This is an apparatus that will take seeds out of berries, take strings out of turnips, cooks and peels potatoes, renders lard, stuffs sausages and does a hundred other things. This is a machine that is almost indispensable in a well regulated home. I will start out to canvass this county next week and will be pleased to show the workings of this press to all who wish to see it. The price for press complete is \$6. I will also sell territorial rights in this state. J. K. FERGUSON, 19-1m New Pine Creek, Ore.

A Lamb Freak.

Joe Ambrose, the sheepman, was in town last Monday, and told of a wonderful freak of nature among his band of sheep. An old ewe gave birth to a perfectly shaped and full sized lamb, or rather two lambs joined together ala "Siamese twins". The monstrosity had two perfect heads and became one body back of the shoulders. It also had eight legs. Joe is bewailing his misfortune over the death of the animal, as he believes he could have made a fortune by exhibiting the Oregon freak had it lived.
