Jeffries and Fitzsimmons will battle in Frisco about July 4th

There are no volcanic eruptions in Oregon, but an explosion of some kind is expected on the night of June 2d.

Well, after all, one could scarcely have expected a Gaston and Alphonse sort of a contest for Judge under the circumstances.

The Daly slogan for election day, to be used by his henchmen: "Promise everything! Deny everything! But get votes for me!"

Nebraska Indians buried their chief, No Horse, with a linen duster and a heavy blanket. They were in doubt as to his destination.

It isn't what a man is, but rather what he pretends to be, that makes him ridiculous. That is what makes the Democratic candidate for Judge ridiculous.

W. J. Furnish is the Eastern Oregon candidate for Governor. Let the voters of Eastern Oregon support him. It is the first chance for direct recognition we have ever had.

What the Silver men want to know from candidate B. Daly is, does he endorse the Silver or Gold platform? They can hold their breath for a public statement from the candidate on this question.

You should judge a man's true worth by what he has in his heart rather than by what he has in his pocket. This advice should be considered and turned over in your mind when you vote for County Judge next Monday.

It is generally conceded all over Lake county that J. M. Martin, Republican nominee for County Commissioner, is entitled to an election. Mr. Martin has served a part of one term under appointment, and has made an honest and faithful official. Be sure you mark an X after No. 63.

Probably the Daly organ grinders will discover today that the citizen who went to the county records to learn the Truth about the reduction of county indebtedness and found the actual reduction during Judge Tonningsen's administration to be \$38,635.64, feels perfectly "competent to sign his name to what he declares to be the Truth."

Let those who are in doubt about Daly's taxes go to the county records and see for themselves that the statement of The Examiner is absolutely correct. Facts are stubborn things, and if Daly denies these facts in the last issue of his organ he certainly will be given credit for more nerve and less honesty than any man in the state of Oregon possesses. But, then, he is liable to do it. He is desperate!

SELFISHNESS AND DECEIT!

A prominent Democrat was overheard to say the other day that B. Daly, in his attempt to do dirty politics, has not only insured the defeat of the entire local ticket, but his own defeat as well. Some Democrats will rebuke Daly's treachery at the polls. They do not endorse his political methods which shine with selfishness and deceit. They say he will carry the entire local ticket down to defeat with him. They figure that they had a good show of electing at least two and possibly three of their candidates in anything like a fair campaign, but the contemptible methods being used by Daly for his own aggrandizement has made success in a single instance altogether improbable. This as a matter of fact, is an old Daly trick that might have been expected from the start.

The Daly organ is "highly gratified" because Will R. Heryford had "the manhood and courage to tear himself loose from a corrupt ring of grafters, by resigning the office of road master." This kind regard for Mr. Heryford on the part of the Daly pipe-organ should certainly be salve for injured feelings. It is only a few weeks ago since the same pipe organ was abusing Mr. Heryford bitterly because he accepted the position. The nerve of the Daly blatherskite is refreshing, to say the least. This legal authority on the editorial staff of the organ is becoming the laughing stock of the community. The efforts of poor Oliver were laughed at in times gone by, but he was excused because he knew no better. But Josef, the wise man who came to save Daly in this campaign—is making himself ridiculously foolish. He certainly ought to know that the new law says that the county court shall appoint a roadmaster in each county in the state "SHALL APPOINT!" But, apparently he does not know it. In fact what our legal friend of the Daly pipe-organ does not know would make a very large volume. Mr. Heryford would no doubt have performed his duty faithfully, but gave up the position to accept one more lucrative. He has been succeeded by a man who will earn every dollar of salary the county court allows him. The appointment of Fred H. Snyder is very satisfactory to the people generally.

If B. Daly hasn't given his henchmen orders in every precinct in Lake county to "trade off every other man on the Democratic ticket to insure my election," then one of the stanchest Democrats in Lake county, who "got it straight" from a too talkative member of the Daly seance, is so badly mistaken that he will never forgive himself. This Democrat, like the worm, has turned because he learned of Daly's final orders and his damnable treachery. He declares that he will repudiate Daly at the polls, but is honorable enough and too true a Democrat to vote for his Republican opponent. This Democrat has truly been a long time in getting wise if this is the only instance that has come to his notice of Daly's "damnable treachery." There are honorable men in Lake county today who have been on the same ticket with B. Daly in the past, who will long remember the treachery meted out to them by this same man. B. Daly's honesty in politics is a beautiful memento to hang up before the gaze of his Democratic brethren. The wonder is that he can find tools and slaves who call themselves Democrats to do his treacherous work—to degrade themselves even to a lower plane in politics than their master.

Because the Daly organ wilfully misrepresented the facts and is proved by the County Records a wilful falsifier, is no argument that the statement made by a citizen of Lake county, published in The Examiner—to the effect that during the last three and three-quarters years under the administration of a Republican County Court, the county indebtedness has been reduced in the sum of \$38,635.64—is not a truthful statement. B. Daly and his organ cannot make the people of Lake county believe that the Records of Lake county lie, for they stand in black and white for any man who is interested enough to investigate them to convince himself in ten minutes' time that those who dispute them "handle the Truth very recklessly."

The public will probably be told in the Daly organ this week that the Examiner's statement on the Daly taxes is an "infamous lie," but the county records will substantiate The Examiner's statement. There may also be another weak denial of the Daly whisky traffic, for Temperance votes. There will probably be a denial of The Examiner's statement regarding what Daly told the people about his different stands on the money question. It will probably be a denial all along the line—on the eve of election.
