LAKEVIEW, OREGON, MAY, 29 1902.

GARLANDS AND FLOWERS.

May 30th was the day of garlands and flowers. All over the nation the occasion was observed to a certain extent. In Lakeview there was no general demonstration, but many of our people, singly and in twos and threes, wended their way to the city cemetery—that silent city of the dead, where dead hopes, ambitions, memories and love cluster about the graves of those who have gone before to solve the mysteries of eternity. The people knelt at the graves of their loved ones and sprinkled them afresh with tears, and adorned them with nature's sweetest gifts—flowers and garlands. At each succeeding year, Memorial Day takes a stronger hold on the hearts of the people. At first, May Thirty was set aside by a grateful nation as a day to bestrew the graves of its defenders with beautiful thoughts and flowers, but so universally has it come to be observed that not only the veterans of the two great wars are remembered but the boys who followed the flag to Cuba and the Philippines and fell as heroes on the battle field in brake and bramble, are remembered with deep gratitude. And "at every fireside there is some vacant chair—at nearly every mother's bedside there is a little vacant crib. On Memorial Day nearly every heart in this land of freedom bleeds afresh the moisture of better thought, better deeds and a better life pledged anew at the grave of a loved one. The Western Continent stands uncovered and bows with submission to one Great Ruler, while a nation mourns at the grave of its heroic and lamented dead." Memorial Day is one of purer thought and beautiful sentiment. Let it live while the world lasts to inspire a God-fearing people to better deeds and holier purposes.

Chas. C. Calkins, a widely known California newspaper man, formerly editor of the Etna Reporter and Siskiyou News, and lately interested in the publication of the Pacific Coast Miner in San Francisco, died of pneumonia at Lovelock, Nevada, May 27th. His fatal illness was contracted while visiting the Nevada Mining fields for his paper. He will be remembered by many in Lakeview as the man who took pictures of several places in our town and gave a special write-up of this section in the Pacific Coast Miner about a year ago.

Well, the alleged Republican "ring" is supposed to have been broken up last Monday, but if there ever was such a combination in existence it will prove to have been infinitesimally small by the side of the ring that will be formed around the court house and bank by Judge Daly and his intimate friends. No combination could ever be built up in this county to compare with the ring that is known to be in existence, and whose power was perpetuated by the votes of the Republicans last Monday.

Now that the election is a thing of the past let us get down to business again, smooth over the ruffled spots and unite in one great effort for the welfare of Lake County. These little "unpleasant events" are bound to come around every couple of years and—somebody must go under. Let us give the hand of good fellowship to the victors, remembering that we were once the victors ourselves.

The Republicans (?) of Lake county did make a horrible butchery of their nominees in order to elect a Democratic Judge. And the Democrats, obeying orders, did the proper thing with their nominee for sheriff in order to insure the election of the Judge.

Thos. H. Tongue has been re-elected to Congress by a big majority. J. N. Williamson is also elected to Congress from the Second district by a good majority. The entire state ticket, excepting Governor, is Republican by a safe majority.

It was a Democratic land slide in Lake county, and the Republicans of Oregon have given notice by their ballots that this state believes the flag should be hauled down in the Philippines.

LETTER OF ADVICE.

A son of Erin appeared at the money-order window of a postoffice and said that he wanted to "sind some money to ould Ireland."

"Fill out this form," said the clerk, handing the applicant one of the forms used on such occasions.

"An' phwat is that 755 asked Jerry. 'It's a form that every applicant for a money order must fill out—a kind of letter of advice regarding the money order.'"

"An' phwat has a letter of advice got to do wid me sindin' 50 shillings to me ould mother?"

"A letter of advice to the postmaster where the money is to be paid must always go with a money order."

Jerry went away from the window, grumbling and mystified.

After half an hour of painful effort at a high desk provided for the public at one end of the room, Jerry returned to the window and handed in this "letter of advice" to the postmaster at Ballycarney:

"Dear Moike: Oi'm tould Oi must give yez a bit av advice before you'll be able to pay me ould mother the 50 shillings Oi'm sindin' along with this. So Moike, Oi would advise yez to come to Ameriky and get a job kaping postoffice, for it's illigant postoffices they has here, an' Oi've no doubt the pay is tin toimes what it is wid you, and any fool can do the work. So now be sure an' pay me ould mother the £2 10, for Oi've done as the law says, and sint yez a letter of advice."

Mishap on the Mountain.

When Circuit Court adjourned last week, Judge Benson, and attorneys Raker, Hammond and Rutenic left for Silver Lake where they went to inspect the water and ditches that have been the cause of so much litigation in our courts. On their return they had a mishap on the mountain, Monday night, which caused them to "lay out" by the side of a big fire. Judge Benson says they had only a jack-knife as a weapon to use against any possible onslaught of wild beasts, but Rutenic says there was a "gun" in the crowd. Raker kept guard while the others dreamed, but he says he might just as well have enjoyed a good night's rest, for no ferocious beast would come within a mile of camp while Hammond snored. The party arrived here early in the morning, after patching up the damaged vehicle, and the Judge called court after luncheon.

A May Day edition of the Cottonwood (Cal.) Herald has reached The Examiner table, and we must give the wide-awake editor of that sprightly little "twice-a-week" a hearty shake on his enterprise. The edition is replete with the history of Cottonwood's resources, and gives a hint of the future greatness of that section. It is a half-tone illustrated paper that reflects credit on the publisher, Mr. Garwood, as well as Cottonwood's live business men.

SOUND AS A DOLLAR

That is the result of a course of treatment with Scott's Emulsion. We have special reference to persons with weak lungs and sensitive throats.

Scott's Emulsion does some things better than others. This is one of them. It has a peculiar action on the throat and lungs which gives them strength and makes them tough.

That's how Scott's Emulsion drives out coughs, colds and bronchitis. It keeps them out, too.

We'll send you a little to try, if you like.
—F. BOWNE, 409 Pearl street, New York.
