LAKEVIEW, OREGON, MAY 2, 1901.

The new British loan of \$300,000,000 has been subscribed, it is reported, about five times over, and \$50,000,000 has been allotted to American takers. The loan is claimed to be a better investment than United States bonds. Great Britain and the United States are able to raise more money than any other nations of the earth from the people, which certainly indicates prosperity and wealth. Russia, although possessing the largest population in the world, next to China, seems to be about the poorest financially in proportion to the number of people.

President McKinley will receive a grand welcome when he reaches the Pacific Coast. The West is going to show the chief executive of what kind of metal it is made, and doubtless before he passes through California and Oregon he will have formed a more favorable opinion than he ever had of the people of the Pacific. President McKinley will return to the White House feeling well satisfied with the Pacific Coast, the people, and his trip.

Percy Avery Rockefeller and Miss Isabel Goodrich Stillman were married in New York with much eclat, the other day. The young couple will manage to get through the world as best they can on fifty millions of dollars accredited to the groom. This money was made by daddy Rockefeller out of oil. One can readily see what a rosy future is in store for some young fellow who will go out and strike oil in Lake county, Oregon.

The Woodmen of the Pacific jurisdiction are to have an immense initiatory ceremony next August, which will be attended by many camps of the order. One thousand candidates furnished by the different camps, will be initiated at one time in the open air of the Redwood groves of Calaveras county. It is expected that 5,000 members of the order will be present.

A Georgia Judge has ruled that playing cards is gambling. This decision puts progressive euchre and other games indulged in by society, made interesting by little gifts to the winners, under the ban. Georgia society must now invent some new scheme whereby to reward the victors.

Because a local resident told his wife that he would enjoy dancing on her grave she has obtained a divorce from him, says the Bulletin. Thus ever is man discouraged from making the alleged partner of his joys a confidant as to his taste in innocent diversions.

Shearing sheep by machinery may be all right in some localities, but the good old style of taking the wool off by hand shears, thereby giving employment for several weeks each year to hundreds of men, is considered good enough for Lake county, Oregon.

An Idaho girl advertised for a husband and got him. The total expense for advertising, wedding outfit, etc., was \$11. Within a year he died, leaving her a life insurance policy of \$10,000. And still some persons claim it doesn't pay to advertise.

A Texas paper refers to Mr. Bryan as "the battleship of the Democracy" probably because of the ability that gentleman displays in shooting holes in his party.—S. F. Post.

That Kansas City Judge who told Mrs. Nation that Missouri had no use for long haired men, etc., doubtless has no idea of attempting to seek office at the hands of the Democracy of that state.

The colored lady who answered a Nebraska man's advertisement for a wife and described herself as being a "brunette," surely could not have expected to pull the wool over his eyes when her dark secret was once exposed.

Since Aguinaldo issued his manifesto to his countrymen the Filipinos have been surrendering in bands, and it can be safely said "the war is over."

It is really too bad that Funston wasn't a West Point graduate, so that a few of the newspaper editors could stop their flow of tears.

The pay roll of the Southern Pacific railroad company at Ashland is \$20,000 per month.

General Miles for President. Bah!

New Pine Creek.

Follett & Amick are receiving a big stock of spring and summer goods and are very busy. O. E. Charlton is assisting in the store.

The protracted meeting held at the Christian Church by Rev. Boltz has been in progress nearly two weeks. There is a good attendance.

George Hammersley is putting the finishing touches on the millinery store building to be occupied by his wife. Mrs. Hammersley's millinery stock has arrived.

A. M. Smith is delivering 12,000 pounds of grain to Creel Conn, the Silver Lake merchant, and 30,000 pounds to the Chewaucan Land and Cattle Co., near Paisley.

Mr. Owens, of Willow Ranch, is putting up a building for a meat market, and will be cutting meat in about a week. He has a lot of cattle and hogs already on hand for slaughter.

Mrs. C. M. Taylor has had the old Snider store building at Willow Ranch, removed to New Pine Creek. Al Gallagher, the builder, is making it new by fixing it up substantially with new lumber. It will probably be used for a drug store.

Eight-tenths of the people of the New Pine Creek section are favorable to a railroad, and it is thought that little difficulty will be encountered in procuring right of way for the N-C-O. A railroad cannot injure New Pine Creek, and will doubtless build it up.

A. E. Follett and family have moved into the new two-story residence, and Mr. and Mrs. Eb. Follett have moved into the house vacated, which was recently purchased by the latter Mr. Follett. A. E.'s new residence, when completed, will be a splendid edifice.

Dr. Herndon has removed from Lakeview to New Pine Creek. The Dr. was called to Davis Creek Sunday to visit the Sullivan family, and while there was taken very ill with fever. Wm. Blurton, who escorted him, returned and reported that the physician was unable to return.

Frank Cannon last week purchased two blocks of land (an acre each) in Cannon addition, from C. C. Cannon. Mr. Cannon is going to build a residence in the center of his tract and improve the grounds. His family has removed from Chewaucan. Mr. Cannon will for the present fill a position in the sawmill at Lassen Creek.

Broke the Record.

Frank Duke and Lester Vernon returned from Termo Sunday with big loads of freight for Follett & Amick, merchants of New Pine Creek, and Lakeview merchants. They made the trip from Lakeview to Termo and return in nine and a half days, thereby breaking the freighting record on this road. We understand the trip has never before been made in less than ten days. They report the roads in fine condition for freighting on quick time.

Miss Millie Smith has arrived at Ft. Bidwell from San Francisco. The young lady is still suffering from a severe attack of nervous prostration, but is rapidly recovering. The attack was brought on by overwork, as Miss Smith was a hard student at night school and besides all day long her duties as book-keeper in a big city house were arduous. It is sincerely to be hoped by her many friends that a good rest will restore Miss Smith to health.

William Metzker arrived from Paisley last week, having brought his daughter Allie from there to the home of her sister, Mrs. Silas Henderson, at Crooked Creek. Miss Metzker has recovered from an affection of the heart, which came near proving fatal, but is now suffering greatly from inflammatory rheumatism. It is hoped by numerous friends that she will soon completely recover her health.

Notice is hereby given that the Board of Equalization, in and for the Town of Lakeview, Oregon, will be in regular session at the Recorder's Office in the Town of Lakeview, Oregon, until May 7th, 1901. All parties interested will take due notice hereof.

CHAS. UMBACH, Recorder,
Town of Lakeview.
