

LOCAL PICK-UPS.

J. S. Field has sold his stock of goods to Reynolds & Wingfield, and will retire from the merchandise business.

The Modoc teachers' institute was in session last week. State Superintendent Kirk of California, Frank Brown Jr., of Berkeley University and Professor A. B. Coffee of the University of Oregon were among the bright educators present.

Jim McDermott of Lakeview has been riding after cattle on this range for a couple of weeks. He says he will have about 20 head of beef, and all the cows that he can turn off will have to go as he is short of hay on the slash, says the Paisley Post.

The best selection of Cut Glass Ware is at Biebers. 40

As The Examiner stated D. R. Jones started last Thursday with his beef cattle for the railroad, but owing to the storm concluded to come back. He started Sunday last and expects to drive through to Gazelle without stopping on the way.

Tom Hastings has greatly improved the appearance of his properties on north Dewey and West streets by erecting handsome picket fences in front of both of his residence places. Clint Linebarger did the work in good style. Mr. Hastings is a progressive citizen.

Read Biebers advertisement. It costs you nothing to do so, but you will be dollars ahead if you investigate. 40

Lem Winkleman, who has been so seriously ill for several weeks with typhoid fever, is out again after a serious relapse. Lem says he wants it understood that the report of his death on Borney mountain was "very much exaggerated." His numerous friends are rejoiced to see him gaining his normal strength.

Bieber's winter stock of clothing is now here. Save dollars by allowing Bieber to fit you out. 40

Read the new announcement of pioneer Charlie Snider in this issue. Snider has the only genuine cloak, cape and fur house in Southeastern Oregon. He gets his winter wraps for ladies in the best establishments in the east, and guarantees every article. He invites the ladies to inspect his stock—the very latest fashions.

The fellow who is in the habit of secluding himself in the public school grounds after night, in a nude, or semi-nude condition, and who frightens women and young girls by his nasty suggestions, will soon be found out, and then there will be something doing in the tar and feather business.

There is always a demand for something good to eat. Bieber has the variety and kind of groceries that create the demand. 40

Attention is called to the advertisement in this issue of J. N. Fitzgerald, the new proprietor of the City Meat Market. Mr. Fitzgerald has a big band of fat beef on hand, and will slaughter none but the best of beef, mutton and pork. With "Pete" Grob at the block as cutter, our people can look for good service at the City Meat Market.

Rev. P. S. Spoon, wife and two children were visitors in Lakeview this week. They were attending the local Association of Baptists at Crane Creek last week. Rev. Spoon at one time occupied the pulpit in the Baptist church in Lakeview and was a resident of our town for years. Of late years he has been living at Honey Lake, Lassen county.

Here's to the friends we love so well, To those so far away me by, If a drink of fine liquor would bring them here, We would drink the old house dry. 40 Post & King, The Wine Room men.

Louis Gerber, the Klamath stockman, has made the following purchases here during the past week: From Wm. Harvey 538 mutton sheep; George Hankins 1,138 mutton sheep; W. A. Wilshire 500 mutton sheep. Mr. Gerber also bought 350 head of beef cattle from George M. Jones of Paisley, the beef to be delivered at Bly next Saturday. Gerber is still skirmishing in this vicinity for more beef and mutton.

Winter! Winter! Old hoary winter will soon be here in all his glory and cold. You'll be sorry if all those Air Tight Heaters at Schminck's are gone before you get one. Now is the time to buy. 39-2

The semi-annual report of the officers of Lake county appears in another column. The report shows that \$27,000 of the public debt in county warrants has been paid off in the six months ending Sept. 30th, and that new warrants to the amount of \$10,000 were issued. The amount of \$2,000 is in the hands of the treasurer for the payment of county warrants, making a total of \$19,000 in county warrants paid off since April 1st. The condition of the county finances is very satisfactory.

Degree of Honor Surprise.
Last Thursday evening after a regular meeting of the Degree of Honor, the committee on entertainment appointed at a previous meeting gave the members of that flourishing lodge a surprise that they will remember with pleasure for a long time to come. It was understood that the entertainment was to be in the nature of a "surprise," and none but the committee, Mrs. Anna Sherlock, Mrs. E. V. Lewis, and Miss Pearl Burrus, knew what the surprise would be. Immediately after the regular lodge work, the committee invited the lady members to choose partners and proceed to the banquet room down stairs. Upon the arrival of all hands in the banquet room the surprise was a genuine one, for there spread out upon the big tables was a tub of water surrounded by tea cups for the accommodation of those who were thirsty, and all about the table in rich profusion were pieces of squash, turnips, cabbage and other good things fit for a cold lunch. While the large crowd stood admiring the layout, but refusing to eat or drink, the committee slipped up stairs, locked the lodge room door, and proceeded to arrange tables that were loaded down with good things to eat. Eight small tables were arranged about the lodge room, each one handsomely decorated, and fairly groaning under its weight of good things. One can scarcely imagine the look of surprise on the face of each member as he or she was admitted to the feast.

