

**LOCAL PICK-UPS.**

Mr. and Mrs. Isaac Robnett of Willow Ranch who recently went to California for the winter are located at 763 Grove street, Oakland. Their son and daughter Daly and Millie are attending the Polytechnic school at that place.

Now is the time to get your winter reading. The Examiner has numerous copies of all classes and kinds of papers and magazines to select from, and they will be clubbed with The Examiner at a reduced rate. Come in and see them.

The Plaindealer of Alturas shakes its fist at the grand jury system. It is somewhat of a nuisance, and we are surprised that California holds on to it so well. Oregon abolished the grand jury system during the last legislative session.

Mrs. Sabilla Reinert of Allerton, Pa., recently secured the conviction of her 16-year-old son Benjamin on the charge of stealing 12 cents from her. She incurred costs in the case amounting to \$50, and the boy was sentenced to jail for three months.

The burglars who robbed the store at Pine Creek have not yet been apprehended, but it is understood that the party or parties who committed the deed are well known residents of that section, and that they are getting ready to leave the country.

Everybody loves flowers. The pink is one of the most fragrant, and the Palo Alto Pink is a "jewel in the bed of flowers." Beall, the druggist, has all the latest and best perfumes, among them Paul Reiger's California perfumes made from Palo Alto pinks and other flowers. See Beall before you purchase perfumes.

The winter time schedule will take effect on the N. C. O. Ry. Dec. 1st. On and after that date trains will be run daily (Sundays excepted), leaving Reno at 9 a. m. and arriving at Terro at 6:40 p. m. Returning, leave Terro at 8 a. m., arriving at Reno at 5:30 p. m.

"This would be a dog-goned good place for any feller who's got any git up and git to him to start an iron foundry," says about six of our exchanges from as many small towns. We might add, "same beyre," but there are other things we want "wuss 'ner foundries—we want a grish mill."

Elmer Reed was up from Pine Creek last Tuesday. Mr. Reed will start for San Francisco next Monday in company with Mr. and Mrs. Dexter Amick, and the trio will take a six months course at a business college in that city. John Reid will take them to the railroad at Red Bluff.

A charivari brigade awaited the arrival of Editor C. O. Metzker of the Post and bride at Paisley, and on Monday night the tin cans, cow bells, horns, etc., made things lively in Paisley town for awhile. The boys were immediately invited to partake of many things to eat, drink and smoke.

The two wives of Arthur Mutch, the bigamist tailor who took flight from Redding, are doubtless of the opinion that while one wife might have found his charms sufficiently alluring there could be no adequate division of him for both and two wives were too much, says the Redding Free Press.

Mr. and Mrs. E. M. Brattain, Mr. and Mrs. R. A. Hawkins and Mrs. Best, mother of Mrs. Brattain and Mrs. Hawkins, left Monday for Cedarville, in response to a telegram to the effect that Mrs. Hill, a daughter of Mrs. Best, was critically ill. Mrs. Hill has been suffering from numerous cancers, and not long ago went to San Francisco to have one removed.

One of the finest warm Summer Webfoot rains prevailed nearly all day Monday and continued Monday night, depositing .65 of an inch of moisture on Mother earth. One peculiarity of the rainfall during the night was that thousands of angleworms were found to have dropped with the little drops of water, and were discovered next morning crawling over the ground, on sidewalks, fences and everywhere. The thermometer stood at 43 during the night.

Geo. Conn, who came down from Paisley last Friday to attend the meeting of the Telephone company, says that the report that nothing has been done in the Chewaucan and Summer valleys to encourage the farmers to raise more grain is a mistake. He says he has done everything in his power to induce a large production of grain, and that he would keep his mill running constantly if there were any grain to grind. Mr. Conn put in a large amount of wheat this last summer, and would have had a big crop but the rabbits destroyed it. He purchased a \$1,000 threshing machine for the use of the farmers in that neighborhood.

Under the new law a 3 per cent rebate will be given to taxpayers if they pay the full amount of their 1901 taxes before Feb. 15th, 1902. And if not paid by the 1st of April the taxes become delinquent and 12 per cent is added, thus making a difference of 15 per cent to the taxpayer. Sheriff Dunlap is preparing notices and as soon as the tax roll is turned over to him every taxpayer will receive a statement of the amount of his taxes.

The marriage of Nellie Victor Tozier of Portland and Edward Everett Cox, of Hartford City, Ind., was solemnized at Portland last week after the death of County Clerk Holmes, and County Judge Calk held that it was not legal. They had started for their new home in Indiana when they were apprised of this fact, and stopped at Chicago and were re-married. Mrs. Cox is a sister of Albert Tozier, president of the National Editorial Association.

