Their Secret is Out.

Al. Sadeville, Ky., was curious to learn the cause of the vast improvement in the health of Mrs. S. P. Whittaker, who had for a long time, endured untold suffering from a chronic bronchial trouble. "It's all due to Dr. King's New Discovery," writes her husband. "It completely cured her and also cured our little grand-daughter of a severe attack of Whooping Cough." It positively cures Coughs, Colds, La Grippe, Bronchitis, all Throat and Lung troubles. Guaranteed bottles 50¢ and \$1.00. Trial bottles free at Lee Beall's drug store.

State Fair Grounds.

The State Board of Agriculture are making some wonderful improvements at the state fair grounds, and old timers will hardly recognize the place when they attend Oregon's greatest fair this fall. The old pavilion is being enlarged to double its size, and after the best exhibits ever seen in the state are arranged there will be ample room left for an auditorium, a thing that has been needed for a long time. A brand new up-to-date creamery building is being erected; also where the best dairy display ever made in the state will certainly be seen. The machinery hall is being enlarged, new cattle stalls, sheep pens, hog stys, and horse stables are being built. A cozy farm cottage, hay barn, and new side-walks, are also on the list of improvements, and nothing will be left undone to accommodate the exhibitor and entertain the visitor at the state fair this fall.

He Slew a Rattler.

[Chewaucan Post.]
 Last Friday evening while Warren Watters, Mrs. P. J. Brattain's little brother, was carrying in the wood for the evening fire, he was startled to see crawling on the floor, a very large snake, says the Post. He immediately threw his wood down and ran to the wood shed and got the saw, with which he slew the monster in short order. It proved to be a rattler of enormous size. This is a very strange occurrence, especially where this specie of snake is so scarce as in Paisley.

The Same Old-Time Printer.

An old-time printer who has been all over this continent, and has worked in nearly every printing office in his travels, worked on The Examiner all winter, and recently started north for pastures green, and to find a place to rest away from newspaper work. When he left he remarked to a fellow printer, that "there is more type set on The Examiner than any country paper in the United States. Too much work on that paper for the price of subscription."—Lakeview Examiner.

We know who you mean, Brother Examiner, the same old man—a sensible old man too—stopped with us two weeks on his way north, and helped us out when we were short on printers. At the time, we were running about 150 inches of local news matter on the inside, and about 200 inches of news on the outside. He advised us not to set so much type; he said the price of advertising, and subscription, would not justify it. He said the only cheap thing in this country was newspapers. Any place in the United States, even where the subscription was not so high, publishers got two or three times as much for their work as was charged here. A summons was then running in the Post, that he figured would bring a newspaper, if any other place, at least \$46, but we can't charge that because people would say it is too high. We are not registering a kick at all, only congratulating the business men, in a country like this on their good fortune to obtain such cheap advertising.—Paisley Post.

To Save Her Child.

From frightful disfigurement Mrs. Nannie Gallegar, La Grange, Ga., applied Buckler's Arnica Salve to great sores on her head and face, and writes in quick cure exceeded all her hopes. It works wonders in Sores, Bruises, Skin Eruptions, Cuts, Burns, Scalds and Piles. 25¢. Cure guaranteed by Lee Beall's druggist. 30-5

Made a Big Haul.

Selly's smelting works at Vallejo, Cal., was robbed of three hundred and forty thousand dollars in gold bullion, on August 6th. The thieves had tunneled under the works and obtained access to the strong room where the bullion was stored. The works are located close to San Francisco Bay and the tunnel extended from the water's edge under the building. It is supposed that the thieves took their plunder away by boat.

The Selly smelter is the biggest on the Pacific coast and ores are sent there from all parts of the Western country to be reduced. The works are located on the bayshore about thirty miles from San Francisco.

Lime For Sale.

Parties wanting lime can have it in any quantities from the first kiln burned. Call at the residence of E. H. Loftus, Lakeview, and leave your orders. Lime supplied from the kiln 4 miles north of town. 28-11

Didn't See 'Em, Brother.

Six wagon loads of emigrants, so we are informed, passed through Lakeview enroute to Humboldt, California from Nebraska, says the Post. They had several head of loose stock, and 16 people made up the train. They were running from hot weather and drought.

Don't overlook the evening musicale at Post & King's. Call for what you wish, a drink of fine liquor, a cigar of sweet aroma, or music of any kind and you will be accommodated. Stranger, when you come to Lakeview drop in at Post & King's if you want to see a man. You'll find him there. 26-5

Oklahoma's great land lottery was begun July 29th and when the Commissioners appointed by the Federal Government adjourned the drawing for the day, one thousand of the choicest of the 13,000 one hundred and sixty acre claims in the Kiowa-Comanche country had been awarded. The capital prize winners proved to be James R. Wood, of Weatherford, Okla., whose claim was the first to come out of the Lawton district wheel, and Miss Mattie H. Beals, of Wichita, Kans., who drew the second number in that district. They will have the privilege of making the first filings in the Lawton district, and will undoubtedly choose two quarter sections adjoining that town. These are considered the most valuable in the territory, and it is said are estimated worth from \$20,000 to \$40,000 each.
