The contented people about town are those who enjoy their drinks and smokes at Post & King's. 1-1f

Awful atrocities, including the massacre of whole villages by fire and sword, are charged against the Turkish troops which have been "restoring order" in Macedonia. Fugitives who have arrived at Salonica say that the Turkish soldiery have thus massacred the inhabitants of Bajalei and several other villages in Macedonia.

**The Other Nineteen.**

At the Eighth Grade school examination of Lake county, held in Lakeview, Miss Emma Dobkins of Paisley was the only successful applicant out of about twenty.—Chewaucan Post.

While The Examiner would not pluck a laurel wreath from the brow of the bright young pupil at Paisley, it is but just to the other nineteen pupils, who went before the examining board, to say that scarcely any of them attempted to take the complete examination as did Miss Dobkins. They only took up a few studies, intending to complete the course on the remaining at the next examination, and did not expect diplomas on the incomplete course. Miss Dobkins had once before taken the examination in the Eighth Grade, and, as a result, was better prepared than any of the other pupils. However, Miss Dobkins is to be complimented for her splendid work and high standard, and no one congratulates her more heartily than The Examiner.
