GIVE "LYNCHERS" A REST.

The San Francisco papers are once more pouring hot shot into the lynchers of Modoc county. Whenever an old cow dies in the Lookout section the city press place the blame upon the Lookout people, alleging that she was either shot to death or poisoned. Ed Kennedy's death was attributed to the lynchers, but it is likely that the assassin was not one of the men who were on trial for lynching Calvin Hall and sons. Now comes another death, by poison, that of Alec Cortright, at Happy Camp, twelve miles from Lookout, and in big sensational articles the San Francisco and Redding papers charge the "Modoc Lynchers" with his death, claiming that poison had been placed in a pot of beans during Cortright's absence from his cabin. It now turns out that Cortright and his two sons were poisoned by eating beans which had been cooked too long and had fermented, with the result that all three men were taken violently ill, and the father died that night.

According to the New Era the men had been riding after stock, and on returning from their ride ate for lunch some beans which had been cooked two or three days before. In a short time all were taken sick, and all remedies were powerless to relieve Alec Cortright, who continued to rapidly grow worse until death relieved his suffering. The two sons, however, were not so badly poisoned, and are now recovering.

It is about time the men accused of lynching in Modoc, and Modoc county as well, were given a rest by the sensational press of San Francisco.

Southern Oregon Normal School.

The Southern Oregon State Normal School is making thorough preparation for the coming year's work. The faculty is composed of strong teachers consecrated to the work, and each department is in the hands of a specialist.

A year's course in Latin and Economics has been added to further prepare teachers for high school work. The training department will be especially strong. A man of splendid education and wide experience will be at the head of this department. Much attention will be given to oratory, and athletics will be made prominent. The citizens of Ashland have guaranteed some \$200 as prizes for excellence in these lines. The City Library of 2000 well selected volumes is thrown open to students of the institution.
