

## GOOSE LAKE VALLEY.

From The Oregonian.

The Goose Lake Valley is a wonderfully fertile region, growing with little trouble all the temperate zone products. There is small incentive to extensive cultivation of the soil now, however, because there is only the local market to be supplied. Railroads are aiming for that country from two directions, one from the north and one from the south, and they promise to give it an adequate connection with outside markets within the coming two years. There is plenty of Government land, though the matter of watering it is one fraught with more or less difficulty. Irrigation works will bring thousands of acres under cultivation.

There is comparatively little valuable timber in Lakeview district. It is pre-eminently a grazing region. Some of the finest horses in the world have been produced there. Cattle and sheep also cover the range in great numbers. Mineral springs are numerous. There is room for much exploration in that district of natural curiosities and varied industrial possibilities.

## Tot Causes Night Alarm.

O e night my brother's baby was taken with croup," writes Mr. J. C. Snider, of Crittenden, Ky., "it seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from Croup and Whooping Cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infallible for Coughs, Colds, Throat and Lung troubles. 50c and \$1.00. Trial bottles free at Lee Beall's Drug Store.

## Kidnapped Miss Stone.

A detailed account of the capture of Miss Ellen M. Stone, a missionary in Turkey, has been received in a letter from Miss Haskell of Samova, to a relative in Kansas City, Mo. The letter says Miss Stone had been holding the usual summer school for Bible workers in Bansko, Macedonia. On September 3rd a party, including Mr. and Mrs. Tsilka and Miss Stone, started for Djuma. As they were resting in the mountains they were surrounded by thirty or forty armed men, who drove the party up the steep mountain side. After going for hours a distance, the brigands stopped and demanded their money. When this was over some of them said to Miss Stone:

"We want you," and ordered her and Mrs. Tsilka to go with them. Mr. Tsilka made a move to follow his wife but they forced him back. A part of the brigands kept watch on those that remained, to keep them from hurrying to inform the government, but the next morning they let them go.

## A Fiendish Attack.

An attack was lately made on G. F. Colner of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, or sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at Beall's Drug Store.

## Mountain of Copper.

There is considerable excitement over the rich copper find made by McVey & Company in the Siskiyou mountains, near the headwaters of Elliot Creek, at the Oregon line, near Ashland, where a whole mountain of copper was recently uncovered. A number of representatives of large syndicates have been viewing the property during the past week, and pronounce the location an ideal one for a copper mine and smelting works, there being abundance of both fuel and water. The present owners of the property are holding their interest at \$25,000.

## Alfalfa For Sale.

I have three hundred tons of alfalfa hay and one thousand acres of first-class pasture for sale at a bargain. I will feed the hay at Four Dollars per ton in excellent feed yards. Write to the undersigned at Klamath Falls, Oregon, or call on H. D. Stout, at Lost River Gap.

CHAS. C. LEWIS,  
40-1m Klamath Falls, Ore.

The Lakeview land district is the largest of the six in Oregon, comprising the whole of Lake County and part of Klamath, Crook, Harney and Malheur. It is sparsely settled. Most of its area is in the semi-arid grazing belt, but there are localities well suited to general farming and fruitgrowing. Lack of transportation facilities operates to retard development of the district.

## Stepped into Live Coals.

"When a child I burned my foot frightfully," writes W. H. Ends, of Jonesville, Va., "which caused horrible leg sores for thirty years, but Backlen's Arnica Salve wholly cured me after everything else failed." Infallible for Burns, Scalds, Cuts, Sores, Bruises and Piles. Sold by Lee Beall, Druggist.

A crowd of young men have been in town this week, who drove to Montana large bands of cattle from Silverlake, Oregon, belonging to Hagan, says the Yreka Journal. A trainload was shipped below Tuesday and another train on Wednesday. There will be several more drives from that section before the roads are closed by winter storms.

There is some talk among some of the local lodges of getting up a McKinley Monument Fund. There should be little talk regarding this matter. Fifty cents or a quarter from each member of the various lodges would make a neat little sum to assist in building a monument to our martyred President—and that monument cannot be too grand as a token of respect to the dead President's greatness. The McKinley monument should be the greatest ever constructed in this country.

Hon. W. T. Cressler returned last Thursday from Guano, where he has had a large force of men engaged in constructing a huge reservoir for over two months. The reservoir is well made and will hold sufficient water to irrigate a large body of land. Mr. Cressler intends building two other reservoirs out there next summer. He is the first man to take steps to control and utilize the water and will reap a large reward by changing the sage brush plains into green fields and hay land, says the Cedarville Record.

## Stricken With Paralysis.

Henderson Grinnett, of this place was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured. Geo. R. McDONALD, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. Sold by Lee Beall, Druggist.
