Blair should receive the encouragement and vote of every man who believes that the wealthy should pay their just proportions of taxes as well as the poor. Mr. Blair will certainly be elected this time by a larger majority than any candidate ever received for that office in Lake County.

J. M. Martin, the Republican County Commissioner from Silver Lake, is only serving an appointed term, has made a faithful public servant, and is deserving of election. His opponent, William C. Currier, is an excellent gentleman also, but the nomination was not sought after by him, and he repeatedly informed his friends that he was not an aspirant for political honors. Mr. Martin is an out and out candidate for the office and having served in that capacity is familiar with the duties of the position, the wants of the people and the needs of the county. Mr. Martin has never asked for an election to office before, and when appointed to fill Mr. Gilfry's place was not seeking the position, but was put forward by his friends. It is nothing more than right and just that he should be complimented by an election, as his official record is clean and his qualifications for the position are unquestioned. Mr. Martin should receive the full strength of his party vote.

Former Congressman W. R. Ellis of Pendleton says that Umatilla county will give Mr. Furnish all the way from 500 to 1800 majority. The Chamberlain enthusiasm in other parts of the state appears to be in the nature of a personal tribute, merely because he is a "good fellow," says Mr. Ellis. "I know Mr. Furnish," says Ellis, "and have known him for a long time. He is a good, clean man and commands the entire respect of the people of Eastern Oregon who know him."

County Commissioner J. M. Martin arrived from Silver Lake last Tuesday to attend a regular session of the County Court. Mr. Martin speaks highly of Mr. Currier, who is opposing him for election to the office of County Commissioner, but says he is doing his best to defeat him fairly and squarely, and his prospects are good.

President Roosevelt, on April 29th, signed the Chinese exclusion bill. The pen with which it was signed was given to Representative Kahn of California who will present it to the Golden Gate Park commissioners of San Francisco.

Musgrave's Hot Springs Resort.
Mark Musgrave has taken charge of the Hot Springs property and is turning it into a fine bathing resort as fast as possible. He has made some excellent improvements already and is busy making others. He has planted shade and ornamental trees for a small park and has sown blue grass for a lawn. Soon he will have a delightful resort at which to pass a few hours during the warm days and evenings. This will be a new attraction for Lakeview and will prove a success. Mr. Musgrave is enterprising and will spare no pains to make the Hot Springs a place of pleasure. The two bath houses are being arranged for public convenience, the dressing rooms are carpeted, and the waters in the baths are kept at one temperature, conducive to both, health and pleasure. It is genuine pleasure to bathe there now, and many ladies are taking advantage of the new arrangement of things.

James Taylor, the Sprague River stockman, accompanied by his daughter Beth, arrived in Lakeview last Friday, and returned to their home Sunday. His eldest daughter, Miss Clara, who has been attending the Lakeview public school this winter, returned home with them. Mr. Taylor is the oldest settler in Sprague River valley, having resided there for thirty years. He says that spring is much farther advanced in Klamath than here, and that there is a revival in every line of industry. Canal work is progressing in various sections of Klamath county, and laborers are in demand for ditch work in the Bly section.

Redding had a \$20,000 fire on May 3d. V. C. Snelling, a former Lakeview citizen, lost his barber shop and contents. Loss \$1,600.

Tom Handley returned last Saturday evening from San Francisco where he has resided for the past four months, attending night school in a course of electrical engineering, and doing contract work by day. Tom says he had an enjoyable trip, and that Frisco is a good town to live in.

The young people of the M. E. Church spent a pleasant time Friday evening at the "book social" given by the Ladies Aid of the church. Miss Stella Engle took the first prize, having named the book represented by almost everyone in the house. Some of the characters were really amusing. Mrs. C. A. Knox representing "Crisis" was a good one.

S. W. Young, the stockman of Rock Creek, arrived Saturday night from Oakdale, Cal., where he went a few weeks ago to visit his mother, who was dangerously ill. After his arrival here Mr. Young received a message to the effect that his mother was not expected to live longer than a few hours. He left for Rock Creek on Monday.

Wm. Montgomery (the Immortal) and J. W. Gary are in Lakeview this week from Pueblo Valley, where the bunch grass grows thick and much gold is hidden beneath mother earth. Both gentlemen are in the stock business and are prospering. They are worthy representatives of the Pueblo boys and are making themselves acquainted with Lakeview and her people. They have business before the local land office in the Dennis Ormond homestead contest.

And now the news comes that the cattle barons are before Congress with a new bill providing for the leasing of the public lands. This issue, like Banquo's ghost, will not down. All the wealthy stockmen and corporations of the country are "turning heaven and earth over" to have such a bill passed. The poor man-laborer, rancher and small stock raiser ought to know what this means to him. A leasing bill in any form will be injurious to the people of such sections as Lake county. It is said that "no corporation shall be entitled to a lease" under the new bill. But there is a "joker" in that—leave it to the corporations to get around that provision. It is noticeable that B. Daly and his grinding "hand organ" studiously avoid any reference to the new corporation which he is at the head of in Lake county. It is his ardent desire that a land leasing bill may become a law, for with it he can control thousands of acres of grazing land in this county. Once a land leasing bill is passed such men as he will find means to get hold of all the lands they want. It will be seen, also, that the passage of this bill is urgent. It is proposed to rush it to the front and make an effort to pass it before the Congress adjourns for the term.

John Blair, Republican nominee for County Assessor, will be re-elected by an overwhelming majority, notwithstanding that a number of wealthy men are working against his election. The Examiner does not make this announcement to belittle in any way his opponent Mr. O. L. Stanley, who is recognized as an honorable citizen. But it is a fact nevertheless that the common people are taking up the fight for John Blair because he is disposed to do his duty and to see that the wealthy man pays his just share of taxation. Mr. Blair has made an ideal officer even for a first term, and it is a position in which a man does not become efficient and thorough in one term. The office of Assessor is one that should not be changed too often. Mr. Blair will be better prepared to do efficient work in his second term than he was during his first, because he has familiarized himself with his duties, has a good idea of the values of property, and will know pretty nearly whether or not the citizen is giving in his statement justly.
