LAKEVIEW, OREGON, MAR. 21, 1901.

BENJAMIN HARRISON.

General Benjamin Harrison, ex-President of the United States, died at Indianapolis March 13th, 1901. His death was quiet and painless. The nation mourns the loss of a statesman, a soldier and a noble man. The death of Benjamin Harrison almost clears the list of living ex Presidents of the Union, Grover Cleveland alone remaining. The same may be said of ex-Vice Presidents, Adlai Stevenson being the only living man today who enjoys the distinctive title of ex-Vice President of the United States.

A strong pull, and a pull all together by the people of Lake county—the business and professional men in particular—will be the means of bringing many people of capital to Lake county this season. They are coming from every section of the East. When you receive a letter asking for information about Lake county, Oregon, don't cast it away; answer it, and say a good word for your town and county. If you haven't time to answer it send the letter to The Examiner.

It is high time to stop the seed swindle perpetrated by the Department of Agriculture, at Washington. An Oregon man wrote to the Secretary of Agriculture for some tobacco seed, and carefully specified that he wanted Battle Ax, Climax or Star Plug, and was put off with the silly excuse that the Department was giving out nothing but Fine Cut this season. The office of Secretary of Agriculture should be abolished.

Terror was created all through Italy on a recent Sunday by a climatic phenomenon in the way of red rain. It has occurred there before, but the people became panic stricken and made a rush for the churches. From the looks of things at the churches in Lakeview during the past week—especially at the Methodist church—one would think a red rain had fallen here.

Senator Morgan's motion to place Senator Mitchell of Oregon on the inter-oceanic canal committee and his endorsement of Mr. Mitchell's isthmian canal record, is an eloquent rebuke to those who were charging that Mr. Mitchell would do all in his power to obstruct the building of an inter ocean canal, says the Yreka Journal.

It is expected that the report of the postmaster of Eugene for the fiscal year ending March 31st, will insure the establishment of a free delivery system for Eugene. In order that free delivery be established, it is necessary that the stamp and envelop sales of the office reach the amount of \$10,000 for the year.

The Shasta Courier, for over 30 years edited by W. L. Carter, has just begun the 50th year of its existence. It is the second oldest paper in California, and is still as warm a number as it was in the days of gold—the days of 49. Continued success, Father Carter.

Mr. Bryan says that when his friends now indulge in the pleasant prophecy that he is sure to be the next President of the United States, it does not make his heart beat so fast as it used to when he first began to hear this more than eight years ago.

Mr. and Mrs. J. B. Ace of Montgomery, Alabama, were kicked clear out of a buggy by an unruly mule, one day last week. This is the first instance on record where one Jack beat two Aces when it came to a show down.

On the 15th inst. an order was sent to General Chaffee for the evacuation of China by American troops, leaving only a legation guard of 150 men. The troops will be removed from China the last of April.

Portland's death rate per thousand is the lowest of thirty of the largest cities in the United States, being only 10.05 per 1000 for 1900.

Well, now, isn't this just the most delightful weather one ever saw in March? Lake county, Oregon, climate is about perfection.

The latest report from Lord Kitchener to the London War office says nothing of a Boer surrender.

Inspecting Sheep and Ranges.

George H. Stevens, Stock Inspector, is making his official tour of the county investigating the numerous flocks of sheep. He recently returned from the northern part of the county, and started this week for the Warner section. Thus far he has found some scab, and has quarantined where infection was discovered. He appointed L. P. Klippel deputy inspector to look after stock in the northern part of the county, and will make an appointment for Warner on his present trip. From Warner he will go to the Abert Lake section and inspect all the sheep on the desert, then cross the mountains into the northern valleys. Stevens is a wide awake official and will do his duty to the letter of the law without fear or favor.

"Uncle Josh" Receipts \$158.25.

The gross receipts of the "Uncle Josh" performance last Saturday evening exceeded the receipts of any like performance ever given in Lakeview, and the committee is very grateful to the public for the generous patronage. The receipts were \$158.25, and, after paying expenses, \$126.30 net is left for the cemetery fund. The committee now have about \$200 with which to begin the work of improving the Lakeview Cemetery, and workmen will be employed at once in the preliminary work.

Notes From Bly.

John Wells, the well known stockman of Bly has not yet returned from the railroad, where he took his horses for shipment.

Albert Walker has gone to Klamath Falls where his wife will join him. They are going to San Francisco to rest and have a good time.

C. A. Bunting, the stockman, is still enjoying himself in San Francisco.

Mrs. Joe Howard and her two daughters Eva and Ida, and son Oliver, have been visiting friends in this valley.

The roads hereabouts have been drying up rapidly during the past two weeks, and in another week or two they will be dusty.

Mrs. May Garrett has recovered from her recent serious illness, and is now able to be about.

Mr. and Mrs. Wm. Finley have been visiting in Lakeview.

Grass is growing nicely and stockmen are smiling.

March 4th was school meeting day and it was one of the liveliest days that has been witnessed in Bly in a long time. On that day Tom Garrett had a fine time—breaking horses. In "sailing" by his home he scarcely recognized it, and he also failed to thoroughly recognize Mrs. G. as he passed by the garden gate. Tom had a fine time—and he wasn't the only one who enjoyed the drive.

Harry Yount is now deeply engaged in nursing an interesting case of measles. NELLIE BLY.

Dr. Steiner informs us that Walter Tracy of Drews valley has been a very sick man for a week past, but now shows signs of improvement.

John D. Coughlin arrived from San Francisco yesterday, and is en route to the Chewaucaun after spending the winter at the Bay. He was accompanied by Mr. Taylor.

Tim O'Keefe, a well-known race-horse man of Nevada, was found dead in bed at Reno on the 14th instant. O'Keefe was the owner of the famous race mare, "Silver State."

William Hartman, the Lake county wool-grower, arrived from San Francisco last Thursday. Mr. Hartman has been spending the winter in the city and had an enjoyable visit.

Stanley McLaughlin was up from New Pine Creek Tuesday, and informs The Examiner that "Lum" Cannon has sold 17 acres in town lots in Cannon's Addition, and that nearly all the lots will be improved. New Pine Creek is on the boom.

L. Huseman and Charles Casady arrived from Montague Tuesday evening by private conveyance. Mr. Huseman was interested with Geo. Durand and others in the cattle business at Silver Lake, but some time ago purchased the interests of his partners in the business, turned the cattle into beef and sold them. He left this morning for Silver Lake to look after his cattle ranch interests, and while here the gentlemen will buy cattle if they can get them and the price is satisfactory.

"E. M. Brattain" Wins.

"E. M. Brattain," the two-year-old foal of Leora and sired by the famous Captive, won his first race at Tanforan Park, San Francisco, last Saturday. The race was three furlongs for maiden two-year-olds—purse \$500; the colt started in a bunch of 11 and carried 105 pounds. He went to the post at odds of 7 to 1, and won driving. Wednesday morning Eldon M. Brattain, the owner, received a check for \$1,000 for the winning colt, and a yearling, a full brother. The purchaser was McAvoy, the trainer who has had Mr. Brattain's horses in charge for a long time. McAvoy believes that "E. M. Brattain" will make a good race horse.
