**What About the Briber?**

Judge E. W. Harney, of Butte, Montana, says he was offered a bribe of \$250,000 to decide a certain case in favor of the Amalgamated Copper Company. If that be true he shall put him at the head of the judicial roll of honor. Such sterling stuff on the bench is not as common as it should be, more's the pity. —Willows Journal.

While the Judge is throwing this beautiful bunch of carnations at himself it might be well to ask what became of the would-be briber? Did the just Judge do his duty and have the fellow brought before a court of justice, or did he just say, "Go away; I don't want your money?" There's nothing said about this.

The situation in which Cecil Rhodes and his associates find themselves after bringing about the South African war and losing the output of the mines in the Transvaal for three years—estimated at \$180,000,000—is certainly one that must set them thinking. They have lost a lot of money, have cost the British Empire an immense amount, and they have not got their mines back, nor are they likely to for some time; for the dear old government that they were so fond of when they were trying to get something from it, has intimated that, as the war was all for the mine owners' benefit, the mines will have to pay the piper. It is proposed to make the companies yield up 10 per cent. a year of their gross earnings to settle their claims for interest and principal of the debts contracted by England in trying to crush the Boers.

A strange state of mixed relationship was brought to light at Petaluma, Cal., when Maria Bacigalupi and Mr. Bacigalupi of Healdsburg were granted a license to wed. The bride was formerly the wife of the brother of the groom. The witnesses were Mr. and Mrs. Joseph Bacigalupi of San Francisco. The witness, Mrs. Bacigalupi, is a daughter of the bride and a niece of the groom. The husband of the witness is her own first cousin's nephew of the groom and twice a nephew by marriage of the bride. Now, will somebody please tell us what the full relation will be between the first young Bacigalupi and his parents?

The rehearsal of the lurid melodrama, "The Arizona Female Bandit," at Omaha, suddenly became realistic, and real wrongs were resented with actual powder and ball. Mrs. Millie Lighthawk, known in cheap theatrical circles as Millie Allen, was shot at the climax of the play by Thad Brookie, who afterward committed suicide. Brookie was jealous of Bert Adams, whose lines gave him an opportunity to show affection for Mrs. Lighthawk, the leading woman. Mrs. Lighthawk died the same night.

It is currently reported that owing to the sweeping clean-up, revision and general renovation of the Southern Pacific system, by President Hays, he would be asked to resign the position he has held for only a few months. Mr. Hays was elected president for a term of five years. Upon his return to San Francisco from New York the other day he refused to either confirm or deny the report that he would resign his \$60,000 per year job, claiming it is a "personal matter," of no interest to the public.

The Cottonwood (Cal.) Enterprise is a new claimant for public favor. The paper is edited by Garwood & McNamer, and is replete with news written in spiky style. If the publishers continue to give the Cottonwood people as good a paper as No. 2 appears, their efforts will be appreciated with the hard cash. The writer published the last newspaper that town ever had, the Cottonwood Register, which was destroyed by fire in '92, and we know where Cottonwood's heart is.

The Chicago man who just before taking his departure for the other place willed all his money in paper and bonds should be reduced to ashes in order to "get back at" his heirs who did not treat him well during his life-time, was certainly a queer character. He made one grave mistake, however, for his will may be broken. To be sure of carrying out his idea he should have taken the money with him where it would be sure to burn.

Peter Jackson the great pugilist, is dead. His death occurred nearly a month since in Australia but the news thereof has just been received in sporting circles in this country.

**The Nevada State Fair.**

The State of Nevada never does anything without doing it well. The Sixteenth Annual Fair to be held at Reno September 16th to 31st, promises to be the most elaborate affair ever held in that state. There will be one of the best speed programs arranged that was ever witnessed on the Pacific Coast. The livestock, agricultural, and horticultural exhibit will be something worth going across the ocean to see, and the music by the best bands to be found on the Pacific Coast will inspire the visitor to look into every nook and corner of Reno for something new. The features of the Fair will be many and elaborate. Such prominent men as Sent. Flaigan as president and Louis Bevier as secretary of such an organization is sufficient evidence that the visitors at Reno during the last two weeks of September will be right royally entertained. Excursion rates will be had on all railroads, and those from Lake and Modoc counties who wish to attend the fair will receive most courteous treatment at the hands of the N C O Ry. company.

