A fumigating station has been established in the lane near W. A. Baglew's place, south of Paisley, by order of County Judge Tonningson, who visited that place last week. E. C. Stickel is the official "smoker" and invites everybody passing his way to drop in and be sociable.

Twelve couples of Paisley's prominent people were arranging to come to Lakeview to attend the W. O. W. ball on the 21st. County Judge Tonningson and County Physician Hall visited Paisley last week for the purpose of investigating the smallpox talk at that place. The Post says that Fred Davison, who has recovered from the disease was released from quarantine restrictions, and more will follow in a few days. Bonner, the Cedarville banker. Death came to the young woman in Berkeley, Cal., on the 8th inst, after an illness of a few days. Prineville Review: Hon. W. P. Keady returned last Saturday from Lakeview. In going to and returning from that place he indulged in several sulphur baths. The people in that section are using every precaution against the spread of smallpox. At different places they halt all who may come along and put them into a tent and give them a taste of brimstone, and then let them go on their way rejoicing. This is a wise precaution and will prevent the spreading of the disease.

A MORAL.

There was a man in our town
Who wasn't overwise;
He started into business,
But didn't advertise.
Of course there is a moral
Connected with this tale;
He runs an advertisement now—
It's headed "Sheriff Sale."

England's Defl.

A London dispatch of Feb. 4th says that the British government replied to Dr. Kuiper, the Dutch Premier, that if the Boers in the field desire to negotiate for peace, negotiations can be entered into, but only in South Africa. FITZGERALD & SCHWEINFURTH.

Albert Denning, proprietor of the Warner blacksmith shop, returned last Saturday from a hunting trip to Lake county, Oregon, and his shop is again opened for business. He was gone only two months, and killed 100 coyotes, for which he obtained a bounty of \$2.00 each. Killing coyotes for bounty in Oregon is very profitable, if carried out just right.

Flavored and seasoned in wood, rich and elegant with the best materials used by Distillers, it is no wonder that Jesse Moor is the leading whiskey in the world. 33

It Was No Joke.

D. M. Gloster, the well known traveling man, was found dead in a wagon on the road to Tonopah last Monday. Dan Gloster was well known in Reno and had a ranch in Sierra Valley. He had a wonderful voice and could be heard a great distance when talking. He was of a joking nature and remarked that as he was going to Tonopah he thought that he would get himself measured for a coffin before he started. He made this remark a day or two before leaving Reno for that new mining camp.—Reno Ledger.
