

ADELLE DE ALONQUON

Secret of the French Court Found in an Old Clock Says She Was Daughter of Orleans.

The Cincinnati Enquirer publishes a story regarding the discovery of a manuscript manuscript of an old clock in the city of Gallipoli which reveals a secret of the French court and shows the reason of the visit to that city in 1789 of the Duke of Orleans afterwards Louis Philippe of France.

The discovery was made by Claude M. Wall while taking apart an old French clock which has long been standing in the storage room of his store. He found a secret drawer in the clock which contained an old parchment manuscript in French, wrapped with a child's thumbprint, and covered and bearing a monogram. A piece of fine lace was also with the manuscript.

Upon translation the manuscript proved to be a "true history of Adèle de Monquon." It bore the signature of Louis de Vassquez, and was dated October 1, 1800. It was addressed to Adèle, apparently to be given her when she grew to maturity. The substance of it was that Adèle was the daughter of the Duke of Orleans. Her mother died at the church of the garment of the rock at Gallipoli where there was a remarkable inscription that he became her precipice and finally after the visit of the Duke of Orleans to Gallipoli, he decided to seek Adèle to a Catholic school in France. The mother of Adèle not being of royal blood, the marriage was kept secret. Mr. Wall presented the manuscript to the French Ambassador at Washington and portions of the paper were framed and hangs in a room made public.

The Grand Canon of the Arkansas,

Exceeded a little among all the canons of Old Age, being situated on the main line of the Denver & Rio Grande between Canon City and Salida in the foot range of the Rockies, it is the most spectacular, awe inspiring and magnificent. Descending nearly a mile in the heart of the great mountains, it dashes the rugged waters of the Arkansas River, dashed into foaming fury and dashed into spuming spray by the swift descent through the tortuous defile. So narrow is the passage at one point that there was no room for both road and river, and therefore a curiously constructed bridge of steel had to be thrown across the upper mountain stream, the stone wall on each side perpendicularly. And right here can be seen the effects of all the canon's grandeur, that which has been aptly called "the Royal Gorge." For two thousand six hundred feet the solid rock the soar upward—five times as lofty as the Washington Monument, the highest permanent structure reared by the hand of man. No words can adequately describe the magnificence of the scene. Only those who have beheld its glories can appreciate them.

This is but one of the many wonders of nature revealed to the traveler on the Denver & Rio Grande Railroad, "The Scenic Line of the World."

For detailed information about this most delightful trip to the East, address J. D. MANSEFIELD,

Great Northern System,
Portland, Oregon.

It tipples The Globe.

The famous Bucklin's Amara Salve, distributed in the world, extends around the earth. It's the one perfect healer of Cuts, Burns, Bruises, Sores, Scabs, Boils, Ulcers, Tumors, Aches, Pains and all Skin Eruptions. Only in tippable Pictures. 25 cents a box, at Lee Bell's druggist.

E. W. Grove

This signature is on every box of the genuine Laxative Bromo-Quinine Tablets—the remedy that cures a cold in one day.

Columbia Southern Coming.

It is now almost a certainty that the Columbia Southern Railway will be speedily extended southward into Eastern Oregon from Shamsko to Bend, on the Deschutes river, in Crook County. A branch will be run up the valley of Crooked Creek river to Prineville. Engineers are now in the field to establish the final survey.

The Oregonian says that Portland's trade will be greatly extended by the construction of the proposed extension. A considerable part of Lake and Klamath counties which now have their commercial relations with San Francisco will find it easier to reach Portland after the road to Bend shall be completed. A wider extent of country will be opened this way, and increased development will amount to opening a new empire at our door. Further, because of this railroad are contemplated trips going to Lakeview and around the Barlow. This may come next year. Then eastern Oregon will be fully supplied with transportation. What will tend to bind Oregon to its sister states will be its ports.

Notice to Taxpayers.

We are informed that the Lakeview tax collector has now no more than \$1000 left in his safe, and has sent his memo dated April 1st, last, to Dr. R. V. Pierce, of April 1902. Provided, however, that one-half of said taxes be paid on or before the first Monday in August, 1902, and the remaining half later before the next Monday of October following, said tax will not be deemed delinquent. But if the remaining one-half of such tax be not paid on or before the first Monday of October, then such remaining half shall be delinquent, and, besides the penalty, interest thereon shall be charged and collected at the rate of one-half percentum per annum from the first Monday of April preceding; and upon all delinquent taxes there shall be collected from the taxpayers of such taxes, for the benefit of the county, ten percentum as a penalty.

H. R. DUSAP,

Sheriff, Lake County,
Lakeview, Oregon, January 23, 1902.

Scouring Mill For Ontario.

There is every indication that Ontario, Oregon, will have a wool scouring plant in operation by July 1st, this year. The prop. is Stephen Carver, president of the Bank of Ontario. The proposed plant will be of ample proportions to take care of the entire clip of Malheur and Harney counties. Thus season the clip of both counties amount to 1,200,000 pounds. The saving of freight charges on the young clip will be \$20,000. There will be a soap factory in connection, and other smaller business enterprises incidental thereto. The charges will be fixed for a small sum.

A well secured mill is the one great enterprise that The Examiner has been trying for a long time to have established in Lake county. Lake county produces as much wool, or probably more, than Malheur and Harney combined, and it Ontario can find a man with sufficient energy and enterprise to establish a plant of this kind, surely Lakeview ought to find a few such men. A scouring mill would certainly be a great enterprise for Lake county.

Heirs of Peter J. Gergen, whose will was filed for probate at Milwaukee, Wis., the other day, probably will be forced to resort to higher mathematics to ascertain the amounts to which they are respectively entitled.

In its directions regarding the distribution of the estate, which is valued at \$2,500, the will is a anomaly. The property is to be divided among the widow and eight children, and the allotment to the children is made in the following language:

"Mary to receive for her share \$200 more than the other children, Nicholas to receive \$50 less than the other children, John to receive \$70 less than the other children, Anna to receive \$10 less than the other children, Joseph, Peter, Gabriel and Frank to receive an equal share, which shall be \$200 less than Mary, \$50 more than Nicholas, \$70 more than John and \$30 more than Anna." Peter Gergen, one of the sons, was named as executor in the will.

HOPELESS CASES.

When the doctor leaves and says the case is hopeless, what remains to be done? Nothing, if the doctor's word is final. Much, if you will listen to the statements of men and women who were once "hopeless cases," given up by doctors, and who were perfectly and permanently cured by the use of Dr. Pearce's Golden Medical Discovery.

Nothing is more true than that thousands of men and women with diseases, injuries, disfigurements, disabilities, etc., have been restored to perfect health by the use of the "Discovery." Will it cure you?

It has cured in many right cases, one of every kind, disease, etc., in a quick, sure and faithful way. No doctor can have only two cures in a hundred failures, and many will claim a lot, failing to protect him. Dr. Pearce's Discovery.

Some years ago, Blackwater, Arkansas, was a pestilential place, and many people and animals died there. Dr. Pearce's Discovery was used, and the disease was soon removed. Dr. Pearce's Discovery.