**Little Girl's Arm Broken.**

Last Monday afternoon little Ruth, daughter of Mr. and Mrs. W. R. Bernard of the West Side, fell from a horse and suffered a badly broken arm. The little girl and her smaller brother were riding a gentle horse. The boy lost his balance and was about to fall to the ground when his sister attempted to catch him, and she, too, fell, striking the ground with considerable force. Both bones of the left arm were broken between the wrist and elbow. Bert Harber came to town after Dr. F. E. Smith, and the physician went out and set the broken bones and made the little sufferer as comfortable as possible. Dr. Smith says the little girl has a wonderful nerve, going through the ordeal without a murmur.

**Carr Fences Must Go.**

By order of Judge Gilbert of Portland the \$10,000 bond of the Jesse D. Carr Land and Livestock Company upon appeal to the United States Court of Appeals has been approved, but with a written statement that no stay of proceedings in the case is allowed. The United States District Court ordered the Carr Land Company to remove fences from around some 80,000 acres of land in Southern Oregon and Northern California. United States District Attorney Hall on the 13th inst. forwarded to the Attorney-General of the United States the order of the Court directing the removal of the fences, and in case the Attorney-General approves of the proceedings United States Marshal Houser will send men to Southern Oregon to tear down the fences.

**Successful Applicants.**

The successful applicants for teachers' certificates before the County Board of Education, examination held in Lakeview last week, were as follows:

First grade—Miss Winifred Fleming of New Pine Creek.

Second grade—Misses Jessie L. Flack and Ida J. Stewart. The papers of Miss Mary Kittridge, who applied for a state certificate, were forwarded to the State Board for examination. It is said that so many papers are already before the state Board that those of Miss Kittridge may not be examined for six weeks or longer.

**Lightning's Queer Pranks.**

Last Thursday afternoon, lightning played havoc with the harvesting crew at Charley Oliver's place, half way between New Pine Creek and Willow Ranch. We are informed by Sam Duke that a bolt struck near by where the crew was at work, and the shock felled Mr. Oliver and another man working with him, and so frightened the horses drawing the headers and header-wagons that they became mad and ran away, demolishing things generally. Mr. Oliver and his assistant were not seriously injured, it is said, but had a close call.

**State Line vs. Davis Creek.**

Arrangements are now being made for a match game of baseball between the State Line team of New Pine Creek and the Davis Creek Stars, on the Lakeview diamond. The losing team is to pay for a complete uniform for the winners. The game will probably be played two weeks from Sunday, and Lakeview is to hang up a purse as a side inducement for the two teams to play good ball. On the Saturday evening before a social dance will be given in Lakeview in honor of the visiting teams. The Examiner will have the full particulars next week.

**Dr. Demorest Returned.**

Dr. O. F. Demorest the dentist has returned from Klamath county. Patients desiring his services are invited to call at his office in the Daly building. 33-1

**St. Mary's.**

—Studies will be resumed at St. Mary's Academy, Jacksonville, Ore., the first Monday in September. 33-2

We have many new customers each season coming to our establishment who tell us they always understood that we handled good quality of goods. Our reputation with our customers is not made by any particular line of goods we have, but by the general excellence of every article in our stock. We acknowledge we carry good quality of goods. This refers to our cheaper goods in just the same degree as to those of the very best quality.

In ordering our goods we give just as particular attention to the durability, the substantial make and the superior quality of the low priced goods as we do to the medium and better grades, but our assortment is mainly confined to the medium and better grades.

The strength of our lines is apparent when you look at our stock, and for Spring and Summer we venture to assert that there is not another stock of goods in the country that is equal to ours in its wonderful variety, in its great range of price, in its particular style of everything that we show.

We solicit the business of the people of Southeastern Oregon and can readily convince them that we are the best house to trade with in this entire region.

... BAILEY & MASSINGILL ...

W. M. CLAYTON, President.

**IT LOOKS**

As if we had experienced a landslide of gloves--such a variety. We'd much prefer they'd be on "your hands." We're going to "palm" them off this week. Better have a "hand" in the deal. Cost nothing to "see."