Probably next spring an office will be erected for the use of the Lakeview-Silver Lake Telephone line and the California and Oregon Telegraph line, which will make it much more convenient for all concerned. A switch board will then be put in or as soon as practicable, so that all the business men and residents can put in phones and connect with the main line. H. C. Whitworth offers to put up a building on his lot opposite the Hotel Lakeview for this purpose.

Thos. S. Walker & Sons have purchased about 75,000 acres of timber land in this county, principally superior sugar pine, of great value, and are now purchasing other timber claims in Shasta, Lassen and Modoc counties of this state, and in Klamath and Lake counties, Oregon. Their holdings, altogether amount to somewhere near 300,000 acres. In addition to this they have lately purchased the extensive holdings in this county of Scott & Van Arsdale, together with their railroad, and may probably buy out other holdings.—Yreka Journal.

On Tuesday, November 19th, a quiet wedding was solemnized at Cedarville which united the lives of Albert L. Baly and Miss Rosa A. Walls, says the New Era. The ceremony was performed by Rev. Telfer in the parlor of the Golden Eagle hotel, and was witnessed by only a few relatives and friends. The bride is one of Cedarville's beautiful and charming young ladies, while the groom is well known and highly respected in Surprise Valley. The young couple will reside in Cedarville this winter, but in the early spring they will go to Warner valley to reside. We join their many friends in wishing them a long life of happiness and prosperity.

Amedee, the terminus of the N. C. O. Ry. for a number of years will soon be a town of the past. The depot and station is being moved six miles away from there where there are some large hot springs. At one time Amedee was expected to become a large city. A large hotel was erected there, besides numerous other buildings, and a newspaper was established, but the latter was of but few days and all wind. Real-estate dealers boomed the place, and photographs of orange orchards were sent to eastern people. Much land and town lots were disposed of in this way to innocent people. Located as it is on an alkali desert, few people are anxious to make this their home. Madeline will be the new terminus of the N. C. O.

**Reid-Charlton.**

Last night at 8 o'clock the marriage of Mr. Frank Reid to Miss Cora Charlton was solemnized at the Reid home on Dewey street by Judge Tonningson. The bride is the eldest daughter of Mrs. A. W. Charlton, whose home is one mile south of Lakeview. Mrs. Reid who graduated a few years ago from the Lakeview high school has been a prominent teacher of the county. Mr. Reid is a well known stockman of Lake county.

After the ceremony the happy couple were driven to the home of Mrs. Charlton south of town. They will make their home in Lakeview.

The Examiner joins in wishing long life and happiness.

**Artillery Horses Wanted.**

I will buy broken or unbroken horses for artillery use at Alturas on Friday and Saturday, November 29th and 30th; at Fort Bidwell on Tuesday, Dec. 3d; at Lakeview on Friday and Saturday, Dec. 6th and 7th, and at Paisley on Monday, Dec. 9th. These horses must be geldings 15 1/2 to 16 hands, weight 1050 to 1500, smooth, bays and roans, four to eight years old. GEO. H. BAYLEY. Reno, Nov. 22d.

She—I shall marry no man who is not a hero.

He—Say you'll be mine and I'll prove that I am one.

"Oh! Adolphus, how?"

"I'll go right in and 'ask papa.'"—Philadelphia Bulletin.

In another column will be found the notice of Geo. H. Bayley, the Reno horse buyer. O. P. Benefiel assisted by W. Z. Moss, will also buy horses at the same places and same dates.

John Collins has purchased about 115 head of horses and mules in this county and will start this week for California where he will break them during the winter for the market.

O. P. Benefiel the horse buyer, who is here buying horses to fill a contract for the English government, started 75 head to Ontario yesterday. J. T. Garrett and C. E. Parker, two Harney county boys who helped deliver 50 head of horses at Amedee for the Boer government, will drive the horses.

Messrs. Lawrence and Stewart who started last week with a bunch of mules for the eastern market, concluded to purchase some more mules in this country. Mr. Ed. Stewart returned with Mr. Fred Terry of St. Joseph, Mo., a horse buyer, and together they will take in this entire country, and will go out as far as the P. ranch.

J. C. Dodson returned from Amedee last week where he went to deliver some horses he bought in Harney county for Baily, the horse dealer, who has a government contract. Jim says the Captain who comes up from San Francisco to Amedee to inspect the horses before accepting them is very particular and if they don't just suit his fancy they are rejected. Jim will shortly go up into Harney and Baker counties after some more horses.
