

## CLARK BACKS THE EUREKA AND EASTERN LINE

People Advised to Invest in Land Along the Proposed Route--A Letter to a Redding Man.

From the Weiser end of the projected Eureka and Eastern Railroad comes news of field operations along the line and the startling information that the engineers who are perfecting lines are under the direction of no less a personage than Senator W. A. Clark, the mining king of Montana and one of the richest men in the world, who has recently taken to dabbling in railroads, says the Redding Free Press.

The news came in a letter to A. L. Chipman from a friend in Idaho near Weiser who advises him to invest in certain real estate to the full extent of his purse because the Eureka and Eastern will be built and the land will become very valuable.

The writer states that Lord Thurlow and George H. Proctor are known in the deal there only by reputation and that the man who is known to be putting money into surveys which are now being made, is Senator Clark. It appears that Hill is building from the Great Northern to connect with the Oregon Shortline which runs out from Weiser. Building this gap to afford trans-continental connection may be the principal part he is to play in the Eureka and Eastern.

It is a notorious fact that Senator Clark wants to build a new railroad to the coast. Recently he talked of an electric line from Ogden to Sacramento. This is hardly practical and it may be only a blind to cloak a real purpose of backing the Eureka and Eastern. It is pleasant to hope so.

### Fred Moore Company Coming.

All our townspeople, and many from outside places in Lake county, will remember Fred Moore and his accomplished wife Pearl Ethier Moore, who were here for one week last summer with the Rudewin Theatrical company. Mr. and Mrs. Moore played leading parts with Rudewin, and were very much admired in Lakeview. They have often wished to revisit Lakeview and now have the opportunity to do so, bringing with them their own talented company of players. The Moore Company is said to be the best that ever went into the interior on the Pacific coast, and our people will have an opportunity to see them for an entire week, beginning Thursday evening, April 10th. Full particulars, and the repertoire will be announced next week.

Several of the Indians held at Deadman under quarantine made their escape Tuesday morning. Ralph Day was sent in pursuit, but they may be able to scatter the germs of the disease throughout Warner Valley before they are taken. It is believed they went to Warner. This is a fine piece of business! It is damnable, and somebody is responsible!

## JOHNNIE WITHERS DIES SUDDENLY.

Well Known Paisley Man a Victim of the Dreaded Smallpox.

News flashed over the telephone wire from Paisley last Thursday that John Withers, one of the oldest residents of Lake county, had died early that morning, very suddenly. Mr. Withers was brought from his Summer Lake ranch to Paisley a few days before so as to be near his physician. The nature of his ailment baffled the attending physician, and it was only discovered, after many friends had called to see the patient, that the disease from which he suffered was smallpox in its worst form. No marks that would indicate that disease made their appearance, though it is said the pustules broke out inwardly which made the disease more virulent. It is feared that many who were exposed to the disease in calling on the sick man may contract it.

"Johnnie" Withers, as he was familiarly known, was one of Lake county's best citizens, and was prospering in the stock business. He was well known throughout the county as an upright man and he had many friends. His friends in Lakeview were shocked when they learned of his death from smallpox. Deceased leaves a wife, and two sons, Chester and Wayman, who are in business at Paisley.

### Fred Moore's Theatrical Company.

Fred Moore arrived here last Friday on his return from San Francisco with four dramatic performers who have joined his company. They are: Miss Birdie Diamond and Messrs. Maurice Hyde, Roy Stoddard and Senor Carlos Ricardo. They were met at Ager by H. P. Galarneau. Maurice Ethier, brother of Mrs. Fred Moore, arrived Monday to join the company in the capacity of advance agent. Ricardo is a Filipino and is a musician of rare skill. The other additions to the company are dramatic artists of a high order. Altogether Mr. and Mrs. Moore have a strong company, which also includes Mr. and Mrs. Galarneau of this place, and their many friends here wish them the good luck and success which their efforts deserve. They have surrounded themselves with people who are ladies and gentlemen as well as skilled artists, and will endeavor to win respect and patronage by genuine merit. Their initial entertainments will be given here and the people of Klamath Falls and vicinity should give them a big send-off in the shape of a packed house on every night of their engagement.—Klamath Republican.

### Jack Mulkey Goes to Arizona.

Luke Mulkey of Davis Creek informs the Alturas Plaindealer that his son A. J. Mulkey, now in Napa county for his health, has grown suddenly worse, and his physicians have advised him to go to Arizona without delay. A young man from Davis Creek has gone to accompany him and assist in his care. Jack Mulkey's many friends in Lake county will regret to learn of his alarming physical condition, and all hope that he will be restored to health in Arizona's dry climate.
