### Robbery at the State Line.

On Thursday night, Nov. 14th, the merchandise store of Gibbins & Hartog at New Pine Creek was entered and robbed. Entrance was made through the rear door, and the burglars carried away goods to the amount of about \$1,000.

A suit of clothing, shoes, underwear and tobacco were among the articles taken. Evidently the robber wanted to "dress up." He was particular about the size of shoe—No. 8. The money drawer and the safe were not molested.

We have not heard of suspicion being attached to any one in particular, but it is safe to say that the party will not wear his new "togs" about the State Line town. This is the second robbery at New Pine Creek within the past two months. About Sept. 16th, the post-office at that place was entered and robbed of a considerable amount.

### Mr. and Mrs. Fred Moore.

The Examiner is in receipt of a letter from Fred Moore, the talented actor, who with his equally talented wife and their little eight-year-old son actor, desire to come to Lakeview for the winter and engage in local dramatic entertainments and to teach a class in elocution. The Moore's have been engaged at Klamath Falls ever since the Rudewin Company left Lakeview, and their work there has been highly appreciated by the local public. Mrs. Moore has been instructing a large class in elocution, and with her husband, have given several very interesting performances of a theatrical nature, assisted by the local talent at the Falls. It is their desire to organize a class in elocution in Lakeview, and to engage public attention to numerous dramatic performances here during the winter. A committee of ladies has been appointed to attend to the matter and to organize a class for Mrs. Moore, and otherwise induce these talented people to come to Lakeview and live with us.

### Finally Acknowledged It.

The Klamath Express now acknowledges the "Manila itch" is small-pox. That paper says:

It is small-pox but in a mild form and is more disagreeable than dangerous, if reasonable care is taken—such is the opinion of all the doctors here concerning the epidemic which has been in progress the past month.

The town council last Thursday had every infected person ordered to their homes or the post house, which they have rented for six months, and then put out yellow flags and established guards at all the quarantined houses to prevent egress of the occupants or visiting by anyone but the patient's physician. Since then there has been no fear of the spread of the disease and all patients are recovering.

It is now considered entirely safe for anyone to be on the street or in any public or private place in town, aside from those quarantined and displaying the yellow flag.

### Hampton Ranch Again Sold.

A real estate deal was consummated this week wherein McCormack became the possessor of the Joe Hampton stock ranch in Summer Lake, consisting of 520 acres of land, 50 head of cattle and half the horses and farm implements belonging to Hampton Bros., says the Post. The price was withheld, but a few weeks ago C. B. Parker made a deal for the same property for which he was to have paid \$6,000. Mr. Parker failed to make other deals materially connected with it and the trade fell through.

### The Grand Masquerade.

The fun-lovers of Lakeview are looking forward with much pleasure to the grand masquerade ball to be given by Messrs. Handley and Batchelder on Christmas night, and many are deciding on the costumes to be worn on that occasion. From now on there will be a rush of orders for costumes. The catalogue of the well known furnisher Goldstein & Co. of San Francisco can now be seen at the Monogram and orders for costumes will be taken there from all who desire to go en masque.

All orders will be taken in strict confidence; cash must accompany each order; correct measurements will be taken to insure a good fit; costumes can be had from \$1.50 up; orders must be in at the Monogram on or before December 10th, in order to insure their early arrival. Go to the Monogram early, see the catalogue and select your costumes. This is going to be the greatest mask ball ever given in Lakeview. 46-2
