NOAH'S ARK IN ALASKA.

The Yukon Indians in Alaska are confident they have found Noah's Ark. W. A. Reid, secretary of the Skagway Young Men's Christian Association, has returned to Tacoma from the interior of Alaska, where he talked with Indians, whose earnest statements he believes fully confirm previous reports that the Indians on the lower Yukon have discovered an immense petrified ship on Porcupine river, near the Arctic circle and north of Rampart, Alaska.

The Indians said that everything connected with the boat was petrified. Among the things found inside of it was a large safe of chest. Thinking there might be something within this, they rolled it out of the ship and down the mountain side, using levers and skids for the purpose. They thought it might break open, but in this they were disappointed. While the chest was hollow, it remained intact. The Indians finally became convinced that the whole contrivance was something connected with the holy spirit, so they left it, but promised to pilot others to the spot at any time.

Reid intends to return to the interior of Alaska this summer, in which event he will take some Indians and also request army officers to detail soldiers to accompany his expedition. The ship is located near the top of a hill, thousands of feet above sea level.

Every newspaper measures up in its memory the names of its friends and likewise those of its enemies. It seldom overlooks an opportunity to assist the former, but it never goes out of the way to help the latter. Human nature is pretty much the same everywhere. People who show the newspaper man a kindness never made a better investment, one that pays a hundred fold sooner or later. As it has been truly said, there comes a time in every man's life when he needs his home paper and needs it bad.

In Jersey City, Mrs. Corder wanted her husband arrested, claiming that he is a woman. She had been married two months, but said nothing, fearing the disgrace. Corder denies that he is a woman, and says that his wife told the story because of jealousy. He admits that he had a woman's apparel in his trunk and that he confessed to his wife that he formerly dressed as a woman because he found it much easier to get woman's work to do. The police believe that the wife's story is true.

"Prosperity is The Issue" is the title of the great speech of United States Senator Jacob H. Gallinger of New Hampshire, recently delivered in the Senate at Washington. This speech has been issued in document form by the American Protective Tariff League. Send postal card request for free copy. Ask for document No 75. Address, W. F. Wakeman, General Secretary, 135 West 23rd Street, New York.

E. G. Graham and wife of Spokane refused to employ or accept skilled medical assistance when their four children had diphtheria. Three of the children died. The parents belong to the society known as the "Church of God", and do not believe in medicine, but do believe in prayers over the sick. Now they wish they didn't. They are in jail.

Mrs. Jennie Jenkins of Olympia, Washington, has just concluded a fast of forty days. She weighed 300 before the fast and has lost fifty pounds. Upon the advice of her physician she refused to eat. Jennie was so fat that the skin cracked on her legs.

Stomachs on Stilts.

The man who puts on stilts does not increase his actual stature by the breadth of a hair. He feels taller while he's on the stilts, and when he's off then he feels shorter than he ever felt. Stimulants are the stilts of the stomach. They make a man feel better for the time being, but he feels a great deal worse for them afterward.

The need of the man whose stomach is "weak" is not stimulation but strength. Dr. Pierce's Golden Medical Discovery perfectly answers that need. It cures the diseases of the digestive and nutritive system which make the stomach "weak." It enables the digestion and assimilation of food, so that the body receives the nutrition on which depends its strength.

"I took two bottles of Dr. Pierce's Golden Medical Discovery for stomach trouble," writes Clarence Casper, Taylorstown, Loudoun Co., Va. "It did me so much good that I didn't take any more. I have done better ever since. I am so well pleased with it I hardly know how to thank you for your kind information. I tried a whole lot of things before I wrote to you, but nothing did me any good. I thought I would try a bottle of it. Am now glad that I did, for I did not know what I should have done had I not been for Dr. Pierce's Golden Medical Discovery."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

The sluggish liver is made active by the use of Dr. Pierce's Pleasant Pellets.
