All good Republicans should stand simulder to shoulder in the political contrest now on, and vote for the success and supremany of their party. No good Republican in Lake county will consider social and personal friendship paramount to party fealty. Vote and work for every nominee of the party and you will be toing your duty. Pay no attention to false promises of opposing politicians. The Republicans of Lake counmy are not compelled to do this for they are clearly in the majority. If there is a Democrat elected on the ticket in Lake this year, he will owe his good fortune to Republican voters. We shall see on election day whether or not the Republicans of Lake county are true to

May 20th, 1902, is the new date fixed for turning over the island of Cuba to its people. This date will be a memorable one in Cuban history, for it will not only mark the acquisition of full independence, but will be the Cuban inauguration day. President Palma will be inaugurated on the same day that American control of the island ceases. The entire United States contingent, civil and military, will be moved from the island, not even leaving a corporals guard of United States soldiers in any of the camps—mless the Cubans themselves request that the departure of the United States topos be delayed for a time.
