### TWENTY-TWO FOOT POLES.

Attention of prospective bidders is particularly called to the typographical error made by The Examiner last week in the notice calling for bids for furnishing telephone poles. The types made it read "12"-foot poles, instead of "22"-foot poles. The corrected notice appears on page 1 of this issue. It must be understood that the company wants TWENTY-TWO FOOT POLES and not twelve foot.

### Easter Sunday Dinner.

Mrs. A. Z. Hammersley entertained a few friends at dinner last Sunday. The dinner was an old-fashioned Easter affair, arranged by the pioneer woman herself, just as she used to enjoy at her old home in Indiana when a child. It was an excellent entertainment afforded the few guests by the esteemed "grandma," and those present highly enjoyed her hospitality. Mrs. Hammersley is hale and hearty at the advanced age of 68 years, and bids fair to enjoy a happy life for many years to come. She crossed the plains from Indiana and came to Oregon in 1863, nearly forty years ago—over the life lease of the average man. In Willamette valley she first made her home in the West, and in 1869 came to Lake county, where she has continually resided for thirty-two years. She expects to spend next winter with relatives in Gold Hill, this state.

### Joe Coleman Married.

A copy of a marriage certificate received at the office of H. C. Rothe & Co. this week announces the fact that Joseph Coleman, a native of Virginia, aged 43 and Lena Linder, a native of Switzerland, aged 31 years, were married in Los Angeles, Cal., March 18, 1901. Mr. Coleman is the well known woolgrower of Lake county, whose most intimate friends thought he was proof against the wiles and fascinations of womankind. However, there will be many well wishers who will hope that the life of Mr. Coleman and his bride will be full of happiness and joy.

### Semi-Annual Report.

In this issue of The Examiner appears the semi-annual report of the officers of Lake county, giving a complete statement of the finances of the county. The delinquent taxes for 1893 to 1900 are not all collected, but a fairly good clean-up has been made by the sheriff. With the payment of all back taxes, including the tax of 1900, a splendid showing will be made, and Lake county's indebtedness will show a marked decrease. When all moneys due are in the hands of the County Treasurer the county debt will be about \$37,000, a decrease of about \$25,000 in the past few years.

### Error Corrected.

Bidders on contract to furnish poles for the new telephone system, from Lakeview to Silver Lake, are notified that they must figure on "22"-foot poles, and not "12"-foot poles, as called for in the notice published in this paper last week. The error was made in this office. See corrected notice in this issue.
