Brother William
Dear Sir: I have received your letter from you and I am very glad to hear that I could drop you a line. I am feeling much better in fact, I am all straightened out again; thanks to you. Let me hear from you, and tell me if I need any more medicine.
I remain, MRS. LAKE NEWCOMER, Ukiah, Fort Bragg, Mar. 7, 1901.

Brother William
Dear Sir: We have great pleasure in recommending your medicine for the cure of rheumatism, kidney and liver trouble. For ten years I was afflicted with kidney and liver trouble; for the last three years with rheumatism. Since taking Quaker medicine for five weeks I am able to walk easily and am very much better of kidney and liver trouble. My eyes are also very much better. We want to tell you how much we thank you for the medicine and the good it has done me and hope others will try it, for we have great faith in the Quaker Doctors' medicine. Others here are also benefited by the medicine. My knee was stiff and painful. Now

I can walk quite a long ways. You thought I could walk in three months, but in five weeks I am so much improved, we feel that we shall soon be well. We are willing that this should be read to anyone, as we are more than pleased with the medicine. Yours respectfully,
MRS. W. GIBBS, Ft. Bragg, Cal.

Good Alexander of Manchester, Mendocino county, cured of partial deafness of four years' standing.
Mrs. Alford, of Westport, Mendocino county, cured of stomach, liver and uterine trouble of several years' standing.
Uterine tumor removed from Sister Mary Behrens, of Healdsburg, without pain or without the use of the knife.
Chief Gebauer, of Healdsburg Fire Department, says, after taking treatment from the Quaker Doctors, was the first time in three years he had been free from pain.
Monster tape worms removed from Miss Rosy Hall and Fred Hulner, of Healdsburg; from Orin Franier, of Ft. Bragg; from Fred Klompi, of Ft. Arena, after prominent and other local physicians had failed.

Brother Tully, a resident of Petaluma for over twenty years, says: "I had received such good results in the treatment of catarrh and a complication of liver and stomach troubles, with the Quaker remedies, that he wishes to hold in his name as a grateful patient."
A monster tape worm removed from Mrs. Rosalia Benin, wife of the conductor of the logging train at Hamilton, Montana, after several doctors had attempted and failed, one doctor starving her for five days before giving her the medicine—the Quaker Doctors removed it in less than three hours.
Mrs. Mary A. Howe, a twenty-five years resident of Petaluma, says that "when the Quaker Doctors came to Petaluma I was suffering from what I was beginning to believe was cancer of the stomach; and I was in such a weakened condition that I could not walk. I was also troubled with a kind of eczema which baffled the skill of all of Petaluma's local physicians. I believe it my duty to state that by using the Quaker remedies I am so improved that I am able to get around with all the ease of anyone of my age and that the troublesome skin disease has entirely disappeared."

Henry Knox, of Alturas, cancer of the neck of eight years standing in twelve days, without the use of knife or causing any pain.
Mrs. Chas. G. Wootley, of Petaluma, offers the use of her name in testimony of the good results received in the treatment of a case of heart trouble, the result of a disordered stomach, by the Quaker Remedies.
Mrs. Jessie Duerson, of Penn Grove, says: "I was affected with a case of stomach trouble that became so bad that I could barely retain anything in my stomach at all. I tried all the doctors who thought they could improve my condition without results, until I went to the Quaker Doctors about three weeks ago, and now I feel that I cannot say enough in praise of the good work done by these specialists."
Sister Fuller, of Petaluma says: "I have but one objection to make in regard to the Quaker Remedies, and that is they have so increased the appetites of my family that my duties as cook are becoming burdensome."

LOCAL & PERSONAL COMING & GOING

The Modoc trial is still dragging along. Judge Harrington, and Attorney Raker for the defense, keep up their snapping and snarling but never bite. There begins to be a lurking suspicion that the bickerings are all put on for effect; that the judge sympathizes with his countrymen in the matter, but must, for decency's sake, keep up a show in favor of the prosecution.—Willows Journal.

The Anderson (Cal) News says that "Mrs. Baer, who with her husband was recently arrested in Oakland for passing counterfeit money, was a resident of Anderson about fourteen years ago." At that time she was the wife of Fullen Hendricks, and was engaged in the restaurant business. The Hendricks' were also residents of Adin, Modoc county, Cal., for a few years. The last the writer knew of Fullen Hendricks he was a member of the Salvation Army in Sacramento, and beat the big base drum.

St Valentine's day—tomorrow.
