Farmers of Lake County Asked to Co-Operate in Furnishing Data for Irrigation Work.

Special to Lake County Examiner
Washington, D. C. Aug. 12, 1902.
The progress in agriculture in the arid states and territories during the decade ending with 1899 is shown in the report just published by the Division of Agriculture of the Twelfth Census. As this progress is attributable largely to irrigation, the statistics relating thereto are of general interest.

The number of irrigators in the United States in 1899, not including irrigators of rice, was 108,218, an increase in ten years of 99.9 per cent. The area irrigated was 7,339,545 acres, an increase of 107.6 per cent. Of this area, 5,944,412 acres were in crops, and 1,395,133 acres in pasture and unimproved crops. The cost of irrigation systems in operation, exclusive of those on rice plantations, was \$67,770,942, while the value of the irrigated crops was \$86,890,491.

The total length of all the main ditches in the arid and semiarid states and territories was 41,149 miles.

The average number of irrigated acres in farms in arid states and territories was 71; the average value of irrigated land per acre, \$42.53; the average value of crops produced on irrigated land, \$14.81; the average first cost of water, \$7.80; the average annual cost of maintenance, \$0.38. Of the 5,711,965 acres in crops, hay and forage occupied 3,665,654, or 64.2 per cent; cereals, 1,399,709, or 24.5 per cent; vegetables, 168,432, or 2.9 per cent; orchard fruits, 251,289, or 4.4 per cent; other crops, 226,881, or 4.0 per cent. The value of the hay and forage was \$34,834,966; cereals, \$14,328,326; vegetables, \$9,627,491; orchard fruits, \$8,920,409; other crops, including sub-tropical fruits, grapes, flowers, plants, sugar beets, etc., \$16,712,246.

In Oregon the number of irrigators increased from 3,150 in 1899 to 4,636 in 1902. The number of acres irrigated from 177,944 to 388,310, or 118.2 per cent. The ditches in operation in 1899 had a length of 2,283 miles, cost \$1,838,782, and irrigated 388,111 acres. There were 199 acres irrigated from wells. The irrigated area in crops was 290,256 acres, yielding products valued at \$3,062,926. The area irrigated in pasture and unimproved crops was 98,054 acres.

Shortly after sending the irrigation bill to the President, Congress passed a resolution authorizing the Director of the Census to compile statistics relating to irrigation for the crop year of 1902. With the data now assembled, this work will be comparatively simple, most of it being done by correspondence. To secure this information inquiries will soon be sent out to irrigators throughout the United States. The co-operation of those interested in irrigation is earnestly solicited for upon their prompt response will depend very largely the value of these statistics. This is in part a supplementary work, the results of which will be utilized in the work soon to be undertaken by the Department of the Interior under the provisions of the irrigation bill.

WHITE AND RED

Pale blood—pale face—poor health; Scott's Emulsion—red blood—rosy face—good health; that's the order of events.

Our first lines give a condensed history of many cases, chiefly young girls at school. For some reason girls of that age are frequent sufferers from pale blood—a real blood starvation.

Scott's Emulsion, a clear white medicine, makes rich, rosy blood and rosy faces. It is blood food.

We'll send you a little to try, if you like.

Fire at Old Shasta.

A fire started in the old California & Oregon stage barns, in the historic old town of Shasta in the afternoon of August 9th, and the old stables where many noted stage men passed the night in early days, were destroyed. The large Hill Stables and other buildings were burned, and the famous four-story Empire Hotel and the ancient court house were barely saved. Women, with wet sacks, fought the fire side by side with the men, and thus saved the town. Half the ancient cemetery was swept by the fire, which was so hot that marble tombstones crumbled, and the wooden headboards of the pioneers were wiped out. The fire rolled off into the brush-covered hills and was still burning at last accounts.

Astounded The Editor.

Editor S. A. Brown, of Bennettsville, S. C., was once immensely surprised. "Through long suffering from Dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitter which helped her at once, and, after using four bottles, she is entirely well, and can eat anything. It's a grand tonic, and it gently laxative qualities are splendid for torpid liver. For Indigestion, Loss of Appetite, Stomach and Liver troubles it's a positive, guaranteed cure. Only 50c at Lee Beall's Drug Store.

ALL WOMEN

Wine of Cardui is the guardian of a woman's health and happiness from youth to old age. It helps her safely into womanhood. It sustains her during the trials of pregnancy, childbirth and motherhood, making labor easy and preventing flooding and miscarriage. It gently leads her through the dangerous period known as the change of life.

WINE OF CARDUI

cures leucorrhoea, falling of the womb, and menstrual irregularity in every form. It is valuable in every trying period of a woman's life. It reinforces the nervous system, acts directly on the genital organs and is the finest tonic for women known. Ask your druggist for a \$1.00 bottle of Wine of Cardui.

Batesville, Ala., July 11, 1900.
I am using Wine of Cardui and I feel like a different woman again. Several ladies here keep the medicine in their homes all the time. I have three girls and they are using it now.

Sheep Die in Australia.

Advisers from Australia tell of a terrible drought in South Wales and Queensland, which has devastated the sheep ranches. Millions of sheep have died and men formerly considered wealthy have been compelled to seek employment. Samuel McLaughlin, a sheep king of Australia, lost over a million sheep of his herd of one million and a quarter, and other large herders have been equally unfortunate. This will be a reminder to the sheepmen of Lake county—though not of such magnitude—of the opposite, the terrible winter of 1889-90, which has been feared so many times since. Many of our woolgrowers who went to the wall in that memorable time, are again "on top", fortune having favored them.

Dysentery Cured Without the Aid of a Doctor.

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Finner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by Lee Beall, Druggist.

It is estimated that 200 laborers are at work in the Chewaman valley at present.

What a Tale It Tells.

If that mirror of countenances a wretched, swollen complexion, a jaundiced look, moth patches and blotches on the skin, it's liver trouble; but Dr. King's New Life Pills regulate the liver, purify the blood, give clear skin, rosy cheeks, rich complexion. Only 25c at Beall's drug store.

How About Your Heart

Feel your pulse a few minutes. Is it regular? Are you short of breath, after slight exertion as going up stairs, sweeping, walking, etc? Do you have pain in left breast, side or between shoulder blades, choking sensations, fainting or smothering spells, inability to lie on left side? If you have any of these symptoms you certainly have a weak heart, and should immediately take

Dr. Heart Cure

Mr. F. H. Oaks of Jamestown, N. Y., whose general face appears above, says: "Extensive use of Ochsner's Heart Cure cured my heart. I suffered severe pains about the heart, and in the left shoulder and side, while the palpitation would awaken me from my sleep. I had a bottle of Dr. Heart Cure and soon found permanent relief."

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N. Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.
