LAKEVIEW, OREGON, AUGUST 21, 1902.

Went the Pace.

Charlie Fair and his wife were killed instantly in France last Friday by being thrown from their automobile while going at 72 miles an hour. The auto ran into a tree on the roadside, and when picked up, Mr. and Mrs. Fair were dead. Charlie Fair was the only surviving son of James D. Fair, the millionaire, who founded his fortune on the Comstock in Nevada. The son who met such a tragic death, leaves an estate worth ten millions of dollars. From the lower walks of life, Charlie Fair took a wife when the world turned a cold shoulder to him. She picked him up from the gutter and made a man of him. They were both good people, but it is lamentable that the wife could not have survived to enjoy her wealth. Already the two millionaire sisters have entered a claim for the estate that should go to Mrs. Charlie Fair's poor relatives.

Ole Oleson Badly Injured.

An accident that is thus far one of mystery occurred last Sunday in Drews Valley. Ole Oleson, wife and daughter are late arrivals from the East, and have been stopping at New Pine Creek with the Converse family, who are old friends. Last Sunday Mr. Oleson was driving through Drews Valley when, presumably, his horses ran away. In some way he got beneath the wagon, and when found was badly injured. A physician was called to attend the unfortunate man at the scene of the accident, and he was removed to Lakeview and is now at the Oregon Hotel. It is said that both hips are crushed, and it is impossible jury will prove better.

Billy Rhodes, who worked on the ZX ranch and recently on the Myers place near Paisley, went to Musgrave's hot springs resort in a carriage on July 25th. He could not walk, being sorely afflicted with rheumatism, which he has been troubled with for ten years. He took the tub and steam baths for eight days and then walked away a well man. This, Mr. Rhodes will certify to. 31-2t

Gene Ede Buys Hotel.

Last Monday a deal was closed between J. L. Cannon, the New Pine Creek hotel man, and Eugene Ede of Lakeview, whereby the Cannon hotel property, stable and lots passed into the possession of Mr. Ede upon the payment of \$2500. The new proprietor will take possession on Oct. 1st. The property is a good one and Mr. Ede has certainly made a wise investment.

Fresh Pasture.

I have leased the Reid field and the race track enclosure and will, in a few days have an abundance of fresh pasture. The feed will be excellent.
W. M. HARVEY.

Rev. J. B. Stark, Methodist minister from Paisley, occupied the pulpit in the Lakeview church last Sunday morning and evening. Mr. Stark highly entertained his audience on both occasions and delivered able sermons. He is a talented young man and ought to do some excellent religious work in "rattling the dry bones" of the Chewaucan sinners. Rev. Smythe of the Lakeview charge occupied the pulpit at Paisley on the same date, and is said to have pleased the people there with an able address.

S. N. Guilliams and daughter Mrs. Boche, Miss Lottie Boche and Miss Nell Bauers left this morning for the railroad. Miss Lottie will go to Monmouth to enter the State Normal School and Miss Nell Bauers will go to Jacksonville to enter the Convent school. Mrs. Boche will see the girls safely to their destination, and then, with her father, will visit friends at various points for a month before returning home.

The Palace (George & Fent's place) is becoming the smokers' emporium. The excellent brands of cigars carried there are the "Belmont," the "Robert Mantel," and a new cigar made for the exclusive trade of the Palace, the "Key West Quartett." This is an extra fine article.

"SID'S" KLAMATH BUDGET.

Engineers began work last Monday locating the route of the Merrill Mutual Canal Company's irrigating canal. President Merrill, of the company, is overseeing the work. He says the labor of "moving dirt" will be commenced late this fall or early next spring.

The marriage of Mr. J. F. Adams to Miss Martha Carlwell took place at Merrill, Sunday, August 10, 1902. The bride was a teacher in the Klamath Falls school last winter and has a host of friends. Mr. Adams is a leading stockman and is widely known as a man of integrity and honor. Their many friends wish them a prosperous and happy wedded life.

The Klamath Lake railroad, building from Klamath this way, is finished for a distance of twelve miles, and graded four miles farther, to the plateau above Shovel creek, which brings it to a point where heavy grading will no longer be necessary. About 350 men are employed in the work.

While riding a fractions horse last week near Bly, County Clerk Driscoll met with quite a severe accident. His horse threw him, breaking three of Driscoll's ribs. The animal shied at a band of sheep near the "Bad Lands." Even Klamath horses become unmanageable when they see Lake County sheep.

SID.

Not Over-Wise.

There is an old allegorical picture of a girl scared at a grasshopper, but in the act of heedlessly treading on a snake. This is paralleled to the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by Lee Beall, Druggist.

The Story Discredited.

Word was sent to Malloy & Tucker by their herder, Wm. Stanley, yesterday morning, that he (Stanley) refused to cross the line into Klamath county with their sheep, as he was told that a herder had been killed by some of the cattlemen in the "Bad Lands". The letter stated that if Klamath county had been driven into them in himself. The report of the killing is discredited here. It is not thought that the cattlemen of Klamath will resort to such tactics. And, while referring to these cattlemen, we might mention the fact that The Examiner is informed, reliably too, that the best citizens of the district, who are in the cattle business, are not in accord with the movement against the sheepmen of Lake county, and are not lending any assistance to the men who are said to be making the fight on the range.

Boy Cured of Colic After Physician's Treatment Had Failed.

My boy when four years old was taken with colic and cramps in his stomach. I sent for the doctor and he injected morphine, but the child kept getting worse. I then gave him half a teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and in half an hour he was sleeping and soon recovered.—F. L. WILKINS, Shell Lake, Wis. Mr. Wilkins is book-keeper for the Shell Lake Lumber Co. For sale by Lee Beall, druggist.

Didn't Like Bear Hugging.

Miss Ruth Jackson, formerly of Grants Pass, now living at Baker City, and her friend Miss Angle of Medford, who was visiting her, were heroines in a fight with a bear, while on a hunt in the mountains near Austin, last week. The glory of killing the bear fell upon Miss Jackson, a pretty girl who would rather select her company in a hugging match. Bruin gave evidence that he was out for the game, and upon meeting with two pretty girls concluded to take advantage of an opportunity that seldom appears. He was just smacking his lips over the thought of the sweet and tender morsels he was going to dine on, when Miss Jackson took aim and fired a bullet through his body. Bruin was badly crippled and Miss Angle put him to death with a club.

George and Fent of the Palace have the finest grades of liquors, high class beer and the popular brands of cigars. Besides they have in their reading room all the latest newspapers and periodicals, and in their club room excellent music and the latest Kaleidoscope moving pictures. Drop into the Palace when you are in town and you will be entertained.
