(To the Editor.)—I am a constant reader of the welcome Examiner from Lakeview, and like to see New Pine Creek represented in its columns, so here goes for a few lines regarding the activity of our town and surroundings.

Oliver Charlton returned from Reno, Nevada, last week. He assisted Benefield and Moss to take a bunch of horses to that point.

James Kirkpatrick a Davis Creek cattleman, is feeding about 200 head of cattle at the Fleming farm.

The married men produced the long-looked for banquet on the 28th ult., and it was a grand success in every particular. Captain George Hamersley and his volunteers deserve much credit for the way they entertained such a hungry multitude. Many were heard to remark that they had fasted for days for the occasion. A more enjoyable affair is seldom witnessed. This feast was the outcome of the Rabbit Killing contest, which was on the first week in February between the married and single men. The latter came out victorious. Capt. B. Wade and his braves, in order to show their appreciation of the efforts of the vanquished to please, did the proper thing by opening up their Havanas. At 9:30 o'clock the committee of ladies began serving supper and the service continued by no means. After supper a large crowd repaired to the dancing hall to trip the light fantastic.

Our city is badly in need of a tow car has just now. The sidewalks have become out of sight.

It is reported, how true I do not know, that J. M. Reed and C. M. Taylor have sent to Reno after gardeners of the Italian type.

School Superintendent Willis notified the school directors of the Kelly Creek district that Chester Easter was disqualified to teach because of his certificate maturing. Mr. Easter failed to take the late examination held at Lakeview. "Chet" has the sympathy of most of his associates, as they know of one great attraction and charm Pine Creek has for him. However, there is one surely who will use every effort to console our friend in his misfortune.

George Hudspeth stopped over here Sunday and Sunday night. His numerous friends were glad to welcome him home. George appears to enjoy the salubrious climate of the State Line town.

If this don't go to the waste basket I may give you a personal call, Mr. Editor, and help push on that lazy wheel that grinds out the news in The Examiner office. Hello Peat.
