

ASHLAND WILL HELLO TO LAKEVIEW

Mr. Gates of the Midway Telephone and Telegraph Company Talks of Rush of People to Oregon.

H. N. Gates, of Hillsboro, who is interested in six electric lighting plants in Oregon, has just returned from Ashland, after completing arrangements for bringing Klamath and Lake counties into telephone connection with Western Oregon. Mr. Gates is president of the Midway Telephone & Telegraph Company, whose headquarters are in Portland, and says poles are already being erected east of Ashland toward Klamath Falls. Lakeview and Silver Lake will be brought into the system, which will require the stringing of nearly 300 miles of wire.

"Lighting plants do not pay very well just now," Mr. Gates said at the Perkins yesterday, "because the towns in which I am operating are filling up with people and we are obliged to extend our service at great expense. Heavier machinery is needed at all points, in order to keep pace with the growth of population, so we do not expect to declare dividends until we have met the extra requirements. My, how the state of Oregon is filling up! Every portion I have visited gives evidence of rapid growth in population. The boom is already here."—Portland Telegram.

"A neighbor ran in with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when my son was suffering with severe cramps and was given up as beyond hope by my regular physician, who stands high in his profession. After administering three doses of it, my son regained consciousness and recovered entirely within twenty-four hours," says Mrs. Mary Haller, of Mt. Crawford, Va. This remedy is for sale by Lee Beall.

"Bud" is All Right.

Excitement is at a high pitch in Paisley last Col. Bud Currier has been kidnapped or snatched. Bud is one of our substantial boys and we are reluctant to let his disappearance pass by us. Observed. We hold Lakeview responsible for his safe return. He went quietly to that town some three weeks ago and his friends here are beginning to wonder what has become of him. Come! home!! Bud!!!—Paisley Post.

By this time Paisley has once more claimed her own. "Col. Bud," attended the Democratic convention as a delegate, and only sojourned here to await that auspicious event. In order that time might not hang heavily on his hands, after the grand round of receptions tendered him by Lakeview friends, he started a revival meeting which resulted in saving many—souls. "Col. Bud" is billed to preach in Paisley next Sunday. Sabbath school immediately after the morning service. The Post editor should attend.

WOOL GROWERS, ATTENTION!

We have the very best facilities for handling, storing and marketing your wool. Just having completed a \$15,000 fire-proof brick building in this city conclusively proves that we are in the business to stay.

It has been proven, beyond the shadow of a doubt that, where large quantities of wool are offered, better prices are obtainable. This was demonstrated last season by the Baldwin Land and Cattle Company of Hay Creek, Oregon, and by other concerns in various sections.

We have three quarters of a million pounds of wool now pledged us and upon the accumulation of 250,000 pounds or more, we will have well advertised sales. This will bring purchases to this market who have never been in this field before, thereby through competitive bidding getting better prices for wool than could possibly be gotten otherwise. We will make advances on wools up to 3-4 of its marked value, thus putting you on a good financial footing without lessening your chances of receiving highest prices.

Don't ship your wool to San Francisco, or sell to "one man" purchasers, and be at the mercy of a few speculators; but consign to us and let the wool be sold on its merits.

We especially invite the wool growers to an inspection of our plant. Give us a trial shipment and be convinced of our assertions.

A HORRIBLE EXPERIENCE.

Tatterdom Raggs approached the house and rang the bell. He then stood arranging his features into a look of unfathomable woe. A woman opened the door and regarded the wanderer with eyes full of sympathetic tears, which the mere sight of him provoked. She wore corkscrew curls and wrinkles.

"Kind lady," quavered Raggs, "you behold one who has no friends, no home, nothing to eat, no one to love him—"

The ancient female lifted up her voice in a long howl of sympathy and cast herself into the arms of the disheveled Tatterdom, wreathed her skinny arms about his neck and rained rivulets of tears down his collar. "You poor dear man," she sobbed, "I—" "Lemme go!" gurgled Raggs. "Go away, kind lady—"

"This is sudden!" and with another hysterical whoop the affected female fainted and overwhelmed the wanderer with avoirdupoise and terror. "You've murdered me!" shrieked Tatterdom. "Go down de line an squeeze me partner if ye must constrict suthin!" Begave a frenzied wrench, broke free and ungallantly dropping his enamored wooer upon the ground, sailed flappingly over the front gate and fled down the lane.

