

**LOCAL PICK-UPS.**

Following were the guests from out of town at the Oregon Hotel during the week: Geo. W. Noble, John Noble, James McCreary and Geo. Nelson, West Side; Sumner Fosket, Coleman Valley; W. D. Tracy, Drews Valley; Tom Anders Crooked Creek; E. W. Follett, New Pine Creek; H. A. Brattain and Chester L. Withers, Paisley; Joe Ambrose and Frank Sylvia, Desert; C. W. Thurston and Chas. Thurston, Valley.

W. A. Masengill and E. M. Brattain left on Tuesday morning for Roseburg and Portland to attend as delegates from Lake county the First District Congressional Convention and the Republican State Convention on April 1 and 2, respectively. The gentlemen also bear with them the proxies of John Scott of Paisley and E. W. Follett of New Pine Creek, who were elected delegates to those conventions. The delegation is unpledged.

On the register at Hotel Lakeview this week appears, "Mr. Talbot, MISSOURI." The "boss" editor met the gentleman during his brief sojourn, and found in him a facsimile of "Lord Talbot" and "Dick Sweater" of England and Kentucky. Mr. Talbot of Missouri is in the hat business—any kind of hats—but principally in the hats made by Trede, in San Francisco, New York, London, Paris and Missouri. Is Mr. Talbot "warm"? Well, some.

Mrs. Al Farrow of Paisley, accompanied her husband to Lakeview last Saturday, and while here ordered from Mr. Wright of the Southern Oregon Marble Co. of Ashland, a beautiful monument, to be placed over the grave of her daughter, the late Mrs. John Hammond. The monument will be paid for by the Grand Circle, Women of Woodcraft, and will mark the grave of the late deceased member of that order, in the cemetery at Eugene.

The aged Indian woman, who was reported last week to be ill with smallpox at Deadman, died last Sunday night, and before morning the Indians set fire to the house in which she died. Judge Tonningsen was notified and ordered a plain box made in which to deposit the remains, and give the poor unfortunate a decent burial. No other cases are reported among the Indians. The quarantine is still on, and no redman has dared to cross the "dead-line" for fear of getting shot.

**Coming Entertainments.**

Messrs. Phelps and Holmes will assist local talent in presenting "Captain Rackett" and "A Mock Trial" in Lakeview, on Monday and Tuesday, April 7 and 8. An excellent program will be rendered consisting of solos, duets and quartettes between acts. Both plays are full of fun, and our people will have an opportunity to witness the funniest stage business that was probably ever given in Lakeview. "Captain Rackett," will be given on Monday evening, April 7, and "A Mock Trial" on the following evening.

The Examiner believes with the executive committee of the Oregon Press Association that the number of articles (or State Laws) required by law to be published in the press of the state is not nearly sufficient to give the average citizen an opportunity to become familiar with the new laws as they are made. Here in Oregon only one-seventh as many articles are required published as are published in newspapers of Missouri. New York has about five times as many as Oregon. New York also requires the publication of the laws passed by the legislature, and allows legal rates for the same. The publication of these laws puts them in the hands of every individual in the State. The Oregon Press Association executive committee says that an examination of the statutes of the territories will show that Oregon is far behind in the number of articles required published, and that Oregon newspapers receive less for their work than do those in the territories.

**TONOPAH A GREAT CAMP.**

Tonopah, Nevada, March 14, 1902, (To the Editor):—Tonopah is the best town on the coast and 20,000 people are expected here by the first of July. They may not stay, but I believe there will be many arrivals at Tonopah this season. I am interested in two of the best gambling houses here, also one at Hawthorne, this state. I am also interested in several claims within 1 1/2 miles of the camp and have interests at Silver Peak. There are great business opportunities here, but of course a mining camp is a gamble from start to finish, for any day it is liable to "peter" out. The Tonopah mines are great, however, and it looks like this would be a lasting thing. The pay chute on the Mizpah ledge averages about four feet in width and the ore goes \$200 per ton on the average. Many places on this ledge assay up into the thousands, and with depth the ledges grow stronger and richer. From all indications Tonopah will be a town for years to come.

**TIMBER BUYERS ARRIVE.**

A dispatch from Klamath Falls, under date of March 14, says that timber buyers have commenced arriving to secure tracts of choice Klamath County pine before the Spring rush begins. H. H. Smith, capitalist of Wisconsin, and C. A. Simons, cruiser of Ashland, Or., were here the first of the week and secured a number of options. G. W. Johnson and C. F. Latimer, capitalists of Wisconsin, arrived Tuesday to inspect timber with a view of buying. Another Wisconsin capitalist is now looking at a 4000-acre tract near here with the idea of purchasing it.

A number seeking investments in agricultural lands have already reached here and the largest influx of new settlers ever known in a single year is expected within the next few months. Railroad building, assurance of increased irrigation and the natural resources and advantages are the inducements attracting homeseekers and investors.

**Duel With Winchesters at Purdy.**

On March 16th, at Purdy Station, on the Nevada, California & Oregon Railway, a duel to the death with Winchesters at eight feet distant, was fought between Reese Evans and A. A. Smith. The quarrel was over a strip of land worth hardly more than the ammunition expended. The duel took place near Smith's cabin. Smith, who is a well known character, was shot twice through the stomach and his arm was shattered. He lived only long enough to empty the contents of his gun into Evans, who died a few hours afterwards.

Woman Suffrage has been voted down for the time being in Iowa. By a vote of 56 to 38 the legislature recommended that the matter be indefinitely postponed. But this question will not down. There are too many brilliant women in the country to allow the agitation to die out. These women are as persistent as their cause is righteous. There is a growing sentiment in favor of Woman Suffrage all over the Union, but like all radical measures it is necessarily slow. In Oregon the cause has some brilliant leaders and they are active—they know no such word as Fail. Even in Lake County the sentiment is strong in favor. At the last election the vote in this county was a tie, and it is safe to say that when the question again appears upon the ballot it will carry in this county. The sentiment is growing stronger for many reasons, chief among them because there are so many woman who are better qualified to cast an intelligent ballot for the betterment of humanity and the nation at large than many men who are allowed the franchise—just because they are of the male sex, "twenty-one years of age and free born"—and not because they have the intelligence, patriotism and a desire for good government. Another reason why those in favor of Woman Suffrage believe the franchise should be granted is because it is an honest principle of honest men that those who pay taxes to keep up the government of county and state should have a voice in the government of a great nation—and state and county. There are many women in the country who pay individual taxes.

**Strikes A Rich Find.**

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H., "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction Guaranteed by Lee Beall.
