## "HELLO" STOCK. Increased From Five to Eight Thousand.

A meeting of the stockholders of the Lake County Telephone and Telegraph Company was held at the court house last Friday evening. A sufficient representation of the stock subscribed was in attendance to conduct the business of the meeting, which was called for the purpose of voting to increase the capital stock from five to eight thousand dollars. Since the corporation was established a number of citizens of the county signified their willingness to buy stock and requested that a telegraph line be added. With the purpose in view of building and equipping the route as a telephone line, it was voted at the meeting that the directors be empowered to issue more stock to the amount of \$8,000, and that the directors use their own judgment regarding the additional wire for telegraphic purposes. The board is to issue only a sufficient amount of stock to complete the line as a telephone carrier, or to sell enough to put on the telegraph, as it sees fit.  
 On Saturday morning the Board of Directors held a business meeting. Bills contracted were presented and ordered paid. It was decided to order at once a sufficient amount of wire to complete the telephone line.  
 It was decided not to attempt to begin construction of the line until after haying season is over, or about Sept. 1st, owing to a scarcity of labor.  
 Good progress was reported in the delivery of the posts and poles along the route at each section.  
**Dr. Watts Dead.**  
 Dr. J. W. Watts, at one time Register of the land office in Lakeview, while C. E. Snider held the position of Receiver, and well known by many people in Lake county, died at La Fayette, this state, on July 6th. Dr. Watts was a preacher and often entertained Lakeview people at the Methodist Church. In 1876 he was a Presidential Elector in the Hayes-Tilden contest, and his single vote made Rutherford B. Hayes president of the United States. His eligibility was disputed at the time, as he was postmaster at La Fayette. The crisis, the most momentous in the history of American politics, did not end until the Electoral Commission decided, the day before Grant's successor was to be inaugurated, in favor of the Republican candidates for Electors in Oregon, and Watts' vote was counted for Hayes.  
**Items Are Appreciated.**  
 Says the exchange: There never was a county paper in any locality that gave all the local news. It is often that some persons come or go that the editor does not see. It happens that a family is missed several times. They get the impression that the paper does not care to mention them or has a grudge against them. The paper has no ill feeling, no spite, no enmity against anybody. Most people take the local paper. Don't be afraid to tell the editor you have friends visiting you. Perhaps you think the paper shows partiality, but try and see if it doesn't treat you well if you give it a chance.  
**Taken to the Asylum.**  
 James M. Moore, who came here less than a year ago, and has been a county charge for the past four months, was examined by County Physicians Smith & Steiner, before the County Court last Friday, and adjudged insane. The unfortunate man imagines that someone is trying to poison him, and is sadly demented. The court appointed A. F. Tonnison and Dr. Steiner as guards to escort him to the asylum for the insane at Salem, and they started with the patient on Sunday morning.  
**Silver Lake Man Hurt.**  
 A correspondent writing from Merrill to the Klamath Express says: "A gentleman from Silver Lake whose name we did not learn, met with a serious accident near here a few days ago. While leading a pack horse he became entangled in the rope and was dragged from his horse; his foot became fast in the stirrup and he was dragged fifty yards or more which caused a rupture. He has since been able to continue his journey."
