Heryford stock farm at Millville, Cal. and left them there. Through the efforts of F. P. Light these two fine colts are now registered in the stud book of the New York Jockey Club and have names and numbers. "Chewaucan"—"bay colt, No. 22610, by Rey el Santa Anita—Blazeaway," is the way the stallion's registration appears, and the gelding, "Seventy"—"bay colt No. 22,604, by Amigo—Oseda." It was necessary to have the stallion registered in order to privilege any of his foals that might be a racer to enter contests. "Chewaucan" will later on be placed in the stables at the Chewaucan ranch, and "Seventy" at the Drews Valley ranch.

Felix Green's "Comet."

F. M. Green bought from Arthur Smith of Paisley a few weeks ago the stallion Comet, paying for him \$150. Mr. Green says he would not take \$500 for Comet to-day. Comet was raised by Buck Richardson in Siskiyou county, Cal., and was foaled in 1886. His dam was Amanda Fortune; her dam by Rifleman; Comet sired by Club Foot; Club Foot sired by Oregon Charley; Oregon Charley by Selim, the original Oregon Lumox; Club Foot's dam was by Jeff Davis; Jeff Davis sired by Oregon Selim. Mr. Green is well pleased with his purchase, and Comet will go into the service stables this season.

Mrs. Ira Bradley is down from Summer Lake on a visit with her parents Mr. and Mrs. J. C. Bascy. Mr. Bradley is now moving his household effects from Summer Lake to Silver Lake, where he and his wife will reside.
