It is the belief that during the late storm the snow fall in the mountains of Lake county has been heavier than for years and that the subsequent cold snap will harden the snow to insure its remaining on mountains and in gorge and canyon for many months. Doubtless an abundance of water and good grass will be the result for the coming summer.

Wm. Harvey, president of the Lake County Telephone Co., was in town Saturday night attending to business, says the Paisley Post. Mr. Harvey says there would be no object in the present owners of the telephone system selling the line to any other company, as it was built by the farmers and business men of the county for their own benefit and convenience.

A subscriber of a neighboring exchange wrote the editor to publish what was good for the la grippe, February being considered the worst month for that disease. The editor consulted a physician, who gave him the following and which he published: Quinine and whiskey; coal oil and whiskey; mutton suet and whiskey; mustard bath and whiskey; hops and whiskey, and just plain whiskey.

A sad death was that of Mrs. Frank Talmadge at Dunsuir Monday morning. The mother of three children, and in a condition where she was about to bring a fourth human being into the world, this oldest daughter of S. A. J. Eckles of this city was in one of the six houses that were overturned in the recent flood at the railroad town in Siskiyou county. The shock to the prospective mother resulted in the death of the unborn child and as a consequence Mrs. Talmadge was taken in by the great reaper, Death.—Redding Searchlight.

It is very likely that County Road master W. R. Heryford will have something else to do besides "watching the road supervisors to see that they do their duties." We believe the new law is a wise one, as a head of the road department of a county will doubtless prove a great benefit in the way of road improvement, and will prove a money saving proposition in the end, besides giving better results in road work. We also believe that the Roadmaster for Lake county has a good idea of the work and the duties reposed in him, and that he will do his duty faithfully. The position of County Roadmaster is no local "grat," as some people profess to believe and which they would like to have the public believe. By reference to section 2, page 105, General Laws of Oregon, it will be seen that the County Court must appoint a County Roadmaster.