Here the surprise was complete. The committee on entertainment was given a vote of thanks and pronounced a big success. The luncheon was an elegant one, and was thoroughly enjoyed by all present. Dancing and games were enjoyed until midnight. The Degree of Honor is rapidly increasing in membership, and has on its roll some of the best people of the town.

Shirk Sells More Land.
W. H. Shirk, local agent for the California & Oregon Land Company, appears to be a rustler in that capacity. Last week he sold to Joseph Howard of Drews Valley two sections or 1280 acres of land adjoining his Drews Valley property. Part of this is agricultural and the remainder grazing land. He also sold two sections to Columbus and John Loftus at Crane Lake, and a section and a half, part meadow and the remainder grazing, to Jas. Boyd and Mrs. Clara E. Anderson at Bly.

Fine Hotel to Lease.
I am prepared now to lease for a term of years to any responsible party my new hotel property, formerly known as the Cottage Hotel, on Water Street in Lakeview. The property has just been remodeled, renovated, painted and papered, and it is in first class condition for the party who desires to engage in the hotel business. For full particulars call on or address the undersigned at Lakeview, Oregon. 40tl W. K. BARRY.

Loads of Fruit and Flour.
Three big freight teams arrived here last Saturday from Harney county, and went to New Pine Creek Sunday to load with flour and fruit for the residents of Sylvies river. Every year great quantities of Goose Lake flour and fruit are shipped to our neighboring county Harney. With the splendid young orchards soon to come into bearing in this valley we will have sufficient fruit of the hardy variety to accommodate all who come for our product.

Piano Tuner Coming.
M. A. Phelps, the well known piano tuner will be in Lakeview about the last of this month. Those needing the services of Mr. Phelps should hold their work for him, as he is an adept at the business. 40-1

Great Prosperity.
All through the north are indications of prosperity, says the Reno Gazette. The building of the sixteen-mile extension of the N-C-O north from Terno has been a great promoter of industry. The new town of Madeline shows that. The way town lots are going the place promises to outgrow Susanville, and that before the fall of 1902.

To Give a Concert.
Lakeview people are to be treated to a first class concert on or about Oct. 23rd. Prof. Dahn will lead the musicale, assisted by local talent. The program will be an interesting one, and something that Lakeview is not often treated to. Further notice of the affair will be given later on.

J. Mitchell-Innes, breeder of fine stock in Chewaucan, was a visitor in Lakeview for a few days during the week. Mr. Innes will drive his beef to the railroad and sell them. In speaking of the land leasing proposition Mr. Innes said he thought it was a "humbug." Had such an act been passed years ago it might have worked to the benefit of all stockmen. He says it would be a bad thing for Lake county were the land leasing proposition to carry, as one big firm could probably control nearly all the range in the county.

AYRES, WHITWORTH & AYRES

THE INSTITUTE.
[CONCLUDED FROM FIRST PAGE.]
Superintendent Ackerman now took up the subject of Civil Government and showed how it was related to history. Noon recess was now taken. Afternoon, Superintendent Ackerman gave a good explanation of why we invert the divisor in division of fractions. Next was Nature Study by Professor Campbell. He showed that this study though comparatively new is gaining in popularity, and cannot help but be a great educational factor. He gave many valuable hints as to how the subject can be correlated with others. The gentleman then took up the question box, and after disposing of the questions he gave some little mottoes. He said: "do not take your recitations from your digests, but from your admirations." "Opportunity is measured by preparation."
The Institute was now closed and the fact that every teacher was present at every session without being tardy is sufficient proof that the best Institute that Lake County ever had was over. The night sessions were very interesting and the lectures highly appreciated by all who attended. On Monday night Mr. Campbell spoke on "Industrial Ideas in Public Education." On Tuesday evening Mr. Ackerman spoke on "The Educational Outlook." The instrumental music by Miss Fern Butler was one of the pleasant features of the evening sessions. Many of our townspeople attended these sessions. HOMER.

Fred Bogner.
As was stated briefly in The Examiner last week Fred Bogner, the Lakeview brewer, died at his home in Alturas at 10:30 o'clock a. m. on Oct. 2d, after a brief illness with typhoid fever. His employers here say that deceased was ill for a few days before going to Alturas, and that they tried to prevail upon him to quit work and go to bed, but he refused to do so, remarking that he was all right. His funeral was held at Alturas on the 3d inst. The Plaindealer says there were few among the old residents of Modoc county who did not know Fred Bogner. He was 51 years of age and leaves a large circle of friends to mourn the sudden ending of his life. He also leaves a wife, two daughters and two sons, who have the sympathy of the community. There are a number of people in Lakeview who knew Fred Bogner, and liked him, and were sorry to learn of his death.

Bunting Sells Herefords.
F. O. Bunting, proprietor of the Drews Valley Stock Farm, and breeder of pure blooded Hereford cattle, is already reaping the reward of his enterprise. Last Monday he sold to J. E. Mitchell-Innes ten registered Hereford bulls. Four of these fine animals 18 months old brought him \$125 each, and six yearlings \$100 each. He also sold an 18-months' old bull to Dicks Bros. of Crooked Creek, for \$125. Blood will tell.