"How did de scheme work, Tai?" asked Tinley Canne. "Alas, Tinley!" panted Raggs. "I ask for bread an I gets love an affection! I seek sympathy an I reaps a breach o' promise suit. Tinley, dis is no epoch for us. We hits de dames for a poke-out an dey hans forth a marriage license."

And they wandered on looking for another scheme.

Good For Rheumatism.

Last fall I was taken with a very severe attack of muscular rheumatism which caused me great pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jerseyman. After two applications of this Remedy I was much better, and after using one bottle, was completely cured. —SALLIE HARRIS, Salem, N. J. For sale by Lee Beall, druggist.

C. B. Watson Has a Chance

Ex-District Attorney C. B. Watson has been spoken of frequently in Jackson county in connection with the nomination of State Senator. Town Talk, an Ashland paper, says that it is thought there is close relation of Watson and Merritt as to this office, and in certain contingencies Mr. Watson might be centered upon as the leader of the opposition to E. V. Carter should Henry Kubli drop behind in the race. Mr. Watson is a ready speaker, the best talker the Republicans have in the county, probably. He was "knifed" extensively in the last election; it is suspected that he is now in a humor to seek some satisfaction and that he is not lacking in perception of the means by which it might be gained.

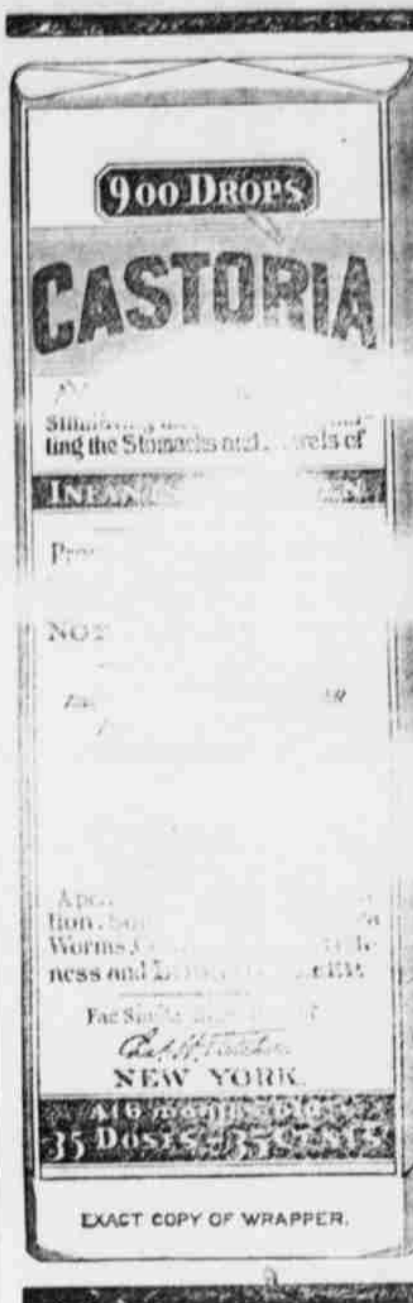

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucus surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Johnson's Five Legged Calf.

T. W. Johnston was in town Saturday. Mr. Johnson is a farmer of this valley and raises cattle. On Saturday, March 15, one of his cows brought a calf that is a genuine phenomenon; the calf is well developed every way and is strong and well and has five legs. On the inside of the left hind leg at the knee a fifth leg appears under the skin, following down the hind leg to the ankle under the skin, where it comes out and a well formed foot makes its appearance, nearly touching the ground. It is a heifer calf and was well and hearty up to last reports.—Post.
