G. W. Perkins of New Pine Creek was in Lakeview last Saturday. Mr. Perkins is engaged in farming and gardening, and says all his neighbors have turned their attention to those industries, with the opening of spring.

Tax money is flowing into the Sheriff's office quite rapidly, as the time approaches when taxes will become delinquent. Over \$3000 were received by Sheriff Dunlap in one day last week. Read the Sheriff's notice in this issue. The last call.

The corps of N. C. O. railroad surveyors arrived at Terno last week to begin surveying north to Lakeview. They found too much mud and water on the Madeline plains to do practical work, and consequently returned to Reno to wait a week or two until dry weather came on.

Louis and John Gerber purchased the O. C. Applegate ranch of 640 acres from the state of Oregon last week, says the Klamath Republican. It is one of the best hay ranches in Sprague river valley. The lambing season is nearly over and the sheep men have been blessed with the finest kind of weather, and in consequence the increase will be large all over the county and may safely be put at 90 per cent or over. The increase in some bands will be over 100 per cent.—Red Bluff News.

The insurance companies refuse to do business anywhere in the state of Nevada owing to a law passed by the Nevada Legislature detrimental to the business of insurance companies generally. All policies have been cancelled in that state, and if Nevada should burn the state would be a total loss.

The Highest Ranch consisting of 280 acres, with established water right, located on Cottonwood Creek, is now offered for sale. C. Umbach about it. 10-1f

New Pine Creek has two church buildings, and three denominations hold regular services, the attendance, we are told, averaging 150 every Sunday. This speaks well, indeed, for the citizens of that place. Alturas presents a striking contrast to our neighbor. Here we have a half dozen denominations, all mixed up, one church building and no minister of any denomination.—Alturas Plaindealer.

Geo. Maupin was over from Warner Lake last week.

A letter from Alturas, received this week, says that the people of that town are anxious to have the "Uncle Josh" company visit Alturas.

We understand a prize fight took place in Alturas last Saturday night between Charles Walton and Indian George. Walton was the victor. This is no "slam" on Alturas, Bro. Thompson.

Miss May O'Neil of New Pine Creek continues to remain very ill with fever. Dr. Herndon, the attending physician, says while her case is a serious one, he has no fears of dangerous results. Her sister Miss Ettie is also in a serious condition from rheumatism.

Mrs. Raymond, wife of Rev. C. Wesley Raymond of the M. E. Church, was taken suddenly ill one day last week, and was thought to be in a dangerous condition last Saturday and Sunday. No services were held in the M. E. church in Lakeview Sunday owing to the lady's serious condition, and the constant attention necessary on the part of her husband.

Jeff Poindexter, driver on the Alturas-Terno stage line, informs the Plaindealer that General Superintendent Dunaway is authority for the statement that work would begin at once on the N. C. O. railway and continue until Lakeview is reached. Grading will go right along, and when the mills get out the order for rails, they will be put in place as fast as men and money can do the work.

Phil Lynch came in from the desert last Sunday, where he spent the winter with his band of fine sheep. This is the first winter Mr. Lynch has passed on the desert for five years, and he says it is not such a "picnic" as he once thought it was. He is in good health, but light in weight, and is the same social, jovial gentleman he always was, despite the desert hardships. This is his first visit to Lakeview since early fall.

For a gentleman's smoke try a "Robert Mantell" or a "Zenda Bouquet" Havana cigar. For sale by Whorton & Fitzpatrick, only. 7-tf

Dr. Alice Magilton.

Miss Alice Magilton, who is just finishing her second course in dentistry at the Portland dental college, will return home in May, and take a position with Dr. Demorest. Miss Magilton was offered a position for the summer in Astoria, but desired to come home as soon as the college closes, early in May. In the college she is attending there are 100 students, five of them women. She was called into Dr. Barber's office in Portland to do some contour work for a young lady patient, and when the work was finished the doctor complimented Miss Magilton very highly on her skill. She will graduate next year and hang out her card as "Dr. Alice Magilton."

Davis Creek Genius.

William McJilton has received from Mr. Billick, a genius of Davis Creek, two watch cases made of the root of manzanita. The cases are handsomely engraved inside and out and are perfectly made. The works in the cases were ordered from a dealer below and were fitted in the cases by Mr. Billick. Mr. McJilton had the cases made, one for each of his little granddaughters, Lucille and Olive Bailey, with appropriate engraving inside the case. It is a beautiful piece of work, and what a genius like Billick wants to be fooling his time away at Davis Creek, instead of making a fortune in some big city, is past finding out.

Stockholders' Meeting at Paisley.

A meeting of the stockholders of the Lake County Telephone and Telegraph Company will be held at Paisley next Monday, according to call of the incorporators. It is to be hoped that all the stockholders in Lakeview who can will attend the meeting. Those who cannot possibly go will be represented by proxy however. The purpose of the meeting is to elect a board of directors, who will at once begin the preliminary work for the building of the line.

Creditable Performance.

The "Uncle Josh" performance appears to be highly appreciated. A gentleman, writing from Paisley this week, says: "I have heard nothing but complimentary comments on the production of 'Uncle Josh' at this place. The performance was a creditable one, and was heartily enjoyed by everyone here, including myself." "Uncle Josh" will be reproduced at New Pine Creek next Saturday night, March 30th. Admission 50 and 25 cents.

Paisley Real Estate Transfers.

The Post: Paisley is just now undergoing a quiet, inoffensive boom. Last Friday Mrs. E. C. Stickle purchased the property north of Dr. Witham's residence 53x300 feet, for which she paid \$225. The property lies along the river on one of the principal streets and is valuable. It will make an admirable dwelling place.

E. L. Green purchased the property owned by the Chewaucan Lumber Co., east of Main street, along the river, just east of Mrs. J. A. Withers' residence and the lot just east of it of the Saddler Real Estate firm. Mr. Green will build on his property as soon as he can secure material. He also has a very desirable piece of property.

Mrs. Elliot bought the lot east of her residence near the church property, for \$50. These are all important transactions in which the new possessors have secured some excellent property.

There are a few more real estate deals being negotiated for town property that we are not privileged to make public at this writing, but as we are "next", our readers may look for the news as soon as the deals have been consummated.

I am compelled by order of the County Court to collect all taxes, and the order is imperative. I must follow the Court's instructions. Taxes are delinquent after next Saturday, March 30th, and property is liable to seizure for the payment of such tax. Take fair warning. This is the last call.
