### Cigar Smokers Take Notice.

Hereafter all of the cigars that I manufacture will be banded, and each band on the cigar will entitle the smoker to one chance in the list of prizes that are to be given away; so naturally the more bands the smoker gets the more chances he will have to win a prize, therefore it behooves all smokers to call for Sharp's cigars, and at the same time get a good smoke. I will also say that I have received a new stock of very fine imported tobacco, and the cigars that I put out to the trade will be better than those made before. A trial purchase will convince you. I will also say that I know that some have a brand of cigars that they like and smoke all the time, which is right and proper; but when it is immaterial to a person what brand he smokes, so long as he gets a good cigar, I would ask them to call for a home manufactured cigar. Every dealer in Lakeview has them on sale, and your patronage will certainly be appreciated. The following brands are of home manufacture: "The Whorton & Smith," "The Brobery," "Alhambra," "Lakeview," "Judge H. L. Benson," "Pampola," "The Leader," and a few others.

The drawing will take place on Saturday evening, March 1st, 1902, at some store in town, so that all parties having chances will be able to see the drawing. There will be 20 prizes in all, any of which will be worth winning.

All of my cigars will have bands with different numbers from one up. There will also be a duplicate number to correspond, these will be put into a box and shaken well, then as the lucky numbers are taken out they will win the prizes according to the list. Following is the list of prizes, valued at \$75:

1. Gents 14k gold watch warranted for 25 years, Elgin movement.
2. Photograph album, very fine.
3. Box of 50 good cigars.
4. " " " "
5. " " " "
6. " 25 " "
7. " " " "
